## WAR DEBTS PROBLEM IS PRESSING

### Further Decrease Yesterday In Pound Sterling.

(Canadian Press)  
LONDON, Nov. 28.—While the King talked with Chancellor of the Exchequer Neville Chamberlain in a special audience tonight, Prime Minister Ramsay MacDonald continued conferences with Cabinet members which were expected to conclude tomorrow with completion of a new note to the United States requesting an extension of war debt payments.

## Again Crowned Wheat King

(Canadian Press)  
CHICAGO, Nov. 28.—Herman Trelle, of Webley, Alta., Canada's one man agricultural college, today won for the third consecutive year the title of wheat king of North America, one of the two peak awards of the hay and grain show held annually in conjunction with the International Live Stock Exposition.

## Russia—Old And New

Solid ranks of Soviet soldiers before a statue in Red Square, Moscow, with an old Russian church, reminiscent of the cars, in the background. This photo was taken Nov. 7, during ceremonies marking the 15th anniversary of the Soviet revolution. More than a million soldiers, sailors and workers took part.

## Famous Dog Shown In Dept. Store, Dies

NEW YORK, Nov. 28.—(A.P.)—Old Fritz is dead.

Old Fritz was the lone survivor of the dog team "mushed" by Leonard Sepalia which raced across Alaska in 1925 carrying antitoxin to Nome.

With other dogs, old Fritz went on exhibition in a department store. Within an hour he fell dead.

## Plans Holiday

OTTAWA, Nov. 28.—(C.P.)—Prime Minister R. B. Bennett plans to sail for England about the end of this week and will be away three or four weeks. This will be the first real holiday for the Prime Minister in over a year.

Although much of his holiday will be spent in Britain and on the sea, he will probably visit France before his return. One of his ministers is already in Europe. Hon. C. H. Cahane is heading the Canadian delegation to the League of Nations and is also negotiating with the French Government for a new trade treaty with Canada.

Hon. H. H. Stevens, Minister of Trade and Commerce, will leave for Vancouver on Wednesday. Hon. Robert Weir, Minister of Agriculture, left last night for Chicago where he will attend the grain and livestock show. Hon. R. J. Manion, Minister of Railways, will speak in Toronto tomorrow.

## Woman Marries Three Brothers

LOS ANGELES, Nov. 28.—(U.P.)—A romance in which a beautiful Denver heiress married the brother of her two former husbands was disclosed tonight by relatives.

The bridegroom, Beverly M. De Tarr, Los Angeles, realtor, married Harryette H. Post after she had previously divorced James Major De Tarr, now in San Francisco, and Noble Arthur De Tarr, Wilmington, Del., insurance broker.

The couple was discovered honeymooning here after their marriage of a few days ago was confirmed by the bride's mother, Mrs. H. H. Post, widow of a Denver millionaire.

"Even if the romance is without a duplication so far as known, I feel the marriage will be successful," Mrs. Maude de Tarr, mother of all three husbands, said tonight.

## Ate Too Much Turkey, Lost His Money Belt

CHICAGO, Nov. 28.—A. A. (Jack) Drummond, Tulsa, Okla., rancher, told police today that when he ate so much turkey on Thanksgiving Day that he had to remove his money belt and take a nap, some one stole the belt and the \$91,000 it contained.

Drummond reported his loss to the manager of the Sherman Hotel where the money belt disappeared. He said that the belt was stolen between Thursday evening and Friday morning. Police questioned Drummond and expressed a belief that he may have been swindled.

Officers at first doubted Drummond's story that he had \$91,000 in cash in the money belt. He was indignant. They telephoned Elmo Thompson, vice-president of the Exchange National Bank at Tulsa and learned that Drummond left there three weeks ago with at least \$37,500 on his person.

## Police Put Halt To Wedded Bliss

OTTAWA, Nov. 28.—Police interfered last night with the honeymoon plans of young Thomas Sullivan. He had scarcely left the altar with his bride on his arm than he was whisked off to the cell on a charge of breaking into a store.

The 19-year-old youth and his equally youthful bride were met by officers with a warrant as they came out of the rectory. The detectives accompanied the wedding party to the bridegroom's home and then took Sullivan to the cells. He will appear in court today.

## Accusation Made Of Third Degree

SHERBROOKE MAN SAYS HE WAS BEATEN BY DETECTIVES

SHERBROOKE, Nov. 28.—Startling disclosures which revealed alleged "third degree" methods by detectives to obtain confessions of guilt and intimidation of witnesses yesterday featured the continuation of the preliminary hearing of Donald Gunter, of Richmond, charged with aiding or abetting C. Walter Carr, also of Richmond, to set fire to a lumber pile belonging to Gunter's father, proprietor of the Grand Central Hotel at Richmond.

That the alleged confession obtained by detectives had been forced was told by three different witnesses. High Constable Louis A. Gaudreau, of Sherbrooke, who arrested Carr, was called as a defence witness. He stated that his prisoner had told him that he had been taken by the two investigators to a secluded spot, handcuffed and beaten to such an extent that he had made a confession through fear. Gaudreau's testimony was corroborated by his assistant, George St. Pierre, and by Regis Asselin, of Richmond.

The accused himself took the witness box and denied the charge preferred against him. Two days before the fire, when Carr claimed he had been assisted by Gunter to place some cans of gasoline in different places, the accused claimed that he had been playing cards in his father's hotel until three o'clock

## WILL TAKE FULL ADVANTAGE OF UPTURN

(Canadian Press)  
TORONTO, Nov. 28.—Just as soon as business turns for the better, the Canadian National Railways will take full advantage of the upturn. Declared Hon. R. J. Manion, Federal Minister of Railways and Canals, in the course of an address here today.

A magnificent showing had been made by the national road in reducing its running expenses, he said, especially in view of the fact first class railways in the United States, due to irreducible outlays, could cut their expenses only about 60 or 70 per cent of the decrease in revenue.

## Canadian Bugle Found In Debris Of Ypres Salient

OTTAWA, Nov. 28.—(C.P.)—Word of the discovery of an old Canadian bugle, excavated from the rubble and debris of the old front line trenches in the Ypres Salient, has been received with interest by the authorities here. The bugle, which, it is presumed, may have belonged to some unit of the 7th or 8th Canadian Infantry Brigades, was unearthed near that portion of the front line between the "Loop" and the "Appendix"—trench locations between 600 and 1,000 yards southeast of Hodge Chateau.

It was here that some of the bitterest fighting of the war took place in June, 1916, when the Germans launched their attack against the Canadian Mounted Rifle Battalions, the Princess Patricia's and the Royal Canadian Regiment, an attack known in the parlance of the Canadian troops as the "June Show."

This relic of Canadian heroism bears the date "1914" and is stamped with the name of a Toronto firm of instrument makers.

Officials of the Dominion Archives are establishing contact with the finder, with a view of securing the "souvenir" for Canada.

## The Australian Mounted Add To Tradition

CANBERRA, Australia, Nov. 28.—(A.P.)—Morey and Mahoney of the Australian Mounted are being slapped on the back. Like their brethren in Canada, they get their man.

A year ago a cannibal tribe ambushed, murdered and probably ate five Japanese pearl divers in Caledon Bay. Morey and Mahoney set out to show the cannibals what British law thinks of such practices.

For a long time they struggled through jungle, desert and wilderness until they found the tribe. Eluding the "Cockatoos" (lookouts), they boldly strode into the camp as the tribe was performing a ceremonial dance.

The natives, quaking in fear at the sudden appearance of the white men, which they regarded as a miracle, stood by dumbfounded while Morey and Mahoney seized the Chief and Medicine Man and put them in chains.

Then the two policemen, with their prisoners, tramped back to Darwin, 1,400 miles through the wild lands, with walls of mourning behind them.

In the morning, his alibi was substantiated by the three other players who had participated in the game.

The hearing was adjourned by Magistrate Lemay until next Friday when Gunter will complete his evidence.

## Change In The Chancellorship Seems Imminent

(Canadian Press)  
BERLIN, Nov. 28.—Germany expects by tomorrow evening at the latest to know whether General Kurt Von Schleicher will guide the nation's destinies through the perilous winter ahead or whether President Von Hindenburg will disregard the Reichstag and reappoint Franz Von Papen as Chancellor.

Unless the President had plans unknown even to his closest advisers, the choice today was narrowed down to General Von Schleicher, who has been serving as Defence Minister, and Von Papen, who resigned November 17, as Chancellor.

## Amherst Wants An Airport

(Canadian Press)  
AMHERST, N. S., Nov. 28.—Amherst wants an airport. A Board of Trade committee has already inspected several available areas, and has decided that the old 20-acre Victoria Driving Park, with about 50 acres of surrounding land, is the most favorable site. The Board, after the necessary surveys, will take the matter to the Town Council.

## Aliens Lose Their Appeal

(Canadian Press)  
OTTAWA, Ont., Nov. 28.—Eight aliens who have been in the hands of immigration authorities in Halifax since early last spring facing deportation, saw their last legal hope vanish with a Supreme Court of Canada decision today dismissing their appeal from a Nova Scotia Supreme Court judgment refusing them freedom, under a writ of habeas corpus.

Their only hope to escape banishment to the European countries from whence they came now lies with the Minister of Immigration, Hon. W. A. Gordon. The Minister will probably be officially advised of the Supreme Court judgment tomorrow and it is expected he will at once pronounce his decision.

## Upward Trend In Employment In Maritimes

OTTAWA, Nov. 28.—(C.P.)—A pronounced seasonal contraction in industrial activity throughout Canada brought the index of employment this month to the lowest point it has reached on the same date in any year since 1921. Taking the average of employment for the year 1926 as 100 the index on November 1 stood at 84.7, a falling off of two points from October 1 and a marked drop from the November 1, 1931, figure of 103.0. These figures are compiled by the Dominion Bureau of Statistics from reports supplied by 8,125 firms having 15 or more employees. The number of workers reported on November 1, was 780,301, compared with 799,100 on October 1.

The tendency was upward in the Maritime Provinces, while elsewhere losses were recorded.

In the Maritime Provinces most of the gain took place in manufacturing (notably of iron and steel products), and in logging, coal-mining and highway construction. On the other hand, shipping and building and railway construction were slacker. Returns were received from 585 employers, with 60,521 workers on their payrolls, or 1,456 more than at the beginning of October.

## U.S. POSITION RE WAR DEBTS IS UNALTERED

Pres. Hoover Says Europe Has Failed To Produce Facts Which Justify Her Requests For Postponement.

(Canadian Press)  
WASHINGTON, Nov. 28.—Holding to the position that Europe has failed to produce facts which justify her requests for postponement of war debts payments due next month, President Herbert Hoover and his advisors tonight awaited the arrival of additional notes from London and Paris.

Secretary of the Treasury Ogden L. Mills and Secretary of State Henry L. Stimson, talked the situation over with the chief executive today and afterward said no new decision had been reached and the course of the United States remains unaltered.

## Fox Pelt Prices Are Holding Firm

(Special to the Guardian)  
MONCTON, N. B., Nov. 28.—In addition to the large number of fox pelts being put on the local market on Prince Edward Island, thousands are being sent from that province to Great Britain and other places on the continent to be sold at fur auctions, according to the Natural Resources Department of the Canadian National Railways.

For the first time in the history of the industry cable requests are being received for pelts to be forwarded between auctions. Latest advices indicate prices are holding firm with a considerable advance over last year. This year will also witness the first fur auction sale ever to be held on Prince Edward Island. The sale is expected to take place within the very near future. Large quantities of furs are also being placed on the market from New Brunswick and the first auction sale in the history of that Province is about to be held in Moncton. The last few days has witnessed the arrival of several fur buyers from New York.

## Poses For Snap, Falls In Lake

CHICAGO, Nov. 28.—Lake Michigan's temperature registered 35 degrees above zero as Mrs. Florence Ayens poised herself upon a breakwater.

"Look pretty, please," said her sister, aiming a camera.

Mrs. Ayens lost her balance and toppled into the chilly waters. Frank Vallenbrock dived in, pulled her out and took her to a hospital.

## Horse Thief Gets Life Sentence

PETERSBURG, W. Va., Nov. 28.—William Crider was sentenced to life imprisonment after he had pleaded guilty to stealing a horse.

MOSCOW, Nov. 28.—Ratification of the non-aggression pact between Soviet Russia and Poland was greeted with jubilation today by Moscow newspapers which interpreted it as victory for the case of peace.

At the same time the papers roundly scored Rumania for failure to sign a similar treaty, declaring that the Bucharest Government now was the only western neighbor of the U. S. S. R. which has not concluded such an agreement.

## St. Lawrence Waterway Treaty

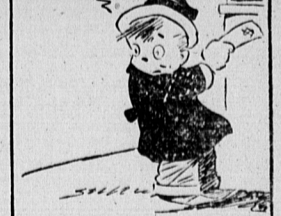

(Canadian Press)  
WASHINGTON, Nov. 28.—(A.P.)—Presenting the United States Government's answer to objections raised against the St. Lawrence Waterway Treaty, James G. Rogers, Assistant Secretary of the State Department, told a Senate committee here today that regardless of the fate of the pending pact, the project ultimately would be accomplished.

The first supporter of the treaty to appear before the Senate foreign relations sub-committee considering it, Rogers testified that the cost estimate of \$540,000,000 was conservative, and asserted that the division of the burden between the Dominion and United States was "fair and just."
