DELICATE GIRLS
Need New Blood
The anaemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient out-of-door exercise and not enough rest and sleep.

It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue. Later comes the palpitation of the heart, headaches, dizziness following a stooping position, frequent backaches and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Invitation to Health Seekers

If you would know something of the wonderful healing power of massage in its most advanced forms, call at the Parador Office 225 Richmond St., Charlottetown. Massage of every kind may be obtained here—Hand-electrical, High Frequency, Vibratory, Violet Ray, and electrical and simple Hand Massage. In giving such treatment we concentrate chiefly on the spine, as the spine is the center of the nervous system and what helps the spine helps the entire person. After treating the spine we proceed to the local parts requiring treatment. No shocks accompanying the treatments. They are very soothing, penetrating and healing. A single treatment often gives much relief. This treatment differs greatly from old fashioned rubbing and has nothing to do with Osteopathy or Chiropractic. It may be given over the clothing as well as directly on the skin. Trial treatment free.
