WALKED FROM ICE BOUND SHIP 13 MILES TO LAND

Partnerships of Steamer Kyle, Passengers and Crew Fighting ice Over a Month. Captain and Wife ill on Board en Route to Montreal for Medical Treatment.

(Canadian Press.)
NORTH SYDNEY, May 6.—A party of thirteen men, including one of the roughest ice packers, walked from the ice-bound steamer Kyle, which has been stuck in very heavy ice about eight miles off Cranston Head and abandoned all attempts to reach North Sydney until the wind changes and breaks up the pack. Only enough steam is kept up to heat the living quarters. There are only about twenty tons of coal left in the ship's bunkers.

Some of the fifty three passengers have been on board for a month, or since the vessel left St. John's. After eighteen days in Fortune Bay, she left Port Aux Basques last Sunday.

Today it was decided to send a party ashore for flour and other provisions and twelve passengers went with the seaman. The piled up flows made many detours necessary and extended the distance to thirteen miles. After the party left the ship it was learned by wireless that the ice pack was drifting from shore, and when the adventurers reached the edge of the ice there were several yards of blue water before them. Fishermen observed their plight and put off in dories. Apart from the ice the voyage was without incident it was stated.

Captain Stevenson and his wife en route to Montreal for treatment are both ill on board. Captain Stevenson is a former commander and has been ill since a strenuous voyage last fall when he received injuries.

Captain Charles Cross is present commander.

LONDON, May 6.—The original site of the City of Zion near Cenacolo where the last supper of Christ occurred will be excavated, the Colonial Office announces officially.

Excavators will search for the tomb of David which is believed to be buried in the city here.

LONDON, May 6.—The recent announcement that excavations are to be made at Jerusalem in search of David's tomb has aroused anxiety in some religious circles here where it was feared work would devastate sacred sites.

The British Colonial Department has issued a reassuring statement that the actual location of the ancient "City of David" was not the spot mentioned by tradition. Archaeologists long ago established the statement says, that the City stood on a little triangular square of ground called Mount Ophel, south of the present Jerusalem. Rockefeller, Jr. Threatened By Armed Foreigner

NEW YORK, May 5.—Armed with a stiletto and two long weavers from Greenwich Village, who for two weeks had dogged the footsteps of John D. Rockefeller, Jr., was clubbed into submission today when he blocked the multimillionaire's exit from his west, fifty-fourth Street some and threatened to take his life.

The man gave the name of George Murad, 29, and said he had come from Canada a month ago looking for a job. Besides the weapons, he carried an Assyrian Bible, a note-book of directions to the city and country homes of John D. Rockefeller.

"Waving his arm and shouting 'you and the Bolsheviks are responsible for all the trouble in the world; you sold out my country,' Murad appeared today running freely toward a taxi-cab. The small-millinaire evaded him and signaled the two policemen who had been on guard.

Murad resisted arrest. He tripped one of the police and threw the other. While the three rolled to the street, several of Rockefeller's neighbors ran to offer him aid. A dozen windows in nearby mansions filled with spectators and a crowd gathered from Fifth Avenue.

The police finally got their clubs free and beat Murad into submission. He was hustled away to Bellevue Hospital, protesting that he thought it up to Rockefeller to get him a job, but he did not intend to harm him.

Too Few Of Emigrants To Canada Are Women

LONDON, May 5.—In the House of Commons today a member called attention to the fact that out of 320 emigrants from Stornoway to Canada recently only 20 were women, and he asked whether arrangements could not be made to send a more equal number of men and women.

Col. A. Buckley, secretary to the Overseas Trade Department, in reply emphasized that the Overseas Settlement Committee were fully alive to the importance of female migration but there were special difficulties attached. He gave assurance that every effort had been and would be made to increase the number of women emigrants.

In reply to another questioner, who asked was it fair to send three hundred of the best men from the island of Lewis and leave all the girls forlorn behind, the Speaker said that the question was the best judge of that.

A Labor member called attention to a statement made in the Canadian Federal Parliament in regard to male and female immigrants and suggested reducing the number of male emigrants to the number more in line with the number of female emigrants. Another member asked would the Government give an indication that any woman desiring to go to Canada to marry one of these emigrants when he is established there would be given first consideration in regard to passage money. Col. Buckley replied: "Certainly."

Supreme Court

At the Supreme Court on Thursday the case of the Provincial Treasurer as representing the Crown vs. Gilbert Gaudet, came on before the full bench. This was an appeal from the decision of the County Court of Queen's County, where the judgment was given for the plaintiff in an action for Provincial Income Tax 1920.

Evidence had been put in by the Crown, Tuesday, the opening day. The Court asked the Crown to put in further evidence, Thursday, on the case being called. The Attorney General, on behalf of the Crown, informed the Court that he considered the Crown had made a complete case, and that he did not intend to put in additional evidence. He objected to further evidence being tendered or received on behalf of the Crown, against his advice.

The Court overruled this objection, and called Benjamin Rogers, Acting Assistant Provincial Secretary to give evidence. On his being sworn, the Attorney General announced that he would withdraw from the case, as he had protested against Mr. Rogers being put on the stand.

The Court then examined Mr. Rogers.

After an examination the Court made the following order: "That the summons issued in the County Court shall be amended so that the cause of action may be set forth as for money payable by the defendant in the Court below. To the plaintiff for income tax for the year 1920, under the provisions of the Taxation Act of this province, and of any amendments thereto. The Counsel for Mr. Gaudet did not appear for his client on Thursday.

Judgment was reserved.

Another case was that of Alfred A. Stewart and another, appellants vs. Lemuel Wood, respondent.

This was an appeal from a summary conviction by Nathaniel Molyneux, ex-J.P. Mr. K. J. Martin, K.C., on behalf of the appellants filed an agreement between the parties that the appeal be allowed, and the conviction of the J. P. be granted without costs. He moved the Court for a rule in accordance with this agreement. The Court made the rule accordingly.
