L-1344-6-11-18-25.

### RECOVERY ON WALL STREET 'MY STIFYING'

### May Possibly Be death knell Of Business Slump, Belief.

NEW YORK, N. Y., June 24—When the closing gong resounded through the big trading hall of the New York Stock Exchange today, the total quoted value of securities dealt in there was some \$4,000,000, 900 higher than at the beginning of the week.

Not since the spring of 1933, when prices surged upward after the banking holiday, has Wall Street seen such a sudden and rapid swelling of the price of the shares of the nation's leading corporations.

The buying wave which has been sweeping through the market since Monday subsided somewhat today after the slightest overnight accumulation of orders since last October were reported in the first hour.

Rapidity of the upswing prompted many traders to sell and cash in their profits this afternoon, and leading issues finished around \$1 under the day's best prices, although the close saw numerous net gains of 10 to 25.

Wall Street analysts with few exceptions expressed surprise over the abrupt turnabout, some even "mystification." But the change in the market's inclination in financial circles to believe the market might be sounding the knell of the business slump which began a year ago.

### Badly Decomposed Body Of Former Island Man Found

MONCTON, N. B., June 24 (CP)—A badly decomposed body found in the Pettaudic River five miles from here tonight was believed to be that of Reginald Vesey, former mayor of Charlottetown and recently manager of co-operative store at Albert, N.B. Vesey has been missing for six weeks, and the body was in the water about that time, officials said.

Decision regarding an inquest awaited definite identification of the body.

### Senator Tobin Passes Suddenly

BROMPTVILLE, Que., June 24—A career of service in Dominion politics that began with election to the House of Commons at the turn of the century and culminated in appointment to the Senate eight years ago ended today with the death of Hon. Edmund W. Tobin.

The 72-year-old member of the Upper House died suddenly in a hospital in this eastern townships community less than two hours after an attack of angina pectoris struck him in his sleep. He had been in good health when he retired last night.

### PLAN COALITION GOVERNMENT

CAIRO, June 24—King Farouk today accepted the resignation of Mohammed Mahmoud Pasha's cabinet to make way for a reconstructed coalition government along lines suggested by the premier.

### Waziristan Plot Against Afghanistan Is Disclosed

PESHAWAR, Northwest Frontier Province, India, June 24 (AP)—British Army officers have disclosed a plot among Waziristan warriors, led by a fanatical Mohammedan priest, to overthrow the reigning dynasty in Afghanistan.

The frontier between India and Afghanistan is closed. Tonight the Government issued a communication saying: "In view of its international obligations, the Government of India are watching the situation most carefully and taking such steps as are possible to prevent any influx of Waziristan tribes into Afghanistan territory."

Waziristan is a mountain tract in the northwest province, bordering on Afghanistan. The coming in the midst of the recurring border troubles between British India and turbu-

### Transport Bill Makes Little Progress In Senate Committee

OTTAWA, June 24 (CP)—Little progress was made today on the Government's Transport Bill. The stumbling block of its passage through the committee is the clause which would permit the railways to make agreed charges.

That is, the railways might give special rates to shippers if those shippers undertook to transport all their goods by rail. The purpose of the provision is to explore an avenue of increasing railway traffic and obtain more revenues, even if it might be necessary to reduce rates.

Many objections were voiced against this and against the other chief provision which is aimed at compelling water-transport companies operating on the Great Lakes to file schedules of freight charges.

Today the committee decided to let the whole matter lie over the week-end. If transport Minister Howe and several of those opposing the measure could not come to some agreement which would facilitate the passage of the bill without further controversy.

### GIANT YOUTH RALLY HELD AT CONGRESS

### 60,000 Children Parade Through Narrow Historic Streets Of Quebec.

By LOUIS V. HUNTER, Canadian Press Staff Writer

QUEBEC, June 24 (CP)—In a giant youth demonstration, first of the National Eucharistic Congress, 60,000 children in colorful costumes paraded today through the narrow, brilliantly-decorated streets of this storied city to the Plains of Abraham to witness the Mass. The children, dressed in the vestments of 100,000 seats rising in the air, were led by the St. Lawrence River. Under a scorching sun, the children many of them in uniforms of white and blue with berets, saw the presentation of the play by Henri Gheon, French author "The Mystery of the Mass" depicting the ancient Jeweled crown and lastly the Christian era.

In costumes, many of which dated from more than 2,000 years ago, the actors performed on a high stage erected at the base of the old, existing repository. The costumed actors were clad in contrasting costumes, characteristic of the periods covered in the drama.

The blare of trumpets and staccato rattle of drums and the children paraded from the start of this through the version of the old French-Canadian town to the old battle ground where more than 160 battalions of a nation was settled when Britain wrested Can-

### JAPANESE LAND STRONG FORCE NEAR ANKING

### Chinese Consolidate Recapture Of Important Areas In Honan Province.

(A. P. by Guardian's Special Wire)

HANKOW, China, June 24—Japanese forces driving up the Yangtze River toward this provisional Chinese capital landed more than 8,000 men from the river's south shore near Anking today under cover of a heavy coordinated warship and airplane barrage.

With the ships blasting at Chinlese defenses and the planes alternately bombing and strafing, the invading infantrymen were put ashore 36 miles north of Anking, at a point 180 miles by river from Hankow.

Three hundred miles to the north, on the Honan province front from the Lushan Railway, the Chinese consolidated gains made in following up retreat of Japanese who were forced back by the great Yellow River special forces. Following up the retreat of the highly mechanized Japanese forces, the comparatively light Chinese units have recaptured important areas previously won by the Japanese. The Chinese earlier reported recapture of Chungchow, on the Lushan 25 miles east of Chengchow, and Hushin, 30 miles south of Chungchow.

### No Special Privileges

SHANGHAI, June 24—A Japanese spokesman tonight declared that "third power nationalities residing in Japanese occupied territory in China do not enjoy special status because of their extrajurisdictional status."

He was making formal denial of charges that a Japanese sentry at Nanking had slapped a United States missionary.

### Is Making Good Recovery Dunning Expected Back At Office Monday.

(By The Canadian Press)

OTTAWA, June 24—Finance Minister Dunning, who suffered a heart attack in the House of Commons Wednesday, is making a good recovery his physician, Dr. F. W. C. Mohr, said tonight.

The physician has prescribed a rest of several more days. While Mr. Dunning told visitors today he expected to be at his office Monday, Dr. Mohr said he doubted the Minister would be sufficiently recovered then to return to his work.

Dr. Mohr stated that there is "nothing serious in Mr. Dunning's condition, but that he is recovering slowly and that he is doing hard work in preparing the Budget, keeping tab on the trade negotiations, preparing the housing legislation and directing the investigation into the small-loan companies."

Mr. Dunning complained earlier in the session of fatigue. At the Easter adjournment, he went to Ottawa City and simply rested. He appeared greatly refreshed on his return, but has been under heavy strain and pressure of work. He is known to have felt very recently attacks upon himself and the sedulously propagated idea that he has become an "Eastern" man with the "Eastern" outlook. No one in public life is considered.

### 500 Montreal C. N. Workers Laid-off

(By The Canadian Press)

MONTRÉAL, June 24—Spokesmen for about 500 Canadian National Railway shop workers, about to be laid off under a personnel reduction plan, will protest to civic and federal authorities Monday. E. Whitlock, Montreal delegate to the Federated Railway Trades Organization, said tonight.

Whitlock declared that 500 men would meet Mayor J. Adhemar Raynault of Montreal, the City Council at Verdun, where most of the workers live, and members of parliament.

The 500 employees here, along with others in the road's central and Maritime regions, are to be laid off at the end of a 10-day "cessation of work" for the whole shop force that started today. About 25 per cent of the workers in each shop are affected by the order.

### Nazis Claim U. S. Fears Ungrounded

BERLIN, June 24 (AP)—Warning to Germany against "the cloven hoof of Uncle Sam" issued by the German press today was sounded tonight in the Deutsche Allgemeine Zeitung.

In an editorial captioned "the gospel of good neighborliness," the newspaper declared the United States now needs and seeks South American friendship because of the alleged menace of totalitarian states.

Such fears the paper described as ill-founded. It declared the United States is now making no special attention to developments in Argentina, Brazil, and Chile where it was alleged Germans were victims of "exaggerated nationalism" wherein the editorial professed to see "the cloven hoof of United States pressure."

### Well Earned Rest

LORD BADEN-POWELL

LONDON, June 24 (CP)—Lord Baden-Powell, founder of the Boy Scout movement, has been told by his physicians he must be prepared to watch others do the hard work.

In a letter to the "Boy Scout News" Lady Baden-Powell wrote commending efforts to increase the Scout fund, but said of her 81-year-old husband:

"Just at this time, to his deep regret, my husband is unable to play his part as he would like. With a heart tired out with consistent overwork his good turn can only be an armchair one, for he is at the mercy of his doctors who tell him that if he really wants to live to see the Scout movement secure he must sit back and watch others do the hard work."

The Chief Scout was ill when he returned to England early this summer after a holiday abroad.

### HALF STEP AS PEACE FACTOR

### Italy And Germany Guarantee Switzerland's Neutrality.

ROME, June 24—Another peace accord was sketched on the map of western Europe today when Italy and Germany formally assured neutrality they would respect her traditional aloofness from international squabbles.

It was said it would be difficult to exaggerate the importance of the agreement between the two major European non-league powers at a time when the situation in Eastern Europe was uncertain. It was for this reason as much as for Italy's long-standing friendship for the Swiss that Premier Mussolini decided to announce his declaration of neutrality.

Announcements announced today were given in an exchange of letters between Rome and Bern and Berlin.

The Italian government is convinced that the unconditional maintenance of the integral and perpetual neutrality of Switzerland constitutes an important factor for an peace in Europe. Italy's Foreign Minister, Count Galeano Ciano wrote.

### 46 Bills Given Royal Assent

OTTAWA, June 24 (CP)—Forty-six bills were given royal assent today by Hon. L. A. Cannon, Justice of the Supreme Court of Canada, acting as deputy for the governor-general. Twenty-five of these were divorce measures.

Bills assented included:

- The act amending the copyright act (dealing with the Canadian Performing Rights Society).
- An act amending the Exchequer Court Act and the act amending the National Harbors Act, 1936.
- An act amending the Railway Act allowing persons whose property were damaged by snow removal to obtain redress through the board of railway commissioners.
- The act respecting registration of shop cards by labor unions.
- An act amending the Canada Shipping Act, 1934, to prevent Canadian ships from carrying munitions to ports that have been designated war zones.
- The act to assist municipalities in making self-liquidating improvements (the government's \$30,000,000 employment scheme).

### LEGS CRUSHED UNDER WHEELS OF TANK CAR

### Marie Gallant Rushed To Hospital In Critical Condition Last Night.

Marie Gallant, 8-year-old Charlottetown girl, her legs badly mangled below the knees when a railway tank car rolled over them, was in the City Hospital in a critical condition early today. Marie's father, Mr. and Mrs. Austan Gallant, 232 Euston Street, was struck by a Canadian National tank car just south of the Fitzroy Street crossing shortly before eight o'clock last night. Returning from the bathing houses near Hillsborough Bridge with four girls in tow, Marie was in front when the approaching car which had been given a "flying shunt" by a yard engine. Seeing the car approach the other shouted to Marie to "come back." She ran on, however, and as she came to the rails stumbled and fell, scrambling half to her feet she again fell forward with her legs across one of the wheels before she could move the wheels were upon her.

Lying in the grass beside the track where she rolled the child sobbed to her companions "go and tell them home."

Sergeant Allan McInnis, whose home is near by, picked up the injured girl and carried her to the automobile of Mr. P. J. MacDonald, operated by his son, "Addie" MacDonald who drove at top speed to the Charlottetown Hospital.

Both legs were amputated below the knee. Early today hospital authorities were unable to say what the girl's chances of recovery were. She was suffering from shock and loss of blood.

Mr. W. Macdonald, superintendent of the Prince Edward Island division of the Canadian National Railways last night said that although he had not the full report from the train crew he understood the accident occurred about fifteen yards south of the Fitzroy Street crossing.

The car which struck Marie had been given a "flying shunt," he thought and was not attached to the engine at the time of the accident.

## Major Battle Is Underway In Key Sarrion Region

### Government Reinforcements Seek To Stem Insurgent Drive Threatening Valencia.

By JEAN D'HOSPITAL  
Copyright, 1938, By The Havas News Agency

ZARAGOZA, Spain, June 24 (CP Havas)—More than 100,000 men were locked in battle tonight along a 15-mile mountainous Teruel Province front as the Government and Insurgents fought for possession of the Sarrion sector, a key link on the northwestern stretches of the Teruel-Sagunto highway.

The battle climaxed an offensive launched two days ago by insurgent motorized columns which succeeded early this morning in cracking Government lines in the heavily fortified Sarrion region, 23 miles southeast of Teruel.

On its outcome will depend the fate of the Insurgent attempts to drive on Sagunto, and eventually Valencia, from the southeastern fringes of Teruel Province.

The Sarrion battlefield extends from Mora de Rubielos on the northeast, to Manzanera on the southwest, skirting the Government-held Sarrion in the centre.

Following swift flanking operations, the Insurgents seized two new positions dominating Sarrion and threatened the village with encirclement.

The Government, apparently determined to cling to Sarrion whatever the cost, moved fresh troops to the breach, and launched six unsuccessful counter-attacks against Insurgent units.

TARAGONA, Spain, June 24 (CP)—Motorized insurgent forces today pressed through buckling Government lines in the heavily fortified Sarrion region, 23 miles southeast of Teruel in the Valencia drive launched 18 hours ago.

Artillery and air units blasted holes in the fortifications constructed as the first-line defence to stem the insurgent advance on Valencia via the Teruel-Sagunto highway and compelled the hard-pressed Government troops to abandon some of their positions.

MADRID, June 24 (CP Havas)—Representatives of all parties of the Spanish Popular Front met here tonight under the auspices of the national committee and broadcast a battle-cry: "Resist!"

The delegates of the Anarcho-Syndicalist Nationalist Federation of Labor declared:

"An enemy incapable of defeating us in the field of battle is trying to terrorize us by bombing our women and children, in order to break down our morale."

"Anti-Fascists, we must stand on our feet."

"The rebellions in Cadiz and Malaga are not mere isolated manifestations, they are symptoms of a deep-seated conspiracy. Each day of resistance is a new burden which falls on the head of the enemy."

### CLAIM ANTI-SEMITISM TAUGHT IN STATES

NEW YORK, June 24 (AP)—A New York state legislative committee investigation of Nazi activity in the United States brought out testimony today that Anti-Semitism is being taught to foreign-born children in the United States.

The committee heard testimony from Mrs. James Purves, formerly of North Sydney, N. S., now of Halifax, was made an honorary member of the society.

Reports were presented by nursing Sister Mary Peter on nursing progress, and Miss V. Beggs, Wolfville, N. S., on publicity.

### United Baptist Ass'n. Meets At Summerside

### Mr J. P. Gordon, Moderator, Presides At 71st Convention.

The 71st annual convention of the Prince Edward Island United Baptist Association opened yesterday in the Summerside United Baptist Church. Mr. J. P. Gordon, Moderator of the Association, presiding. Rev. J. B. Wilson, B. D., clerk of the Association and pastor of the Summerside Church had charge of the meeting.

The morning session met at 9:45 with a devotional service conducted by Rev. S. Trues. Rev. Mr. Wilson gave the address of welcome which was replied to by the Moderator. The business session conducted.

The afternoon session opened at 2:30 with a devotional service by Rev. J. G. Duncan. A report on the Maritime Baptist Convention was given, also reports on home and western missions. The Women's Missionary Societies held a business session and elected officers. Mrs. J. G. Duncan, O'Leary presided at this meeting and Mrs. Jack MacLeod was secretary. The Waterworth of Montague read the Scripture and Mrs. John Crockett.

High tide this morning at 7:23 and tonight at 8:06. Sun sets this afternoon at 7:51 and rises tomorrow morning at 4:15.

New moon June 27th, 5:10 P.M. Summerside tide 18 minutes later than Charlottetown.

METEOROLOGICAL SERVICE, Toronto, June 24 (CP)—Minimum and maximum temperatures:

|               |       |
