

Move Huge Country Home 300 Miles Wonder If Ghosts Will Follow It

WAS ONE OF MOST EXTRAORDINARY "MOVES" IN ALL HISTORY—CHANGE REQUIRED TO ENLARGE OLD HOME.

LONDON, May 12—One of the most extraordinary house "moves" in the world is nearly finished. A complete country house is being taken 300 miles across country. Mr. John A. Dewar, the millionaire racehorse owner, was a bachelor when he inherited The Homestall, a six-hundred-year-old mansion near Grinstead, Sussex, from his cousin uncle, the late Lord Dewar. Then he married and he and his wife agreed that it must be enlarged. But to add modern architecture to its rambling gables would have been desecration. So they searched for an old mansion exactly similar in style to The Homestall. At last they found the one above—Dutton Hall, near Runcorn—three hundred miles away, in Cheshire. It was built centuries ago by a powerful feudal family. Bit by bit Dutton Hall was taken to pieces. Not a single brick or rafter was damaged. Even the polished stone flags in the floor were taken up, carefully indexed so that they could be easily put together again, and then packed away into cases.

Race Is Likely To Be Staged At World Fair

(Special to The Guardian)

MONCTON, N. B., May 11—Enroute from Lunenburg, N. S., to Quebec to await the arrival of the world's champion fishing schooner "Bluenose" there on her way to Chicago for exhibition at the Chicago World's Fair, W. H. Smith of the Lunenburg Sea Products Company, joint owners of the vessel, was a passenger on the Ocean Limited of the Canadian National Railways passing through Moncton today. Mr. Smith stated that in all probability a race would be staged between the "Bluenose" and the Gloucester, Mass., contender "Gertrude L. Thebaud," skippered by Ben Pine on Lake Michigan. He further stated that "Bluenose" is sailing faster than at any time in her remarkable career. Speaking of the design of the "Bluenose" Mr. Smith said that she was built to the design of W. J. Rowe of Halifax but that her stern and bow were slightly altered by the builders from the original plans. One of the secrets of her remarkable success, he continued was her bottom.

REICH GOV. DELAYS TRUCE PROPOSAL

Tariff Truce Agreement Meets With Opposition — Germany Would Study Pact.

LONDON, May 11—(A.P.)—The tariff truce which it was hoped would be inaugurated today with the solemn agreement of the eight nations composing the World Economic Conference Organizing Committee, tonight appeared indefinitely delayed with even the bare chance that efforts to bring it about may fail altogether. Instead of the assent which had been confidently expected from Germany as early as yesterday noon, the Reich Government advised the British Government that it must study the armistice before giving an answer. Officially, it was said that this course was perfectly proper and that the Berlin Government has every right to study the proposals as long as it wishes. Privately, however, some annoyance was expressed because a meeting of the Organizing Committee scheduled for this afternoon in order to receive the acceptances and pass the truce along to other governments of the world, had to be postponed indefinitely.

FORMER LABOR MIN. INJURED

Hon. Peter Heenan Is Receiving Treatment After Auto Crash.

(Canadian Press) BROOKVILLE, Ont., May 11—Hon. Peter Heenan, former Minister of Labor, is receiving treatment in hospital here with other members of a party injured when the Heenan automobile crashed into a wagon driven by Abraham Tessie of Brockville, near Malloytown. Mr. Heenan was bruised and shaken up; Mrs. Heenan is suffering from scalp wounds and cuts about the arms; Mrs. P. McEvoy, Ottawa, has a scalp wound and body cuts, and Miss Helen Doherty, Ottawa, is shaken up and bruised. Tessie is a driver from possible fractures of the ribs. Enroute from Ottawa to Kingston, Mr. Heenan swung his car toward the ditch to avert a collision with the wagon, but struck the back of the cart.

Wins Title For Third Time

(Canadian Press) SAINT JOHN, N. B., May 11—For the third year in succession, Black's Alleys, Saint John, won the Maritime and Eastern Maine candlepin bowling championship, closing here tonight.

Indian Gov. Loan Is Oversubscribed

LONDON, May 11—(C.P. Cable)—Subscriptions to the £12,000,000 loan floated yesterday by the Indian Government were taken up within an hour and totalled four times the allotment, it was announced today. Purchasers had to be content with 25 per cent of their applications. Today the loan was selling in the open market at a premium of 5-8 of one per cent. The proceeds are intended for redeeming £7,000,000, six per cent bonds and for financing a railway construction job and other capital expenditures.

FAVORITES FOR ENGLISH DERBY

(Canadian Press Cable) LONDON, May 11—Tonight's tall order of betting odds for the May 31 running of the historic Derby at Epsom showed Hyperion, Lord Derby's chestnut colt, fine former in last year's two-year-old events, and Rodosto, winner of the two thousand guineas, joint favorites at 100-9 against. Young Lover, winner of yesterday's Newmarket Stakes, was coupled with Manitoba, unplaced Guineas favorite, at 100-8. King Salmon, close second to Young Lover in the Newmarket Stakes, was quoted at 100-7. Other odds were: Highlander and Felicitation, 20-1; Light Sussex, 15-1; Scarlet Tiger, 50-1.

One Cent A Mile Excursion To W. Canada

MONTRÉAL, Que., May 12—Inaugurating what Canadian railway officials believe will be one of the greatest rail travel movements in the history of the country, C. P. Riddell, chairman, Canadian Passenger Association, announced that commencing in May and extending into June, Canadian railways will establish a rate of one cent a mile for coach travel between points in Eastern and Western Canada and return. These rates, which initiate an all-time low in Canadian passenger fares, are in reality an extension of the coach excursion idea, which has proved so popular with the Canadian public during the past year. Sale of tickets from Western Canada will commence on May 24 and will extend to and include June 8. Tickets will be good to commence journeys only on the date of issue and will be good to return 30 days from the date of sale. Eastern Canadians desirous of visiting their Western friends can commence their journey on May 31, as the sale of tickets starts on that date and extends up to and including June 15. Coach excursion tickets will be honored for passage in tourist sleeping cars on payment of a passage fare charge of one-half of the tourist car lower berth rate per passenger, irrespective of space occupied in the tourist car, in addition to the regular berth rate for accommodation occupied.

Peruvian Shins Permitted to Fuel

WILLEMSTAD, Dutch West Indies, May 10—(A.P.)—Three Peruvian warships, bound for the upper Amazon country where Colombia and Peru are having a border conflict, were permitted to enter the harbor today and to take on fuel and provisions. Permission to enter the harbor was arranged at a conference of the Peruvian Consul, Peruvian naval officials and the Governor. It was announced that the provisions were to be sufficient to enable the ships to reach the nearest port. GENEVA, May 6—(A.P.)—The League of Nations Committee seeking to compose the conflict between Peru and Colombia did its utmost today to prevent general hostilities from developing. The Committee will appeal to both countries to exercise restraint—Peru as to her warships and Colombia as to her seaplanes, which she desires to send to the Dutch West Indies and to Dutch Guiana. The Dutch representative at the League said that his Government had decided to refuse its facilities to both the Peruvian squadron and the Colombian seaplanes. There was surprise when news reached here that the warships had entered the harbor at Willemstad.

You'll be able to get your family to eat healthful greens if you combine several different varieties instead of serving just one at a time. For instance, spinach, young beet tops, dandelions, kale, broccoli and Swiss chard cooked together make a feast that even spinach haters will find delectable. You don't need to serve all the greens mentioned above at the same time. Two or three will do the trick. A few drops of vinegar or a tablespoonful of lemon juice improves the flavor of greens.

OFFENSIVE WORDS UTTERED IN COMMONS

Remarks in House Draw Sharp Rebuke From Premier Bennett.

OTTAWA, May 11—Offensive words flew across the floor of the House of Commons tonight and drew a sharp rebuke from Premier R. B. Bennett and a ruling from Armand Lavergne, Deputy Speaker. The House was stooping too low, said Mr. Bennett, when a remark made by J. F. Pouliot (Lib., Temiscouata) was uttered. The remark was made about Hector Charlesworth, Chairman of the Radio Commission, and Mr. Lavergne said had it been made about a member of the House he would have compelled its retraction but the rules did not preclude such remarks about an outsider. F. G. Sanderson had said Mr. Charlesworth should be told to "bridle his tongue" and Mr. Pouliot shouted: "Take his tongue and twist it seven times around his whiskers."

Bluenose Crew Will Be Tendered A Luncheon

MONTREAL, May 11—The captain, crew and owner of the Bluenose, Queen of the Atlantic Fishing Fleet now on her way to Chicago's Century of Progress Exposition, will be tendered a luncheon when they arrive here. This announcement was made today by R. W. Gould, Secretary of the Canadian Fisheries Association who stated he expected the Bluenose to be in Montreal next Monday. She is now off Martin River Que., 115 miles below Father Point. Officials of the Association, yachting officials and persons connected with fisheries will also be present at the luncheon, Mr. Gould said.

Home From Chile Mission

TORONTO, May 10—(C.P.)—To have spent 35 years in Chile as a missionary teacher among Indian boys and girls has been the experience of Miss Louy Thomas who has recently returned to Toronto, and who is retiring from active service on the mission field. During her long residence in Chile where she has served under the auspices of the Missionary Society of the Church of England in Canada, Miss Thomas has witnessed many evidences of progress. The mission school for Indian boys of the Araucanian tribe when established, 10 miles distant from Temuca, had an enrolment of four pupils, and now has more than 100 students. Miss Thomas, who began her missionary career as a teacher in the boys school, was later transferred to the girl's school of which she was Principal at the time of her retirement. Conditions are far from cheering in Chile at present, claims Miss Thomas. Where originally a Spanish pound constituted 40 pesos, today a Spanish pound may be exchanged for 130, and sometimes as high as 190 or 200 pesos. No one is permitted to send out or to take money out of Chile, and many perplexing situations arise. Owing to the shortage of gasoline motor-car owners are rationed with supplies of gas. Wheat is far from plentiful these days. The Indians live in thatched huts, which are comfortable and roomy.

Seaman's Wage Dispute Settled WELLINGTON, New Zealand, May 11—(C. P. Cable)—The seaman's wage dispute with their employers which threatened to paralyze New Zealand shipping was settled today. All ships will be recommissioned tomorrow and a new agreement provides for a wage cut of 2 1-2 per cent instead of five. Original working conditions stand.

Little Hope Held For Missing Schooner

(Canadian Press) ST. JOHN'S, Nfld., May 11—Hope for the missing schooner Maggie Murphy and her crew of seven was renewed today when another vessel reported having seen the fishermen when last weekend's storm was on the wane. When the Murphy failed to return to Little Bay early this week with other vessels of the fleet, it was feared she had gone down. Today the trawler Agulhas headed for St. Pierre Banks to search for the missing vessel. A report from St. Pierre said a schooner which looked like the Murphy was seen on Tuesday, returning to the Banks after the storm.

Bluenose Crew Will Be Tendered A Luncheon

MONTREAL, May 11—The captain, crew and owner of the Bluenose, Queen of the Atlantic Fishing Fleet now on her way to Chicago's Century of Progress Exposition, will be tendered a luncheon when they arrive here. This announcement was made today by R. W. Gould, Secretary of the Canadian Fisheries Association who stated he expected the Bluenose to be in Montreal next Monday. She is now off Martin River Que., 115 miles below Father Point. FOR **Mother's DAY**

SUNDAY May 14th

To Lighten Mother's Labor
An **ELECTRIC WASHER**
Or **VACUUM CLEANER**

To Make Her Hours In The Kitchen More Pleasant
a **FRIGIDAIRE**
or **HOLMAN RANGE**

Other Suggestions
To Gladden Her Heart
A NEW DINNER SET
DINING ROOM SUITE
COMFORTABLE CHAIR
CHESTERFIELD SUITE
TABLE OR FLOOR LAMP

Just one day—set apart for the Mother whose heart is true to you—not for just a day, but always. It's not enough—one day out of 365—nevertheless, it gives you an opportunity of pleasing her by remembering her on her day.

Your Remembrance may be only a brief message—preferably an appropriate Gift—but whatever you do— or give—let it be "heart-sent."

Here are a few things that Mother has perhaps longed for—worthy reminders of your thoughtfulness and affection for years to come—

Sweeten Her Memory—And Yours—Today!

SUMMERSIDE HOLMAN'S CHARLOTTETOWN

ered articles and the refresh smell of soap and water, furniture polish, camphor and lavender, which seems to pervade each chest and cupboard.

Many inexperienced housewives give themselves extra fatigue by working without method, and their labors on one day often undo the work of the day before. There is a science in spring-cleaning, as in everything else, and it is wise to remember the old housekeeper who instructed the new maid with the motto, "Inside first, Jenny, then on top and behind; and, lastly, floors, and the usual."

Acting on this principle, commence with the wardrobe and linen chest. All winter garments should be freshened up again, and frocks that have "seen their best days" should be put aside to be converted into other garments. Turn everything that is the least soiled into the laundry bag, because few things encourage moths, or spoil the fresh "camphor and lavender scent" of wardrobe or chest more than crumpled, soiled clothes.

When the chests are empty remove all lining papers and wipe the entire cupboard and each drawer with a clean rag that has been dipped in kerosene. This provides a marvellous cure for moths. Leave the cupboard open for ten minutes for the kerosene to evaporate, and then put in fresh lining papers and replace the clothes. The smell of the kerosene will soon pass off and will not be noticed at all if a few muslin bags of fresh lavender or some tiny camphor sachets are laid in each drawer or hung up in the cupboards.

Thoroughly scrub out the linen chest with soap and warm water to which have been added a few added a few drops of ammonia, and pass the kerosene rag round the corners and joints of the shelf devoted to blankets.

It is a good plan to have cretonne or simple washing wrappers to the loosely round the reserve stocks of blankets, sheets, or other articles that are put away on the top shelf as otherwise they tend to get dusty and discolored in the folds. Covers can be made of unbleached calico cross-stitched in simple coloring and made large enough to lie flat on the shelf and to fold over the clean linen or blankets and tie off with tapes in front.

Articles in constant use should be separated from those for special occasions, and shelves should be kept especially for dining-room linen, bed linen, blankets, and cretonne and muslin covers, because this saves much time when an article is needed in a hurry. Method and order always pay the housekeeper.

GOOD NEWS!

SAVE FRIDAY AND SATURDAY AT HOLMAN'S

Special Values in China Department

—AT BOTH OUR STORES—

23-Piece Teaset

Another Shipment of 23-Piece China Tea Sets in Beautiful Decorations. A very neat Pattern. Pieces are gracefully shaped and look far more expensive. Don't confuse with other cheap Sets. May 12th to May 18th only, complete Set
