MOTORED FROM BOSTON.—Mr. G. H. Wood accompanied by wife's sister Mrs. Mary McDonald, Veteran, of New York, also his wife's sister Mrs. Mary McDonald, formerly of Riverton, P. E. I.; now of Dorchester, Mass., left Boston, July 1st and arrived on Prince Edward Island July 4th. Mr. Wood visited nearly every town and village. This is not Mr. and Mrs. Wood's first visit here. They visited P. E. I., about seven years ago taking up farming for sixteen years, having a nice home near Cardigan Bridge. Mr. Wood is having all his buildings remodelled, and intends to make his summer home there. He states that he never enjoyed a visit more. Mrs. Woods is a native of P. E. I., having left the province thirty-eight years ago. Mrs. Wood said her old home looked good to her. While there she visited the Saint Teresa's parish and says it is a credit to the Island. The party went through the Annapolis Valley and think it is one of the most beautiful spots in Canada. Mr. Wood carries on an extensive leather manufacturing business in Boston.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended upon is Miller's Worm Powders. They will not only expel worms from the system but act as a health giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

I notice a lot of advertising in the papers about Tan Lac and other great medicines. I have used all kinds to build me up and I must say there are none I struck yet like Rawley's Rumx Oil Compound. This is one of the very best medicines I ever tried for indigestion, etc., and I can highly recommend it to all who are run down and wish to be restored to health. Sold in Souris by the Rawley Man and also in Murray River. 2951 pd.

PAIN FLEES BEFORE IT.—There is more virtue in a bottle of Dr. Thomas' Electric Oil as a subduer of pain than gallons of other medicine. The public know this and there are few households throughout the country where it cannot be found. Thirty years of use has familiarized the people with it and made it a household medicine throughout the western world.
