200 DELEGATES AT CONVENTION

Moncton's Mayor Addresses N. B. Farmers' And Dairy-men's Association.

MONCTON, N. B., Jan. 19.—(By the Canadian Press)—"Although the world is in a period of depression, we are building for better times," declared Mayor C. H. Blakely in an address of welcome to 200 delegates attending the 50th annual convention of the New Brunswick Farmers' and Dairy-men's Association here tonight.

The one big problem facing the world today was distribution rather than production, said Mayor Blakely. "In the past much time has been spent on production, but why should men go hungry when the best elevators of the west are filled with grain? Why should individuals suffer from cold when the mines of Nova Scotia are abundant with coal?"

Half Million Gold Shipment Leaves Sydney

SYDNEY, N. S., Jan. 19.—(By the Canadian Press)—The \$500,000 shipment of gold which moved out of Sydney last night in a guarded express car, is presumed to be a portion of the \$2,000,000 credit recently arranged with Canadian banks by the government of Newfoundland.

The bullion was shipped to Sydney last fall when negotiations were opened between representatives of the island Dominion and Canadian banking leaders, in Montreal and Toronto, with a view to tidying up Newfoundland's financial difficulties until such time as the budget could be balanced. At that time, it is said, the banks arranged to transfer gold to Sydney, where it was to await further instructions. Since then it had remained in the vaults of a local bank.

Final negotiations, however, were delayed until recently, and the agreement evidently changed original plans for the shipment of gold, which was ordered back to Montreal.

Refusal of bank, express, police and railway officials to discuss the shipment resulted in intense speculation in Sydney, among residents who had seen a guarded truck drawn up in front of the bank last night.

(Special to the Guardian)
Mr. B. W. Robinson was elected by acclamation as President of the Summerside Board of Trade at the annual meeting held at the Queen Hotel last night. There was a good representation of members present.

Several discussions took place on matters of importance to the town and Prince County. A suggestion by Mr. L. R. Mr. Campbell made mention of the excellent condition of the piers on Railway Wharf, Mr. G. M. Mulart

in a discussion on the facilities for tourists informed the meeting that the golf club had purchased land facing Beauceux Bay and adjoining the golf course which could be used for a summer colony for tourists.

BOOST TOURIST TRADE

Mr. Robinson made the further suggestion that the Town Council be asked to co-operate with the Board of Trade to boost the tourist trade this year and to assist in providing the facilities required to induce the right kind of people to visit our province. Other speakers were: Dr. John MacNeill, Mr. Morley M. Bell and Mr. A. R. Brennan. The secretary, Mr. Gordon, gave a short report of the board's activities during the year.

French Cabinet Will Not Be Able To Furnish Business In Time For Monday's Parley At Lausanne.

(By Melvin K. White, Editor, Associated Press Staff Writer)

PARIS, Jan. 19. (A.P.)—It appeared almost certain tonight that Premier Laval would seek a postponement of the Lausanne Conference called for the purpose of determining what to do about German reparations.

The Chamber of Deputies, without any protest from the Government, put off until Thursday the business of voting confidence or non-confidence in the new Laval Ministry.

In Cabinet circles it was said it would be almost physically impossible for the French to get through Parliamentary business in time to appear at Lausanne next Monday, the date tentatively set for the beginning of the conference.
