STRIKE COST OPERATORS AND MEN \$27,000,000

CHICAGO, Sept 11—The strike of 44,000 coal miners in Illinois, which was settled yesterday it is estimated cost the miners \$12,000,000 in wages. The loss to operators during the five months shut down placed in

hood at 20,000,000 tons.

The strike of Illinois Coal Miners lasted twenty-three weeks. It was brought to an end by the signing of an agreement adopting the wage scale outlined by the Peoria miners convention. The men will return to work Saturday morning.

The agreement carries a general increase of three cents a ton throughout the state, an increase of five cents in the Northern fields and six cents in Franklin and Williamson counties. The operators also agreed to an increase of 5.55 per cent for all day laborers. This will increase their cost between two and three cents for each ton.

ACCEPTED GRAFT.

NEW YORK, Sept. 11.—The admission that at least part of the money generously placed to his credit by the president of the New York State used to insure legislation at Albany Street Railway Association had been 'fair' to the street railroad interests of the state was made on the stand yesterday by Louis Bedell, former assemblyman from Orange country. Bedell struggled for two hours to explain a very extraordinary banking and stock speculation account opened for him with the now defunct brokerage firm of Ellingwood & Cunningham, by G. Tracey Rogers, known as a traction lobbyist and president of the State Street Railway Association.

This account, Bedell testified, was opened by Rogers, in an effort to indemnify him (Bedell) for stock losses incurred partly through Rogers' fault. He had embarked in stock speculation at the instigation of Rogers, he said, had lost, and it was to help him recover this loss, for which Rogers felt Bedell was not altogether responsible, that from time to time sums aggregating \$24,281 had been placed to his credit.

Under cross-examination, however, the witness admitted, that in the five years covered by his account, with Ellingwood and Cunningham, \$24,281 had been placed to his credit. Of this amount the books showed that he had drawn out on cash \$21,750. When the firm failed he owed \$7,065.36, and this amount he admitted had never been made good.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and the only constitutional treatment, Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO, Toledo, Ohio. Take Hall's Family Pills for constipation.

Drop in to the millinery department, and get acquainted with the wonderful line of feather mounts, the very latest of this seasons goods, offered in advance of the season, at one third under regular prices. See the goods—they're spread out ready for inspection to-day. Moore & McLeod. 9-2dtf

Monarch, the original, standard 1.75 broadcloth is the cloth that hangs perfectly, that drapes with absolute grace, and that wears until the wearer is satisfied. It comes in all the new shades, it is 54 to 56 inches wide, and it costs 1.75 per yard. Moore & McLeod. 9-2dtf

Our dress goods buyers are always on the watch to beat their own records—they've been trying for years to find a better cloth than Monarch for the money, every substitute on the market has been compared and Monarch is still queen of suiting broadcloths at 1.75. When any thing better is made you'll find it here. Moore & McLeod. 9-2dtf

DISCARDS LEO XIII'S VIEW.

ROME, Sept. 11.—Pius X. has received, for the second time within a month, a number of Knights of Columbus, which seems rather strange to those who remember that there was a time when Leo XIII. intended to suppress that organization, considering it a secret society.

GRAIN INSPECTION RESIGNS

Best Possible Laundering

can only be gotten where best possible facilities abound for producing it. No laundry can do best work unless fitted for it and few laundries are thus fitted. We don't want to brag but fairness to our plant compels us to say that no laundry in the community is better fitted for producing perfect work than ours. The proof is in the laundering.

What You Gain

The wealth of a nation is built up by what its individual members are able to save.

Reckon up what you may save in a year's smoking—and at the same time gain in additional smoking pleasure, by smoking Black Cat MILD or MEDIUM Cigarettes.

You cannot get better quality MILD or MEDIUM Cigarettes, no matter what price you pay.

Why then squander your money? Simply thinking that because you pay more you get a better cigarette.

I am saving smokers of Black Cat Cigarettes thousands of dollars every year, by refusing to give them anything but the very best tobacco grown in Virginia.

Smokers of Black Cat Cigarettes gain in greater smoking pleasure while actually paying less money.

Would I make this kind of statement if I could not "make good?"
