Kensington And Vicinity

Miss Ruth Burns has returned to her home in Hunter River, after visiting in Kensington, the guest of Mrs. Frank McMillan.

Mr. Clifford Rodd of Charlottetown spent the week-end with friends in Kensington.

Miss Joyce Howar, student at U. C. C. Charlottetown was here for the week-end with her parents, Mr. and Mrs. Lloyd Howard here.

Mr. A. L. Rogers was a business visitor to Summerside Monday.

Mr. Tyndel Semple was a recent business visitor to Charlottetown.

The Young People's Union held their regular weekly meeting in the basement of the Kensington United Church on Wednesday evening last, with a full attendance. The meeting opened with the President Mr. Glen Cotton in the chair. Miss Vera McNeill was in charge of the devotional period which was brought to a close with the benediction.

With a full attendance on hand the Busy Bee Branch of the Red Cross held their weekly meeting in the Kensington Town Hall on Monday evening.

His many friends will be pleased to hear that Sgt. Pilot Officer Millar Wain of the B. C. A. F. has arrived safely in England, his mother Mrs. K. L. Wain, having received a cablegram from him on Saturday.

On Wednesday evening, March 6th, the Margate Women's Auxiliary met at the home of Mrs. John Johnson with Mrs. Heath Mayhew second vice-president in the chair. The meeting opened with Hymn 83, followed by The Lord's Prayer in union. Scripture reading Mark 6, was read responsively. The treasurer gave her report. The Christian Stewardship secretary Mrs. Chester Howard read an interesting letter concerning the allocation, etc. from the Island's Christian Stewardship Secretary Mrs. Wilfred Pickering. It was decided to accept an allocation of one hundred and fifty dollars and also to pay ten cents per member expense (fund. Temperance programme, where East Maitland was led by Miss Selma Johnson and a Biblical contest was carried out by Miss Evelyn Johnson. Collection was taken and meeting closed by all singing Hymn 449 in union. Next meeting to be held at the home of Mrs. Wilbur Dimins.

EAGLES SMOTHER HAWKS 5-1
With their goalie W. Campbell turning in the finest performance of net-minding seen here this season coupled with smart individual work of their forwards the Spring Maitland Eagles smothered the Kensington Hawks 5 to 1 to win the opening game in their best three out of five series for the Baker Trophy.

Campbell without a doubt was the star of the night he kicked out three out and smothered no less than 27 hard drives from every angle while his opponent D. McInnis turned aside but 10.

The Eagles forwards taking advantage of every break that came their way slapped in three in the opening frame H. Champion assisted by G. Champion, R. Craig and E. Craig in order scored all three to give the Eagles a lead that was never threatened, while the Hawks secured but one R. Howard making no mistake when he received a perfect pass from J. Tuplin.

In the second session Campbell did his best work of the evening, the Hawks during the whole period hemming the Eagles in back of their net and peppering him with rubber from all angles, but the youngster was just too good out-gunning the goal hungry Hawks on every occasion. But one goal was scored in this period H. Champion doing the honors at the 18:00 minute mark on a penalty shot which was awarded to them when McInnis held the waffer to long after making a stop.

The one and only score in the final period was got by C. Champion on a break away two minutes after the opening bell when the Hawks were playing every man up. The remainder of the period was a sorry disappointment for the fans as time after time the Eagles did not get it on their sticks.

purchases and the amount of their subscriptions will be substantially increased. From the beginning of the present campaign the number of employees signing pledge cards has increased daily. Previously a considerable number throughout the city had subscribed but as a result of the intensive campaign the original number of subscribers has increased seven fold and the cash value of their pledges has increased in similar ratio.

Commons hears Further details Of war budget

OTTAWA, March 13.—(CP)—Key war ministers gave the House of Commons further details on the make-up of the \$1,300,000,000 war appropriations bill today as Prime Minister Mackenzie King expressed eagerness to get the measure passed so the ministers could devote more time to work in their departments.

Munitions Minister Howe gave a breakdown of the \$180,458,421 allotted to his department, while Air Minister Power and Navy Minister Macdonald did the same for their departments.

Mr. King expressed impatience at the time taken to get the bill through when he refused a request from E. E. Perley (Con. Que.-Appelle) to set aside a time to debate the bill on Wednesday evening.

Mr. Howe's breakdown of estimated expenditures in his department for the year starting next April 1st, was:

Capital assistance to private companies, \$71,083,421; capital assistance to government-owned companies, \$29,376,000; direct expenditures by the government through the department, \$16,290,000; Dominion arsenals at Lindsay, Ont., and Quebec, \$1,960,000; working capital in connection with Canadian production, \$41,049,000; working capital in connection with aircraft production, \$2,600,000.

Mr. Power said anticipated air departmental expenditures in 1941-42 were \$231,139,185, plus a supplementary of \$483,163.

Total estimated outlay for overseas air operations was placed at \$15,800,000, the home air establishment at \$154,683,960 and for the air training plan \$250,613,300.

The Air Minister also gave figures for expenditures to Jan. 31 in the present fiscal year with estimated expenditures to March 31.

Actual outlay to Jan. 31 totalled \$139,021,617 less \$11,540,617 received on account of the joint training plan, a net total of \$127,481,000. This was divided into \$772,496 for overseas, \$40,415,318 for home war establishments and \$79,863,196 for the training plan.

Mr. Power indicated a large outlay on overseas account was due before March 31. The total outlay to the end of this fiscal year was placed at \$773,950 for home establishment. The total outlay up to March 31 was estimated at \$64,950 and for the training plan at \$150,745,372.

Estimated total air expenditures in 1941-42, the figure was \$224,483,843 against which the Minister anticipated receipts of \$26,800,000 for the air training plan, leaving a net total actual outlay of \$197,683,843.

Mr. Macdonald's figures reflecting plans for expanding the navy, gave as the largest item, \$1,356,000 for the acquisition and construction of ships. His total estimate for 1941-42 was \$169,640,304.

As items in the following: Salaries of civilian personnel, \$1,317,210; pay and allowance, \$3,609,000; travel and transport, \$1,356,000; operating expenses, \$400,000; fuel, \$1,902,700; charter of vessels, \$699,141; preparation of plans, \$100,000; acquisition, construction and repair of machinery and buildings, \$1,826,837; allowances in lieu of stores, \$1,715,600; victualling stores, \$7,821,003; miscellaneous stores, \$1,442,818; armament stores, \$1,549,000; fuel, \$7,846,630; miscellaneous stores, \$687,550; printing and stationery, \$381,900; harbor defenses, \$1,340,294; purchase and rental of buildings, \$414,161; sundries, \$1,547,800.

T. L. Church (Con. Toronto-Broadview) renewed his earlier plea for free transportation for soldiers going on leave and for life insurance for men in the services.

Rodney Adamson (Con. York West) expressed approval of the training and organization plan upon which the army is working and told of an unsuccessful attempt to bring to the railway companies to secure reduced fares for soldiers.

Replying to a speech made on Wednesday by Labor Minister Mcleod, Mr. Adamson (C.P.F. Vancouver East) said he was justified in bringing this, which was causing discontent among organized labor to stop the operation of the House.

He charged employers disregarded the order-in-council of last June, which set forth the principles to govern labor relations during the war and that the government itself sometimes ignored those principles.

Bennett denied that work had been halted.

Remembering that "it's plain that something has to be done here," Frank H. Bowen, regional director here of the National Labor Relations Board, announced that the

Bill to give U.S. two-ocean Navy in Congress

WASHINGTON, March 13.—(AP)—A \$3,585,144 bill to help finance the two-ocean navy started on its way through Congress today spurred by an official warning that the Axis nations possess greater potential sea power than the United States and that the already dangerous world situation may grow worse.

The House appropriations committee stamped its approval on the bill containing funds to carry the naval expansion program forward during the year starting July 1, and administration leaders said it was scheduled for House passage tomorrow.

At the same time, the committee made public testimony from Secretary Knox and other members of the naval high command delivered during secret hearings on the measure which started Feb. 3.

Admiral Harold R. Stark, chief of naval operations, told the group "the international situation may continue to grow worse for some time to come" and added that while no one could predict the exact date, it is imperative that we arm our selves as rapidly as possible.

Protest closing Of River Herbert Coal mine

OTTAWA, March 13.—(CP)—Protest against proposed closing of the Brito-lite coal mine at River Herbert, N. S., was made tonight in the House of Commons by Ontario G.I.s (C.C.F. Cape Breton-South).

He asked the government to use its authority under the national resources mobilization act, to take steps looking toward continued operation of the mine.

The mine is operated by Victoria Coal Company, Mr. Gillis said, and its 110 employees have been advised it will be closed April 30.

Last Monday Mr. Gillis asked the government to take some action but Resources Minister Crerar replied it was under the jurisdiction of the provincial government and he did not know what federal authorities could do. He said that in any event there would be no reduction in the output of coal in Nova Scotia.

Mr. Gillis said this particular mine found its chief market in the railways and he was convinced there was no dropping off in demand by the railways at this time. Something should be done, he contended, to conserve the means of livelihood of the 110 men and their families dependent on the mine.

Rumors of Disturbance at Ford plant

DETROIT, March 13.—(AP)—A dispute developed tonight as to whether there had been an actual work stoppage at a Ford Motor Company plant this afternoon and meanwhile plans were speeded for hearing on the petition of the Congress of Industrial Organizations' United Automobile Workers—for a P. E. election.

At reports of a disturbance at the Ford rolling mills and open-hearth department—later described by Harry Bennett, Ford personnel chief, as "a little excitement"—a union spokesman said he had been "a brief stoppage of work" by about 3,000 employees who he said were demanding reinstatement of eight U. A. W.—C. I. O. men. "The men, the spokesman said, were 'fired for union activity.' They were rehired and work was resumed, he said.

Bennett denied that work had been halted.

Remembering that "it's plain that something has to be done here," Frank H. Bowen, regional director here of the National Labor Relations Board, announced that the

Two dead, one Injured after Air collision

MONCTON, N.B., March 13.—(CP)—LAC. D. A. Williams was found dead late this afternoon with his wrecked plane, raising to the number of lives lost when two Royal Canadian Air Force training bombers collided and crashed about ten miles east of Moncton yesterday.

The other fatal casualty was P. O. C. Gillard, formerly of Vancouver, LAC. D. C. Code, of B. U. Y. Sask., was injured seriously. LAC. J. Patton, of Moncton, was killed and escaped unhurt.

Williams, born at Imperial Sask., is survived by his parents, Mr. and Mrs. R. A. Williams, City View, Ont.

Gillard, Code and Patton had occupied the plane located yesterday. Wreckage of the other, in which Williams had been flying solo, was found in dense brush half a mile away.

The body of Gillard, found in the cabin of his ship, was brought to Moncton today. A light, ski-equipped plane landed at the nearest clearing and the search party required half of the day to trudge through deep snow to the scene.

Zuel and Arcade Melanson, residents of Moncton, had a settlement in the Shediac district, said today they saw the two Avro Anson bombers collide soon after noon yesterday.

The men were unable to give details of the collision because the planes were flying extremely high. One plunged straight to the ground, they said, and the other spiralled, falling much more slowly.

The bomber ground yesterday apparently hit the ground nose first. Pilots who flew over it said wreckage was scattered over a large area.

Ontario's grand old man answered the telephone Saturday morning. "May I come up for lunch?" said the voice at the other end. This informally did Prime Minister W. L. Mackenzie King drop in for a surprise visit on Sir William Mulock. The friends are shown before the library fire in Sir William's Toronto home.

Wage increases Recommended For N. S. Miners

OTTAWA, March 13.—(CP)—Wage increases for employees of Dominion Coal Company, Cumberland Railway and Coal Company, Acadia Coal company and Old Sydney Collieries Ltd., have been recommended by a special labor tribunal in a decision handed down last Monday by Labor Minister McLarty announced today.

The Minister's statement said the tribunal headed by Mr. Justice G. P. McTague, of the Ontario Supreme Court, had found that in the case of Dominion Coal Company and Cumberland Railway and Coal Company "there was available money out of which certain advances in wages may be paid."

The companies' 1,000 employees had asked an upward revision of the 1940 wage scale.

Mr. McLarty's statement said the tribunal had suggested that the "free rent and coal to all employees in certain classes" be given a 10 per cent. increase in their basic rates by the two companies.

Other suggested revisions in the two companies' employer-employee contract were:

"For shippers and trimmers on international pier a rate of 60 cents per hour for all men actually working in the slack season (Nov. 15-Feb. 1) approximately) to be paid at the rate of two hours for time worked if called out at all; four hours if worked more than two, but less than four; eight hours if four or more."

"Rate to shippers for bank slack increased from .0408 to .0475 per ton."

"For shippers operating the haulage system \$10 per man per year."

"Rate to shippers on foreign bunker boats five cents per ton."

"Free rent and coal to all enlisted men of their families."

Carrying out of the recommendation, said the statement, would cost the companies about \$500,000.

In regard to Acadia Coal Company, which employs about 1,200 men, the tribunal recommended that Ford election hearing had been set tentatively for March 24.

Ontario's grand old man answered the telephone Saturday morning. "May I come up for lunch?" said the voice at the other end. This informally did Prime Minister W. L. Mackenzie King drop in for a surprise visit on Sir William Mulock. The friends are shown before the library fire in Sir William's Toronto home.
