

# ASTHMA

Chronic Bronchitis, Head and Bronchial Colds, Hay Fever  
You may, night after night, have been robbed of sleep and comfort by Asthma—have endured all the agonizing sensations of chest constriction. Nevertheless, if a \$1 box of RAZ-MAH, taken according to directions, does not bring positive relief, your druggist will return your money. RAZ-MAH contains no slightest trace of any dangerous habit-forming drug. No opium, no spray—just swallow two RAZ-MAH Capsules with a hot drink at bedtime.

For booklet and generous trial of RAZ-MAH, send 5c to Templeton's Ltd., Toronto 5.

## for Comfort use RAZ-MAH

Crowds Throng Station to Greet Hockey Players; Presentation of Trophy

NEW GLASGOW, Feb. 25.—New Glasgow's hockey heroes were honored when they arrived on the Sydney train this morning after a sensational overtime victory over Sydney. The old town turned out en masse, and the great throngs cheered wildly as the boys stepped from the train. The band struck up a popular melody and the cheering was deafening. It was a homecoming reception surpassed only when the boys returned from the world war back in 1918.

Parade Streets  
Leaving the station the auto truck carrying the Citizens Band led the way to the Market Square.

on behalf of his team. Councillor Hamilton also mounted the stand and added further congratulations to the boys. During his remarks he spoke of the intense interest that prevailed in the town throughout the progress of the game in Sydney last night and of the feeling of joy that everyone experienced when they achieved their great victory.  
"Nig" Speaks Up  
The square was crowded and at the conclusion of the speech by Captain MacDougall, during which he thanked the Mayor and citizens for the interest they were taking in the team and for the great reception accorded them he said he felt that the team were just getting underway and from their performance of last night they could look for further victory. Concluding Nig called each member of the team forward and introduced them to the gathering. All of the boys received well earned ovations and got a big hand and if there was any partiality shown in their respective ovations, well, the appearance of Paddy Nolan was the cause of it and then after all, you can't wonder at that. Later the team, city fathers, athletic club officials and representatives of the press, posed for The Halifax Herald photographer. The boys leave in the morning for the Crescents in the opening game of the Semi-finals and they will be accompanied by a bunch of loyal rooters.

Ryan will preach at evening service subject, "Spiritual Possibilities." Mr. H. R. Gillis will sing at this service, the anthem being, "Seek ye the Lord." (Roberts) solo parts taken by Mr. P. D. Williams. Students cordially invited to all services.

BRIDE TO BE SHOWERED—Miss Margaret Callaghan was the guest of honor at a jolly miscellaneous shower given last evening in her honor by her fellow workers of the Guardian staff and other friends at the home of Miss Florence Bradley, Great George Street. The gifts were presented to Miss Callaghan by "A Clown" who simply kept the guests in gales of laughter with her comical remarks as she read the verses attached to the numerous gifts of linen, china, pyrex, cut glass, etc., which was then after all, you can't wonder at that. Later the team, city fathers, athletic club officials and representatives of the press, posed for The Halifax Herald photographer. The boys leave in the morning for the Crescents in the opening game of the Semi-finals and they will be accompanied by a bunch of loyal rooters.

K. OF P. DANCE.—The Knights of Pythias of this city celebrated the Sixty-third Anniversary of their order Thursday evening by a very successful Novelty Dance and Bridge, held in Castle Hall and The Casino. There was a very large attendance and under the efficient supervision of the committee in charge with the able assistance of E. M. Dixon, the whole affair was a decided social and financial success. The Chancellor Commander of the Lodge, S. A. McDonald, capably presided over the Bridge function and a large number of players entered into the battle for the honors, which resulted as follows:—First prize, Mrs W. P. Doull; second prize, Mr. A. B. Davidson; consolation (lady), Mrs Herbert Platts; consolation (gentlemen), Mr P. A. Farquharson. After dainty refreshments were served and further enjoyment with dancing, this very enjoyable social event came to a close. The chaparrons for the dance were: Mrs Jack Sterns, Mrs Norman Lowther and Mrs James Brady.

PERSONALS  
Mr. J. J. Enman, Summerside was in the city yesterday.

Master Frank Trainor, the young son of Mr and Mrs J. J. Trainor, has entered the City Hospital for treatment.

the world. The people are patriotic and loyal but the insular character of these communities is the chief difficulty to union. Many men of distinction have come from the Barbadoes. The island of St. Vincent is another beautiful island but a backward colony. English is the language spoken. Grenada the spice growing island should in days to come be important. The capital is St. George's. Old conditions still prevail here and the people are interesting both physically and socially. This was evidently the island which De Foe had in mind when he wrote Robinson Crusoe. It is the birthplace of James Montgomery the poet.

We come next to Trinidad, which said Dr. Coffin, was his adopted home for thirty-seven years and a fairly good railway system. It is one of the leading colonies. There are many things attractive about it. It possesses wonderful resources and has a great future before it. One thing must be said in regard to the island. It has a variety of people. Its geology totally differs from that of the West Indies and it is almost impossible to describe it geologically. It is a conglomerate of geological odds and ends. Its principal exports are sugar, cocoa, asphalt and oil. Rubber and all tropical fruits are also produced. It possesses wonderful possibilities in regard to the fruit industry.

Its principal exports are sugar, cocoa, asphalt and oil. Rubber and all tropical fruits are also produced. It possesses wonderful possibilities in regard to the fruit industry.

When the speaker had finished a vote of thanks was moved by Mr. John Agnew who, in the course of which said it was the most interesting talk he had ever heard on the subject of the West Indies and hoped the day would come when we would have confederation of

A GREAT SNOW REMOVER—The new Ford snow cleaning tractor which was brought here for demonstration purposes, was used yesterday afternoon to clear off the heavy banks of snow and widen the course on the Victoria Park Speedway. The snow was several feet deep, having been packed there by the clearing snow plow. The machine, in one trip up and down it completely leveled it off and cleared the track. It is certainly a wonderful thing to have here to clear the streets after a heavy storm.

### West Indies with Canada.

Chief Justice Mathieson in seconding the motion congratulated the Society on the splendid lectures they had caused to be heard and said it augured well for the success of the young men who discussed subjects of such surprising quality. In the lecture delivered by Dr. Coffin he said, as it were, was added to the crown. He said he was deeply interested in the lecture but he thought that the hope of a confederation would be a long time being fulfilled.

The work done in the West Indies was a wonderful service to humanity and those who devoted themselves to this work deserve the greatest esteem of the people. Dr. Coffin he said, had even as a student here displayed a wonderful talent for languages and he has not buried that talent but used it in the uplift of humanity.

Mr. Percy Poppe in supporting the motion said he had visited Dr. Coffin when he had taken a trip to the West Indies. He said one would have to make the trip to realize what had been done there and realize the high esteem in which Dr. Coffin is held. He spoke of the wonderfully thorough training teachers there received, of the influence which the Canadian Banks exerted on the country and the need for a change of currency methods. The fruit industry said Mr. Poppe, could in Dominica, be made a thriving industry as the place had all the conditions necessary for the raising of all tropical fruits.

Hon. Mr. McEwen, the next speaker took exception to some of the remarks and said British Guiana at least was only fit for negroes. It would take a man of remarkable practical development to stand the climate.  
Mr. C. M. Shannon, the next speaker said he had spent 38 years in British Guiana and although the white man could not perhaps stand doing heavy labor, yet he was necessary in supervising. He said the sugar industry there could be highly developed if British Capital would only support it as American capital has developed the sugar industry in Porto Rico.

Rev. W. Bruce Muir expressed his appreciation of the lecture and mentioned that if confederation of the West Indies and Canada could be accomplished, one thing would have to be the reciprocity of brain power.

The vote of thanks was tendered the speaker by Mr. David Stewart. Dr. Coffin in reply thanked them for their marks of appreciation and answered several questions which were put to him by several of those present, relative to the country.

### Will Not Affect Island Industry

The potato growers and shippers of this province have been considerably exercised of late over the McNary-Haugen Bill which is being considered by the Senate and the House of Representatives of the United States. It is feared that this bill would have a serious effect upon our potato industry, and that it might possibly mean the shutting out of our tubers from the American market.

Mr. C. C. Thompson, who is the representative of the Southgate Produce Company, in order to obtain definite information regarding this legislation, sent the following letter to his principals at Norfolk Virginia.

Charlottetown, P. E. I., February 24, 1927  
Southgate Produce Company, Norfolk, Virginia.

The shippers of this province are considerably agitated over possible effect of McNary-Haugen bill becoming law. Would greatly appreciate an expression of any kind from you as possible effect of this measure.

(Signed) C. C. Thompson  
Mr. Thompson received the following reply:

Mr. C. C. Thompson, Feb. 24, 1927  
Charlottetown, P. E. I.

The consensus of opinion is that President will veto McNary-Haugen bill but if he doesn't we fall to see how it will effect potato, as our understanding is that this item is not included as one of the protected products.

(Sgd.) Southgate Produce Co.  
Mr. J. W. Boulter, Secretary of the Potato Growers' Association, also wired Dr. Stuart of the U. S. Department of Agriculture, Washington, inquiring as to the possible effect of this measure on our potato industry and Dr. Stuart replied as follows:

Washington, D. C., Feb. 24th, 1927.  
Mr. J. W. Boulter,  
Sec'y Potato Growers' Association  
Charlottetown, P. E. I.

Yours to Stuart Bill not applicable to either exports or imports potatoes. Therefore not likely to affect potato movement in any way. (Signed) W. A. Taylor

Chief Bureau Plant Industry They show conclusively says Mr. Thompson that the dreaded legislation cannot possibly affect our potato shipments in general, much less our shipment of seed for the simple reason that the Southern buyers have been taking practically all the seed potatoes we have been able to ship during the shipping season, with the shipping facilities being first and best at the present time. When we get enlarged accommodations at Charlottetown, Summerside and possibly other points, there is no doubt we can reach out into new territory and develop new markets.

### CARD OF THANKS

Mrs. John Crabbe and family thank their friends for kindness shown and letters of sympathy received during their recent sad bereavement.

### THE MARKETS

MONTREAL, Feb. 25. The export trade in Canadian grain on the Montreal market continued dull today, there being practically no demand from any source. Owing to the renewed strength in the Chicago future market for corn today local prices for cash corn here were marked up two cents per bushel which tended to check the demand. Car lots of No. 2 yellow were quoted at 92, No. 3 yellow at 91 c, No. 4 yellow at 87c and cool sweet corn 84 c per bushel ex-store. The market for Canadian western oats was also firmer at an advance of 1-2c per bushel. No. 2 grades sold at 76c and No. 3 C. W. at 67 c per bushel. A firmer feeling prevailed in the spring wheat flour market but there was no change in prices. The demand continued of a limited character. There was no change in the winter wheat flour for which the demand was quiet. An active trade was done in all lines of milled and the undertone was firm. There was no improvement in the demand for rolled oats and the market was quiet but steady. Owing to the continued liberal supplies of fresh eggs coming forward from the United States, the undertone of the local market was again easy and prices for five and ten case lots to grocers and other dealers were shaded one cent per dozen. The market was moderately active. Fresh extras were quoted at 43 c to 44 c, firsts at 41 c to 42 c and seconds at 40 c per dozen. The receipts were 1,140 cases. Business in potatoes continued of a limited character owing to the mild weather prevailing but prices were unchanged. Car lots of Prince Edward Island green mountains were quoted at \$1.60 to \$1.65 per bag of ninety pounds. Quebec white stock at \$1.10 to \$1.15 per bag of ninety pounds in bulk ex-track, and Nova Brunswick Green Mountains at \$1.05 to \$1.10 per bag of eighty pounds ex-store. The butter market was moderately active and firm. Sales of New Zealand finest creamery butter were made at 41 3-4 c to 42 c per pound and eastern townships regarded No. 1 pasteurized at 41 1-2 c to 41 3-4 c per pound. The receipts were 663 packages. Extreme dullness again marked the cheese trade but prices were unchanged. Western grades were quoted at 18 c to 19 1-2 c per pound. The receipts were 81 boxes.

OTTAWA, Ont., Feb. 25.—The Toronto market is slightly lower today but no changes have been reported from other Canadian markets. Chicago, is again weaker. TORONTO.—The situation is weak with dealers now quoting country shippers for ungraded eggs extra 35-40, firsts 35-37, seconds 30-32, delivered. Prices to retailers extra 44-46, firsts 41-42, seconds 38-39. American eggs jobbing here at 37 1-2.

MONTREAL—No further change is reported from this market which is still heavily supplied. Dealers are quoting country shippers extra 42-43, firsts 38-41, seconds 34. Saskatchewan receipts are very light and there are not sufficient arriving to grade out the extras. Fifty cases of American fresh arrived recently costing 49 laid down from Minnesota. Dealers are quoting firsts and better 52, seconds 47.

REMONTON.—The market is easy under better receipts but British Columbia eggs are still coming costing delivered extra 40, firsts 38. Dealers are quoting country shippers extra 35, firsts 33, seconds 28. Prices to retailers extra 45, firsts 42, seconds 36.

VANCOUVER.—The market is lower. Demand from the prairies is still heavy with two cars on order. Three cars have been shipped this week. Prices have been reduced four cents to extra 28, firsts 26, pullet extra 24.

### BILLIARDS

Interest in the Balke Colendar Billiard Tournament being staged at Lambros Bros., continues with unabated interest. The second elimination in the tournament was played Thursday evening when Guy Scott, clever and versatile wielder of the cue defeated "Bus" Phillips in one of the closest 500 point matches ever played on the Island Scott, after a hard and nerve racking game, nosed Phillips to the end of the final count 500 to 491, a small margin of nine points. A large crowd attended this match.

Professor F. T. Watkins officiated as judge of play, while Mr. E. Perry acted as official scorer.

Excitement reigned supreme throughout the match both contestants keeping the fans on edge in their zig-zag efforts to hold the lead.

Messrs. Ramsay and McInnis played the third elimination last night before another bumper crowd. Ramsay jumping into the lead in the early stages was forced to cue his prettiest stay out in front of the latter, who made a sensational comeback in the dying moments of the match to nose his opponent out by 13 points.

Monday night the final round of

### eliminations will be played when Fred McMahon and Bert Williams cross cues. This match should draw a record crowd of fans.

The semi-finals will also begin next week.

One way to get rid of unpleasant people is to begin giving them advice.

In a case of emergency it is sometimes advisable to reward the man who helped you to emerge.
