Aquiri

40.051

Aquiri is a beautiful, level-headed natural born trotter. The rich inheritance of speed and all other race-winning qualities that he has received from both sire and dam should enable him to become the most successful, sire of curly and extreme race-winning speed in the Maritime Provinces. Most of the disappointing results in breeding trotters are the results of failure in breeding back as it is termed, and inheriting the characteristics of some no-account ancestor, three or four and sometimes even more generations away. Not a single no-account animal can be found among the ancestors of Aquiri, he is what a foal by him inherits the characteristics of some of his remote ancestors cannot be otherwise than a good one at maturity.

You can get a living foal from Aquiri (the coming sire of future winners) for only \$15.00 cash when mare is bred.

Beaver Flour

is the cream of the wheat—the choicest Manitoba Spring Wheat and Ontario Fall Wheat. It contains the good qualities of both, makes wholesome, nourishing Bread and Biscuits like Manitoba flour—and light, tasty Cake and Pastry, like Ontario wheat flour. It also yields MORE of both to the barrel, than any other. Good cooks say that their greatest help on baking day, is BEAVER FLOUR. Try it.
