

TIDE TABLE

Table with columns for High Water, Low Water, and dates from 1st to 31st of January.

DIARY

City Magistrate's Court, 9 a.m. Prince Edward Theatre, 3.15, 7 and 8.45 p.m.

BIRTHS

YOUNG.—At Ottawa, Ont., on Jan. 21st, to Mr. and Mrs. P. Lorne Young a son.

DEATHS

FRENCH.—At New Glasgow Mills, on Jan. 6, 1918, Isaac French, aged 75 years. McDONALD.—On Jan. 13th, Angus McDonald, of Whim Road East, aged ninety years. WHITEWAY.—At Dover, on Jan. 15th 1918, Albert Whiteway, in the 36th year of his age. He is survived by father, mother, two brothers, and one sister. McEACHERN.—At Hopefield, on Jan. 27th, 1918, Mary Storkdale Cranston, wife of Benjamin McEACHERN, age 62. She is survived by aged mother, husband, seven sons, and four daughters.

An umbrella opened on the stage is supposed to bring ill luck to the actors, and probably there is no play in existence in which an open umbrella figures.

CASTORIA For Infants and Children In Use For Over 30 Years

To the Electors of the City of Charlottetown

Ladies and Gentlemen: At the request of a large number of my fellow citizens I have consented to place myself in nomination for the Mayorality at the coming civic election. I have always taken a deep interest in the welfare of this my native city, having watched its growth and development from a comparatively small sized town to its present prosperous and leading position as the Capital of this Province. At this period, as never before in our history a wise administration of our civic affairs is absolutely necessary and if you should do me the honor of electing me I will conscientiously endeavor to meet any problem that may arise in these unsettled days. I will also give my best thought and attention to the financial condition of the city so that, as far as possible the outlay shall not exceed the income in each year and a careful and judicious expenditure of the public moneys shall at all times be made. If you see fit to elect me it will be my highest aim at all times to promote the best interests of Charlottetown in the matter of good civic Government and of all needed reforms. It will not be possible for me to make a personal canvass of the electors and I take this opportunity of soliciting your support at the forthcoming election. I have the honor to be, Your obedient servant, HENRY SMITH, Charlottetown, January 12th 1918. 136-1-12MSTueff.

The Electors of the City of Charlottetown

Ladies and Gentlemen: Having been requested by a large number of citizens to nominate in the forthcoming election for the Mayor of Charlottetown, I have decided to accept the invitation, and I take this opportunity of soliciting your votes and influence, as it will be impossible for me to see all voters personally. I also wish to thank the electors in the past did me the honor of electing me to the Council in which capacity I have served for six years, during which time I have endeavored to faithfully perform my duties. If you now do me the honor of electing me the position of Chief Magistrate of the city, I shall endeavor in the future as in the past, at all times to work for your best interests. We are now passing through a critical stage in the world's history and while we must continue to make progress, it is necessary to closely watch expenditure, if revenue is to be made meet expenditure. Thanking you in anticipation of your support, I am Yours respectfully, JOHN McNEVIN

The Electors of the City of Charlottetown

Ladies and Gentlemen: Having been nominated at the recent civic meeting as a Candidate for Councillor for Ward 5, I have decided to enter the contest. I do not intend to make any personal canvass of the electors, but I have no promises to make at this time other than to say that if you show by your votes on election day that you consider me competent to fill the position, I will devote my time and any ability I may possess to further the best interests of the City. As our street lighting contract will expire in the near future, it will be the duty of the incoming Council to make new arrangements, and may say that I am in favor of Civic ownership of our lighting plant which I believe can be operated in connection with our water works at a reduced cost to the citizens for both light and water. I am in favor of doing everything possible to encourage industries to locate here, also to urge the Government to start the building of cars etc. In our railway shops thus creating more employment for our laboring men. I also think a strong effort should be made to have the income tax paid by our citizens refunded to the City. There are many other matters such as the inspection of meat and milk, medical inspection of schools, an up-to-date fire alarm system, improved methods of street cleaning, etc. which will receive my favorable consideration should I be elected. Yours truly, J. J. MCKINNON, 2402.

NOTICE

Owing to the greatly increased expense of conducting business and the high cost of goods my business will be conducted in future on a strictly cash basis. I wish to thank all those who have given me their patronage in the past and assure them that it will be my endeavor to make it to their advantage to continue same. W. T. WEIR, Stanley Bridge. 3348-1-126M6pdp.

ELECTORS OF WARD FIVE

Ladies and Gentlemen: Having been nominated at the recent Civic Meeting and also requested by a number of the electors of Ward Five to contest that Ward at the forthcoming election as Councillor, I have decided to do so. With regard to platform or policy I would refrain from making any promises but will set forth a few matters that the incoming council ought to deal with. What is the financial position of the City? Is the present revenue sufficient to carry on the business for this year and pay unpaid debts of last year, and great proposed increase of salary to teachers, police, etc? Investigate present system of assessing personal property and real estate. Take up the question with the Legislature to have the Income Tax now collected by that body diverted back to the City. Extension of Water and Sewerage to all parts of the City where necessary. Has our method of putting down permanent streets and sidewalks proved satisfactory? Should we proceed with further construction during the war? Introduction of Meat Inspection, Milk Inspection, Medical Inspection of Schools, Electrical Inspection, Fire Alarm System, Incinerator. All these are desirable if finances permit; improved method of cleaning and watering streets that will extend to all parts of the City, regular service. Urge the Dominion Government to build freight cars in our Railway Shops also take up the question of shipbuilding. Assist in every possible way to promote the welfare of our working men, the extension of our Industrial Plants, and establishing of new industries, if possible. Should the electors of Ward Five elect me as a seat at the Council Board, I will do everything within my power to serve them and advance the interests of the City in general consistent with financial resources. Respectfully, W. A. STEWART.

DREADED NEURALGIA

Most people think of neuralgia as a pain in the head or the face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The cause being the same, the cure to be effective must be the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but you can only cure the trouble by enriching and purifying the blood. For this purpose we now of no medicine that can equal Dr. Williams' Pink Pills. These pills actually make new, rich blood and thus act as the most efficient of nerve tonics. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and see how needily you will be restored to good health. You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50. Dr. Williams' Medicine Co., Brockville, Ont.

FROM THE FIRING LINE

Miss Edith MacNeill, Little Sands, has received the following letter from his cousin, No. 712107 Pte. Donald Hume, Sniper, 14th Battalion, Canadian B.E.F. France: Dec. 28th, 1917. Somewhere in France, Dear Cousin—Just a few lines in answer to your welcome letter I received a few days ago and your parcel too. I got it all right and thanks very much. It was very good, as I got it the day before Christmas. We're out of the trenches now on a front line division. We don't drill the same as we used to in Canada, but only a few hours each day. We hadn't such a very poor time Christmas, considering where we were and had a good dinner anyway. Lots of turkey and some pudding and I just finished eating some spud and cookies from Surrey River. (The McLeod, from Glen William, just got a parcel from there. There are quite a few Island boys in the 14th besides the fellows that came out with the 105th. It is over a year now since our draft came to France and some of them are going to pass now to England and Paris. 10 days leave is well earned out here in a year, I consider myself pretty lucky. I had near seven months in England with my Blighty. Well Edith, what kind of a winter are you having down home? I suppose you're having lots of snow and cold weather. It is cold enough here now but we haven't had it as cold as zero yet and here is just about snow enough to cover the ground, but never enough to make sleighing. I wouldn't mind having a sleigh drive now with Frank at the sliding sleigh, down Donald Taylor's road. I have about forgotten what a sleigh looks like. I had a pretty rough drive a few nights ago when we came down from reserve trenches. There is a little narrow gauge railway runs from reserve trenches to where we come to rest and it is as rough and as many turns as it is as the road between our place and the railroad. We came over it at the rate of about forty miles an hour. I expected every minute to end up in some old trench among a lot of barbed wire, but we came through all right. Well Edith you asked me some time ago to tell some of my experiences in the trenches! We cannot tell much of what goes on out here. We have some pretty queer times. We stay in the front line six days and supports six days, and out in reserve for twelve. Some times we are near enough to Fritz that we can see whether they shave or not. Some times he comes over

TAX ON BACHELORS AND ON WIDOWERS

MONTREAL, Jan. 30.—Bachelors and childless widowers are to be taxed if the wishes of the civic committee on new sources of revenue are heeded. This committee, composed of members of the Board of Control, and other civic officials, held a meeting yesterday afternoon at the City Hall, when it was resolved to accept the suggestion of the League of Real Estate Proprietors to the effect that a tax of \$5 be levied on bachelors and childless widowers, twenty-five years of age and over, residing and having their place of business in Montreal. The estimate of the committee was that \$150,000 could be derived from this source.

YOU'RE BILIOUS LET "CASCARETS" LIVE IN LIVER AND BOWELS

Don't stay headachy, constipated, sick, with breath bad and stomach sour. Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold. Are you keeping your bowels clean with Cascarets or merely forcing a passage every few days with salts, cathartic pills or "laxer oil"? Cascarets work while you sleep. Cleanse the stomach, remove the sour undigested fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels. A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will help your stomach, sweeten liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

MORALE OF GERMAN ARMY

EBBING, SAYS TANK OFFICER WASHINGTON, Jan. 30.—Morale of the German army is on the ebb, Captain Richard Haigh, in charge of the British tank in this country, told the Senate military committee in reciting personal experiences of "going over the top" five times. "They are not half so 'God Almighty,'" he said. "The Bavarians and Saxons now are the best fighters. The Prussians are not such good soldiers as the first Prussian army and have a yellow streak." British forces in trench warfare, Captain Haigh said, are constantly being improved and the Germans have not yet found a way to cope with them.

ACCIDENTALLY KILLED WHILE ON FURLOUGH

A deep gloom has again been cast over Long River, when it was learned that another of its brave sons had made the supreme sacrifice in the person of Pte. Leslie W. McLeod, No. 712594. He was the eldest son of Robert McLeod of Long River and enlisted with the 105th Battalion in 1915 at the age of 18. Afterwards transferred to the 104th Battalion. He was ordered to the 104th Battalion and one of the 18 years of age and one of the boys from that place who has left their home to fight for their King and Country. He leaves to mourn a father, mother, one brother and three sisters to whom the sympathy of the whole community goes out. The following letter has been received from his Captain: Whitley Camp, Dec. 30 1917. Dear Mr. and Mrs. McLeod—It is with deep sorrow that I take the liberty of writing you those few lines as I have just learned that your son Leslie passed away today at Glasgow, Scotland where he had gone on leave. I have not the full detail of how it occurred but from what I can learn they did not turn the gas off completely and were overcome by the fumes during the night. Death seems hard even when one is with their dear ones at the time but to see it must be doubly hard. But there is so little one can do to alleviate the throes of wounded hearts, but I commend you to Him who alone can comfort the sorrowing. Poor Leslie was one of the finest young men I have met. Always performing his duties with a pleasant smile and had God so willed he would have been as ready as the best of us to defend his country on the battlefields of Flanders. Assuring you of my sincere sympathy. I remain yours, ALLAN McLEOD, CAPTAIN

ACCIDENTALLY KILLED WHILE ON FURLOUGH

Whitley Camp, Jan. 1st, 1918. Dear Mr. McLeod—It is with the most heartfelt sympathy that I have to write to you about poor Leslie. I was talking to him the night he left on his pass for Scotland. I had been gone back from my pass from London and that night he went to never come back alive and he was so cheerful to get away from drill for a few days and to think I will never see him alive again. He was just like a brother to me and we have been together since we came overseas. I don't know what I'm going to do. I will miss him so much for he and I were always together and when I went on pass, I wanted him to come too but I only could get four days pass and when I went they gave out six days and he got one and went to Scotland. I only wish he had been with me and perhaps he would be alive today. I am sure you will be crushed with grief over it for it came so unexpected. I cannot tell you any particulars now but will later, but as far as I know it was a leaky gas jet. The soldier that was with him is not expected to live and poor Leslie remains will be here to mourn and I will do all I can in my way to help. I will try and get the boys from around home and be pall bearers for poor Leslie. I am so sorry for him and also for you and your poor wife and family. I will close with my most heartfelt sympathy for you all. I remain JACK MCKENZIE, Whitley Camp.
