

We make Sunshine Furnace fire-pot in two sections—so constructed with fins that they throw off every unit of heat, so constructed with straight walls that it is impossible for ashes to gather and intercept the heat, so constructed that the upper section can expand independent of the lower, thus making it impossible in a Sunshine Furnace for any heat to leak around the fire-pot, any heat to be nullified by ashes, any cracks to take place as a result of the shocks following the expansion.

This fire-pot has greatest weight & longest life

The fire-pot naturally bears the brunt of a furnace's work, and it bears it just in proportion to its original strength.

SUNSHINE FURNACE

Because steel is more powerful than gray iron, we make Sunshine Furnace firepot of semi-steel. This is an exclusive feature, and indicates that in Sunshine Furnace firepot alone you find smooth-as-glass surface, secure maximum fire-resisting strength, can rely on only minimum disintegration and can be assured of long life.

Paul's Second Missionary Journey—Thessalonica and Berea. Acts xvii: 1-15.

Golden Text—Thy word have I hid in mine heart, that I may not sin against thee. Ps. cxix:11.

Verses 1, 2—Is church going a good habit, and what do they lose who have not formed it?

How many times a day should a person attend church?

What is the value of a good habit, and how are good habits formed?

Verses 3-5—Did Paul mean to say that it was necessary for the Jews to have put Jesus to death, and if not what did he mean? (This question must be answered in writing by members of the club.)

(The position taken by the present writer is, that the Jews ought to have accepted Jesus, and, that their putting him to death is the colossal crime of history, and the calamity of calamities; that has befallen the Jews. That there are two distinct lines of contingent prophecy in the Old Testament, either one of which being fulfilled, would cancel the other; and that the prophecies concerning the perpetuation of the Jewish nation and the throne of David with unparalleled splendor, were cancelled by the fulfillment of those concerning the rejection of Christ. God sent Jesus in good faith, when God's first and best plan was that they should accept him. God then proceeded to do through the death of Christ, that which would have been done more speedily by his life.)

Is it necessary for us to adopt all Paul's opinions, in order to be well-pleasing to God?

Were all Paul's opinions correct concerning the time of the second coming of Christ?

In what sense was it true, "that Christ must needs have suffered?" (See Luke xxiv:26, Jer. xliii:5-6, Mich. v:2, Matt. ii:4-6.)

In what way do the Old Testament Scriptures bear testimony that Jesus is the Christ?

Verses 4, 5—How do you account for it that the same facts and reasoning which converts some only serves to harden others?

How is it that women are generally in the majority in Christ's converts?

Why were the Jews moved with jealousy?

Can a jealous man, at the time, either be a true man or a correct reasoner?

How do you characterize a person who is jealous of another in doing good works?

Have we any modern example of the
