Baldwin May Meet House On June 25

Sir Austen Chamberlain Expresses Hope Baldwin Will Meet Commons And Dare The Liberals To Vote Him Out Of Office. Ramsay MacDonald Has Cabinet Selected In Event He Is Called Upon To Form A Government.

(Canadian Press)

LONDON, June 1.—Right Hon. Sir Austen Chamberlain, Foreign Secretary in the Baldwin cabinet, said: "I hope Premier Baldwin will face the House of Commons and leave with Lloyd George and the so called Liberal party the responsibility for the situation they have created." This, indeed is what will probably happen. Premier Baldwin is expected to meet parliament when it assembles on June 25 and "dare" the Liberals to vote him out of office. At the best, a Conservative and Liberal voting combination would leave a precariously small margin over the Labor forces and Premier Baldwin may decline to retain office with so much insecurity even if a combination were arranged.

SITUATION UNCHANGED

LONDON, Eng., June 3.—(By Thomas T. Champion, Canadian Press Staff Correspondent)—Nothing has occurred over the week end to clarify the political situation or point a decisive way out of the parliamentary deadlock resulting from Thursday's general election when the Labor Party emerged with the largest party in the next parliament but without a clear majority over all others.

Premier Stanley Baldwin was at the Prime Minister's country home, Chequers, today, while Right Hon. Ramsay MacDonald, Labor Leader, was at his home in north London and Right Hon. David Lloyd George at his country home, Chart. And no doubt all three were thinking hard. Within three weeks profound decisions must be taken for the parliament is summoned to meet on June 15th.

The only pronouncement from a leading source was forthcoming from Mr. MacDonald yesterday, when he declared: "If I can prevent it there shall be no disturbance of the country by another election within two years," and asserted whatever party assumed power, it should be given a chance to develop its foreign policy.

"The way they broke up the development of my foreign policy in 1924 is a thing that ought not to happen again," he said. This is to be taken as a suggestion that he would not be unwilling to accept some measure of arrangement between the parties.

STANDING OF PARTIES

LONDON, June 2.—(Canadian Press Cable)—With 606 out of 615 seats reported the standing of parties following the general election was tonight as follows: Labor 287; Conservatives 254; Liberals 57; Nationalists 3; Independents 4; Prohibitionists 1; in doubt 9 total 615. This leaves Labor with 32 seats less than the combined total of the other parties.

The nine results to come are not expected for some days. They are as follows: Scottish Universities, three seats; Oxford University, two seats; Rugby, Warwick election postponed on account of death of a candidate. English combined universities (one seat); Western Isles, Scotland, Orkney and Shetland.

LABOR CABINET

LONDON, June 2.—(A. P.)—Ramsay MacDonald tonight was reported to have decided upon a tentative list of ministers in the event he is called upon to form a government. That does not include any of the new Labor recruits in parliament.

The projected cabinet follows: Chancellor of the Exchequer, Phillip Snowden; Foreign Secretary, MacDonald, or J. H. Thomas; Admiralty, Capt. Wedgwood Benn; Secretary of War, Hugh Dalton; Secretary of Air, Lord Thompson; Minister of Labor, Arthur Greenwood; Health, Margaret Bondfield; Transport, Tom Shaw; Agriculture, Noel Buxton; Board of Trade, William Graham; Mines, Emanuel Shinwell; Education, Sir C. P. Trevelyan; Dominions, Lord Oliver; Postmaster-General, Vernon Harshorn; Attorney-General, Sir Henry Slesser; Solicitor-General, J. B. Neville.

Other high offices will be filled by Arthur Henderson, Home Secretary in the former cabinet, and J. R. Clynes, Oswald Mosley would probably be Under-Secretary of Foreign Affairs and Commander Kenworthy possibly Secretary for India.

NOISY WELCOME

LONDON, June 1.—Ramsay MacDonald was welcomed like a conqueror by about 10,000 of his supporters when he arrived at King's Cross Station tonight from his constituency at Seaham. The greeting was the noisiest and liveliest public demonstration of the British elections, the Laborites showing none of the traditional English restraint in expressing their joy over their triumph at the polls.

It required more than half an hour for Mr. MacDonald to make way from his train carriage to a waiting automobile at the station. His admirers were equipped with whistles, rattles and other street carnival accessories with which they were able to keep up a deafening din. There were cheers, "Baldwin is finished, long live MacDonald." Hundreds of enthusiastic Laborites climbed on top of the train sheds to get a glimpse of their leader. While waiting for Mr. MacDonald's arrival they chanted improvised songs of victory.

"It looks as though the new House will have a very interesting problem in democratic government to face," said Mr. MacDonald. "The ladies did it," somebody shouted. "Never a truer word was spoken," replied Mr. MacDonald. "In every good work the ladies lead."

Effect of Election on the Dominion. OTTAWA, June 1.—Leaders and members of the Parliament are diffident in expressing opinion or sentiment on the British elections, but privately there is a general expression of personal sympathy with Premier Baldwin, in the indicated defeat of his Government. On his visit to Canada he made many friends and became very popular.

The probable advent of a Labor Government is not expected to have any imperial constitutional effect, but might have serious economic consequence for Canada. Preferences for the Dominions under the Safeguarding of Industries Act and otherwise, will be jeopardized if not lost in the change of government.

Tobacco, automobiles and other Canadian products may lose the preference they now enjoy, and by which

CORPUS CHRISTI PROCESSION YESTERDAY

Impressive Procession and Ceremonies at Cathedral and Notre Dame Academy Yesterday Morning.

The annual Corpus Christi Procession of the Congregation of St. Dunstan's was held yesterday morning from St. Dunstan's Cathedral to Notre Dame Academy, where His Lordship Bishop O'Leary officiated at the Benediction of the Most Blessed Sacrament.

Previous to the procession, His Lordship celebrated Pontifical High Mass at the Cathedral at 10 o'clock with the following assisting clergymen: High Priest—Rev. A. J. McIntyre; Deacons of Honor—Rev. Raymond McKenzie, Rev. W. McGuigan; Deacon and Sub Deacons of the Mass—Rev. N. J. Polier, Rev. Fr. McQuaid.

Master of Ceremonies—Rev. P. McMahon. The procession, numbering some three thousand or more, was much larger than those of previous years, and as it made its way through the streets of the city, presented a beautiful and impressive sight.

The League of the Cross Band in attendance furnished sacred music, which blended sweetly with the vocal hymns sung by boy choristers, little flower girls and children of the Convents. The Chimes in the Cathedral were also played very sweetly.

When the procession, moving by way of Richmond St., had reached the Academy, the entire congregation received the Benediction of the Most Blessed Sacrament. The Corpus Christi Choir, under the direction of Mr. William J. Brown, rendered pleasing hymns.

The altar was on the Academy balcony and was surrounded by the usual beautiful decorations. Returning to the Cathedral the procession took a longer route, and one that enabled hundreds of citizens to view the impressive ceremony.

The order of the groups and societies making up the parade was as follows: Cross Bearer, Queen Square School Boys, Catholic Women's League, Third Order of St. Francis, St. Charles Auxiliary, League of the Sacred Heart, St. Joseph's Sodality, Children of Mary, Knights of Columbus, St. Joseph's Convent Girls, League of the Cross Band, Notre Dame Girls Choir Boys, Corpus Christi Choir, Flower Girls, Altar Boys, Pages, Clergy and Guard of Honor—Boy Scouts, Men of the Congregation, Women of the Congregation.

The following returned men were in charge of the procession: D. F. Tierney, Urial McDonald, Leo Bradley, J. E. Trainor, W. J. Cheverie, W. A. McDonald, William DeCoste, J. A. Connolly. The Queen Square boys were in charge of L. Wynne, Leo McDonald, E. J. H. Morrissey.

Mr. F. A. McKay, moving picture operator of the McKay Studio, Saint John, took many scenes of the procession as it wended its way both to and from the Academy. The pictures which are being expressly made for the Prince Edward will be shown at this theatre at a near date.

a large trade with Great Britain has been developed. It is believed Canada will be extremely fortunate to retain the present preferences without seeking the extension of this principle.

LONDON, June 1.—The Communists were completely routed at the polls in the general election. Twenty of their twenty five candidates lost their election deposits and their lone representative in the last House, S. Saklatvala, failed to secure re-election. The total popular vote registered for Communist candidates was 20,614.

50,000 SCOUTS TO ATTEND CAMP AT BIRKENHEAD

Coming of Age Movement Will be Marked By Mammoth Jamboree.

(Special to The Guardian)

TORONTO, June 2.—At least fifty thousand Boy Scouts will be in camp at Birkenhead from July 21 to August 13 when the coming of age of the movement will be marked by a mammoth jamboree. Arrangements to accommodate the lads are well advanced, and no trouble is expected. In addition to the tents for the boys the camp will include an open air theatre and cinema, which will supplement the exhibitions, camp fire concerts and folk dancing, which are numbered amongst the attractions.

The boys will cook all their own food, the only help to be afforded by those of the opposite sex being in the hospital. This will be run by Girl Guides. One little difficulty faces the organizers of the camp. That is the provision of accommodation for some four hundred scouts from Poland. In that country the boys are accustomed to making their camp in the trees and are rather proud of being tree dwellers.

OTTAWA, June 2.—There are at present 53,000 scouts and leaders in Canada, according to figures disclosed at the annual meeting here today of the Canadian General Council of the Boy Scouts Association. During the past year there was an increase of 86 troops and 273 leaders. Nothing has given me greater satisfaction during my visits to various parts of the country than the enthusiasm and zeal which I have found for this great movement, said His Excellency Governor-General Willingdon, addressing the delegates as chief scout in Canada.

As an indication of the constant progress of the organization, it was reported that 34,170 scouts' rank and proficiency badges had been awarded during the year, an increase of 5,626 over the preceding year. The report of the welfare work of the association showed that through 93 centres toys had been distributed to more than 50,000 children last Christmas. This total included 5,000 children of newly arrived immigrants.

On the motion of the Governor-General, Dr. James W. Robertson was re-elected chief commissioner, Gerald H. Brown, Honorary Dominion Secretary, D. M. Finlay, Honorary Dominion Treasurer, and Dr. F. H. Gisborne, chairman of the Dominion Medals Board.

P. who has been quite ill in recent weeks, having been in Wellesley Hospital, went to Ottawa last Monday to resume his parliamentary duties, but was compelled to return home. Durant Attacks Reserve Board

(Canadian Press)

PARIS, June 1.—Provided the Federal Reserve Board and contraband liquor do not destroy us, America will lead," declared Wm. C. Durant, who carried his attack upon the reserve board before the American Business Board in an address today at the weekly luncheon of the American Club. Mr. Durant predicted that the growing sentiment in America against the Federal Reserve's interference would result in the framing and passage by the next session of Congress of what he hoped would be a "reasonable bill defining the function of the Federal Reserve Board." "For the past few months," Mr. Durant said, "the Federal Reserve has been experimenting at a frightful cost to our investing public."

GERMANY AND ALLIES REACH AGREEMENT

After Nearly Four Months of Negotiations, Agreement is Reached on Reparations Problem.

(Special to The Guardian)

Paris, June 1.—Germany and the allied creditor powers, after nearly four months of untiring negotiations today reached a complete agreement on all points involved in settling the huge post-war reparations problem. The announcement was made at 1.30 p. m. today by Thomas W. Lamont, one of the principal members of the unofficial United States delegation.

Lamont said that the principal question which had been holding up the negotiations—that of the Belgian Franc claim against Germany would be settled by direct negotiations. The agreement probably will be signed early next week. The work will be entirely finished as soon as Emile Franquill, head of the Belgian delegation, gives his consent to taking the matter of the Franc restitution to Belgium by the Reich government out of the hands of the conference.

TO ENCOURAGE FOX BREEDING

FREDERICTON, N. B., June 1.—New Brunswick is the first Province in Canada to appoint officials to assist farmers in solving their fox breeding problems.

Announcing the appointment of Dr. L. S. Doyle, Veterinary Surgeon, of Moncton, and William T. Chapman, successful fox rancher, of Salisbury, as inspectors under authority passed at the last session of the Provincial Legislature for encouragement of the fox breeding industry, Hon. Louis Smith, Minister of Agriculture, states that the raising of foxes by individual farmers throughout New Brunswick is increasing and the expert, practical and scientific advice which the inspectors will be able to give those engaged in fur farming will prove of great benefit.

The inspectors entered upon their duties on May 15th and in the first ten days of their work visited 80 fox farms in the eastern section of the Province. They are now working towards the central portion of the Province and will cover all New Brunswick in their activities.

VICTORIA, B. C., June 2.—Mrs. James Stewart of Toronto, was re-elected by acclamation to the presidency of the Imperial Order Daughters of the Empire at the concluding session of the annual meeting here.

King's Condition Is Satisfactory

His Majesty To Spend Birthday Anniversary In Bed At Windsor Castle—Thanksgiving Service In Westminster Abbey Planned For June 16 Has Been Postponed Till Later Date.

(Canadian Press)

LONDON, June 1.—The Dean of Westminster announced today that the thanksgiving service for the king's recovery planned for June 16, had been indefinitely postponed. This announcement followed the physicians' bulletin that the king's recovery was likely to be long drawn out. Official announcement was made at Windsor Castle today that the condition of King George was unchanged. Lord Dawson and Sir Stanley Hewitt, Miss Majesty's physicians motored to Windsor from London this morning and with Dr. Martyn examined the king during a two hour visit.

Progress Will Be Tedious

LONDON, June 1.—An official announcement at noon today said the King's condition was satisfactory but his progress would be tedious. A bulletin issued by his physicians at Windsor said:

"His Majesty the King passed a good night. The absence, so far, is following its normal course which in the nature of things must be tedious. "We accordingly advise that the thanksgiving service shall be deferred to a later date. As His Majesty's general condition is now satisfactory there is no necessity to issue a bulletin every day." (Signed) Henry Martyn, Sir Stanley Hewitt, Dawson of Penn.

LONDON, June 1.—Monday is the King's 64th birthday but he probably will spend it in bed. It was understood today there was little hope that he would be able to get up. His room in the Victoria Tower of Windsor castle is an exceptionally cheerful one, overlooking a broad walk with beech trees. Many members of the royal family

are expected to join Queen Mary at the castle in celebration of the occasion, even if the anniversary must be spent quietly. Medical disclaimers that the King is not so seriously ill that he cannot attend to business of state has failed to quiet anxiety in his behalf. It was felt generally his illness last winter had left him in a greatly weakened condition which would militate against recovery in any new illness.

It has been discovered that delay in announcing His Majesty's new trouble was occasioned by his own wish that it not be allowed to disturb normal polling activities for the general elections. The sovereign was confined to his room since Sunday with an abscess at the old lung scar but there was no public announcement of his indisposition until the morning of the election.

It was expected, in view of the new illness, the thanksgiving service in Westminster Abbey in gratitude for his recovery from his illness of last winter would be postponed. The order was issued only this week.
