MR. HUDSON DEAD.—There passed peacefully away at Victoria, Lot 29, on Saturday, December 28th last, Jabez Hudson an old and respected resident. Mr. Hudson was born on the old homestead at Tryon eighty-one years ago and was the son of the late Richard Hudson a prominent magistrate and Methodist local preacher. He removed to Victoria some twenty-five years ago entering into partnership with the late John S. McQuarrie. The firm did a large shipping and grocery business and was well and favorably known. In 1888 Mr. Hudson was a life-long Liberal and in religion a Methodist. He was a man of sterling integrity and his word was his bond. He leaves to mourn two daughters, Mrs. James E. Howatt, Augustine Cove, and Mrs. W. H. Collett, Victoria, besides two sons, Bruce, in British Columbia, and George S., in Calgary. His funeral service was conducted by Rev. G. M. Young the body being laid to rest in the Tryon Methodist cemetery. The pall-bearers were Jabez Lee, Charles Wright, Neil McNevin, E. H. Wright, Ewen McKinnon and E. Boswell.

Much praise is due to the leader Mrs. Rodgeron for the excellent way in which the program was rendered.

Was a Victim of Bronchitis. HAD TO BE PROPPED UP IN BED.

Bronchitis is an acute inflammation of the membranes lining the air tubes of the lungs, and begins with a tightness across the chest, and a difficulty of breathing accompanied by hard dry cough which later develops into the raising of a greenish or yellowish phlegm. On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, and thereby preventing it becoming chronic and perhaps turning into some serious lung trouble. Mrs. John Fawcett, Salisbury, N.B., writes: "A year ago I was victim of Bronchitis. I was so bad I could not lie down, and had to be propped up in bed. As the doctor failed to do me much good a friend, who came to visit me, advised me to try Dr. Wood's Norway Pine Syrup. The first bottle helped me so wonderfully I took five bottles in all, and was cured. I have not had an attack of it since." Price, 25 and 50 cents a bottle. See you get "Dr. Wood's" when you get it. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TORTURED FROM BABYHOOD

"Fruit-a-tives" Cures Constipation

MISS E. A. GOODALL, EDMONTON, ALTA., Nov. 20th, 1911. "I have been a sufferer since babyhood from that terrible complaint, Constipation. I have been treated by physicians, and have taken every medicine I heard of, but without the slightest benefit. I finally concluded that there was no remedy in the world that could cure Constipation. About this time, I heard about "Fruit-a-tives" and decided to try them. The effect was marvellous. The first box gave me great relief, and after I had used a few boxes, I found that I was entirely well. "Fruit-a-tives" is the only medicine that ever did me any good and I want to say to all who suffer as I did—"Try this fruit medicine and you will find—as I did—a perfect cure." (Miss) E. A. GOODALL.

"Fruit-a-tives" is the only medicine in the world made of fruit and the only one that will positively and completely cure you of Constipation. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

GOOD MEETING.—A meeting of the P. E. I. Central Seed Fair and Domestic Science and Poultry Show was held in the new Agricultural Building Charlottetown yesterday, the President Father McJugan, presiding, with a good attendance of enthusiastic workers. The committee were appointed to look after the different departments and everyone seemed anxious to make this the best fair yet. The dates of the Fair are March 11, 12, and 13th to be held in the Agricultural building, the financial committee to report on the 21st inst when a meeting will be held at ten o'clock a. m. to consider the prize list. J. H. Gill is the hustling secretary.

A shooting accident occurred Monday afternoon at Johnston's River which narrowly missed being a fatal one. A party of eight or nine young men went to the woods on a rabbit hunt. They were all armed with shot guns, with the exception of one who carried a rifle and when they overtook the rabbit the man with the rifle undertook to do the execution. He fired and when the smoke cleared away it was discovered that one of the party, Stephen Cummins, aged about 16, a son of Peter Cummins of Johnson River, had been hit. The bullet, which had evidently struck him near the eye, fortunately a hair's breadth outside of the centre of the outer rim of the eye socket, and glancing outward. Had it been a fraction nearer the eye the bullet would have crashed through the head. As it was he received a bad cut and his companions a very bad scare. The wound bled freely and the injured boy was assisted to the nearest house, that of Peter Trainor, about a half mile distant. A doctor was sent for and on examination it was found that the bone had just been grazed. Four stitches closed up the wound and last night the young man was reported doing nicely.

The incident is another warning to young huntsmen. A rifle is an exceedingly dangerous weapon, not particularly to rabbits but to the human beings or the animals, valuable or otherwise, that may happen to be within several miles of the sportsman. Shot-guns will be found sufficiently effective for rabbits and much safer for the neighbors.

BAD PIECE OF ROAD.—A resident of Cornwall says that complaints are being heard on all sides regarding the dangerous condition of some parts of the old ferry road. The people who travel this road are certainly long-suffering, but there is a limit to their endurance, and they have almost reached it. The questions are now who is to blame? and what is the remedy? J.

SCHOOL EXAMINATIONS.—The White Sands school took place Tuesday, Dec. 31st, with a fair attendance of ratepayers and scholars present. The pupils were examined in the various branches by their teacher Walter Bull assisted by William Glover and Chas. Brooks. The intelligent manner in which they answered the many questions asked them reflected credit on them and their teacher. The officers and visitors expressed themselves highly satisfied with the progress of the pupils.

SCHOOL EXAMINATION.—The semi-annual examination of the Newton (Prince Co.) School took place Jan. 3rd. The large number of parents present, notwithstanding the downpour of rain, was a pretty fair index of the attitude of the people of Newton toward their school, and the condition of the school itself is such as must necessarily be found where a good teacher has the support and sympathy of parents. The school is large, there being an enrollment of 41 and a daily attendance of about 35. The pupils were examined by Rev. J. J. MacDonald and Ray MacCarvell. It must have been a great satisfaction to all the parents to see their little ones acquit themselves so creditably. After the examination a nice program was rendered by the pupils. The trustees and others expressed their pleasure at finding the school in such a flourishing condition, notwithstanding the many disadvantages under which a teacher in an ungraded school necessarily labors. Miss Hagan who has charge of the school has just begun teaching and is destined to be a credit to the profession.—Parent.

Twitching of the Nerves. A Distressing Symptom of Nervous Exhaustion Cured by Dr. Chase's Nerve Food.

Mrs. John McKellar. What sympathy you feel for anyone whose nerves twitch and jerk, and that resolves you to make to never allow your nervous system to become exhausted, until paralysis of some form claims you as a victim.

The only way is to watch the warning symptoms such as shyness, headache, indigestion, tired feelings and irritability. By the prompt use of Dr. Chase's Nerve Food you can feed the tired, wasted nerves back to health and vigor, restore the vitality of the body, and prevent serious disease. Mrs. John McKellar, 11 Barton street east, Hamilton, Ont., writes: "I was injured some years ago, and that left me with a broken-down nervous system. I could not sleep, and outer rim of the eye socket, and glancing outward. Had it been a fraction nearer the eye the bullet would have crashed through the head. As it was he received a bad cut and his companions a very bad scare. The wound bled freely and the injured boy was assisted to the nearest house, that of Peter Trainor, about a half mile distant. WEDDING BELLS.—A very interesting event took place at the Tryon Baptist Parsonage, Monday night, Dec. 23rd, when Robert Calbeck of Tryon was united in the holy bonds of matrimony to Libbie Large of Albany by Rev. A. E. Hurn. The bride was attended by her sister Annie, W. E. Calbeck aided supported the groom. The bride looked charming in pale blue and wore a picture hat. The bridesmaid was attired in navy blue. After the ceremony the bride and groom drove to the bride's home where supper was served. They spent a very pleasant evening in music and social talk after which the bride and groom drove to their future home in Tryon. The groom's present to the bride was a gold locket and chain. The presents were very numerous and costly.
