LOOKING 'EM OVER AT THE CH'TOWN TRACK

A new race horse trainer has located at Charlottetown, Clarence Shuman, formerly of Maine, but the last year or two domiciled in the Maritimes. Mr. Shuman is one of the most thorough in his profession. For years he made a specialty of training colts and in 1914 put 28 two and three year old trotters and pacers in the list. It was a wonderful achievement and brought him many encomiums from the turf journals throughout the United States. The past few years he has trained and campaigned horses for various parties. Among those which he has handled we may cite Trampalane, 2.08¼, R. H. Brett, 2.03¼, College Swift, 2.11½, Justina, 2.13¼, Togo M., 2.12¼ and many others, including that good trotter Edno Klyo, 2.10¼, that he brought from nothing to one of the most highly regarded stake prospects in Maine. Mr. Shuman has heard a great deal about Prince Edward Island and has decided to summer here. He has located at the Charlottetown Driving Park track, has two horses there and is making arrangements for more stalls to accomodate other patrons who wish to have their colts and aged horses balanced and trained. He is highly regarded by the various employers for whom he has worked and will no doubt receive a good share of training prospects here.

Pat McKenna whose fame as a race driver and race horse conditioner has spread far afield through his series of victories with Lucky Lindy last fall and races driven with Marge Direct, The Willys and other good ones, has severed his connection with the McNeill Stables and is now engaging on his own hook at the Charlottetown Driving Park. He has made arrangements for a couple of horses but we understand can accomodate several.

Things are beginning to speed up at the Charlottetown Driving Park track as the month of May is nearing the end. The following workouts were recorded during the week. Lucy Lindy a mile in 2.22, both halves in 2.11, The Willys a mile in 2.23½, last quarter thirty-two and two-fifths seconds, Grandma, 2.24, Miss Winnipeg a mile in 2.24, Golden a mile in 2.25, Volo Rico a mile in 2.27, last quarter thirty-one seconds, Johnny Miles trotting, 2.27, last quarter in thirty-three and one-half seconds. Other horses which are receiving regular work are Peter Dawes, 2.12, Billy Cope, 2.11½, Miss Possibility, 2.12½, Jolyset, 2.20½, Kitchen, trial 2.16, Longset, 2.06¼, and quite a number of others.

1932 racing program. So far the following race meets have been announced. Summerside July 1st, Georgetown July 6th, Northam July 13th, New Annan August 10th, Provincial Exhibition August 22nd to 26th. No announcements have been made regarding Saint Peter's or Montague.

Upton Race Track, one of the most beautifully situated and perfect places to train in the Maritimes, is being made use of this year by Trainer Fred Cameron as his headquarters. Fred has that good trotter Johnny Walker 2.15½, and a couple of others under his wing. It will not be surprising if Fred receives several additions in the near future. It is understood that Mr. James Arbing will be associated with Mr. Cameron and will probably do the piloting.

Orin Jardine in his capacity as head trainer for the McNeill Stables will be given an opportunity to display his driving skill with some real horses this year, among them being Lucky Lindy 2.12, Miss Winnipeg 2.10½, Winnipeg Boy trial 2.12, King Spruce 2.16. While Wellington McNeill will no doubt do the major part of the teaming, Orin will assist where there are two starters and in all probability be first string driver at times.

Thomas and Mrs. Holmes are nicely located in their usual quarters at the race track. Susie is taking on the hue of health from the balmy fresh air imbibed after spending the winter indoors. The drop in poultry prices interests Tom more than anything else and the most frequent interrogation of Sue is "Is that feathered bird done?" Tom has five or six in his string and is expecting two more. He is past master in training and driving and quite popular around the race track. Among his charges are Longset 2.06¼, Grandma 2.09¼, Jolyset 2.20¼, Star Direct and two colts.

May 24th race results published in these columns on Thursday show that some of the horses at least have a lot of speed for this early in the season. At North Sydney Trampsmug paced a half in 1.05¼, while Chorus Girl in slower class stepped in 1.06. The heats were half mile. It was the practise years ago to start the season's racing the 24th of May with half mile heats but it was found that the horses were usually "cooked" by the quick preparation necessary to step the shorter distance fast. However, it does not seem to affect them at Sydney where they go merrily along through the season.

Shenandoah, 2.14, that wonderful trotter campaigned by the esteemed Purvis, won a heat in 1.07, but succumbed to Chorus Girl in the finals.

Races were held the 24th of May at Inverness, North Sydney, Truro and Kentville with good fields of horses and good time made for so early in the year.

H. T. Fulton, well known merchant of Upper Stewiacke, writes that he purposes having his string of race horses compete at our Provincial Exhibition in August. Mr. Fulton's horses are in charge of Johnny Conroy at Exhibition grounds, Halifax. His stable is one of the best in the Maritimes consisting of the famous free for aller Darky Grattan, 2.02½, Maxine Great, 2.11½, Calumet City, 2.10½, and a two year old trotting colt. Mr. Fulton has had to put up a lot of coin for these horses which are bred in the purple and have demonstrated great class. He also has Tease, 2.09½, and a green trotter which is said to have stepped a double 0 in 2.05. Some baby boys!

The genial smile and commanding presence of "Big Jim" graced Charlottetown Thursday afternoon and evening, the occasion being the Patriot Road Race in which he had an entry in the person of Jim Evans. Jim says New Annan will be bigger and better than ever this year on August 10th.

Prim Leger, who has had several years of experience on the mainland caring for and training race horses, has located at New Annan race track where he has as pupils Harry Mac owned by Harry Schurman, New Annan; Emma Watson, owned by Peter McMahon, Kensington; Lacopia Boy, owned by Al Schurman, New Annan and in the near future will have several others.

U.S. LEADING IN DAVIS CUP CONTEST

(By Gayle Talbot, Associated Press Sports Writer)

PHILADELPHIA, May 27—The United States tennis forces captured one singles match from Australia and were leading in the second when a sudden rainstorm terminated play in the Davis Cup contests at the Philadelphia Country Club today.

Frank Shields of New York had begun the tie with a one-sided triumph over little Harry Hopman, 6-4, 6-1, 6-2, and Ellsworth Vines, Jr., had his opponent, Jack Crawford, two sets to one when the storm descended.

Vines captured the first two sets with little difficulty, 6-2, 6-4, but the Australian champion came back to take the third, 6-2, and was holding his own in the fourth. The count was 3-3 when the rain came, Vines having run off the first three games and Crawford the next three.

After an hour's wait, in which there was no sign of a let-up in the storm, officials announced Vines and Crawford would finish their battle tomorrow, taking up at the point where they left off today.

The doubles match will follow, with Crawford permitted a suitable rest before taking the court with Hopman against Wilmer Allison and Johnny Van Ryn.

Vines clearly was the master in all but the third set, when he let down appreciably.

Shields' fine showing against Hopman was gratifying to officials of the United States team, who decided only yesterday to give him a place in today's singles. Hopman, a head shorter than Shields and lacking the American's strokes, was an easy victim after the opening set.

BASEBALL

Hi-Y 10 W. K. S. 9

The Hi-Y nine jumped into the lead in their series with West Kent by defeating them 10-9 yesterday at the Park. The game was not an exceptionally good exhibition of baseball, but as the errors were divided the game was interesting throughout. The game was featured by the return of the veteran Lou Campbell from the side-lines. He showed some of the younger aspirants how to play th "ole game." All in all the game was close and hard fought and the players are looking eagerly forward to the next game.

Lineups:

Hi-Y		W. K. S.
McLean	Catcher	Simpson
Goss	Pitcher	Price
Johnson	First Base	Fitzgerald
Stewart	Second Base	Currie
Morris	Third Base	Burke
Partridge	Short Stop	MacInnis
Vaughan	Fielders	Rattenbury
McLaren		Saunders
Walker		Campbell
		Vinnicombe

There is no glory like the glory of self abasement and self sacrifice.

REDS INCREASE LEAD IN NAT.

(Canadian Press)

NEW YORK, May 27—A six-run blast in the third inning at Chicago today gave the Cubs a 6 to 4 victory over Cincinnati and increased their margin over Boston for the National League leadership to one and one-half games. The Braves failed to keep pace by losing to Philadelphia, 8 to 5.

Lonnie Warneke was hit hard, yielding 12 hits, but was in serious trouble in only two innings and won his sixth victory of the season. He struck out six batsmen, and the Reds had men left on the bases in every inning.

The Brooklyn Dodgers moved into sixth place in the National League standing and dropped the Giants to the cellar here as they won their second straight game from the New Yorkers, 5 to 2. Mel Ott hit a homer for the Giants.

The Pirates continued their climb of the National League ladder at Pittsburgh, by capturing fourth place with an 8 to 4 victory over the St. Louis Cardinals.

Larry French and Jess Haines were hit hard, but the Pittsburgh slabman kept the enemy blows scattered. Grace and Barbee hit homers.

Continuing their slugging tactics, the Phillies pounded out an 8 to 5 triumph over the Boston Braves at Philadelphia for their second straight victory over McKechnie's men.

Baseball

A meeting of the Prince County Baseball League held in O'Leary, May 25th at which the following teams were represented; Kensington, Summerside, O'Leary and Tignish, the following resolutions were drawn up and adopted;

On motion Prince County was divided into two sections, teams entering from Wellington and West to be in the Western Section and Wellington East in the Eastern Section.

The following players were barred from pitching in the Prince County Baseball League,—Monkley, Noonan and Dr. Howatt and any players who pitched in senior ball games, and any other player who pitches in a senior game from that date will be ineligible to pitch in a game in this League.

The winners of each section shall play home and home games. In case of a tie the third game to be played on neutral ground, same to be decided between the interested teams by the toss of a coin.

Each section must have its games completed and winners declared not later than August 20th.

In case one section does not have its winner declared by the date specified, said winner of that section shall lose by default, the game in the play off to be played on neutral ground.

The play off games shall be held on the three first Wednesdays following August 20th.

The entrance fee to the League shall be $2.00 for each team entering. The entrance fee to be paid before any team be allowed to enter.

The visiting team in each game shall provide the umpire in chief and his equipment.

The following officers were elected:

Presdenit, Dr. McBride, Kensington.

1st. Vice Pres. (Western Section) John Ahern, Tignish.

1st. Vice Pres. (Eastern Section) George Lockhart, Summerside.

Secretary (Eastern Section) Norman McDonald, Kensington.

Secretary (Western Section) G. L. Black, O'Leary.

It was decided that each section should hold a meeting on Monday, May 30th,—the Eastern Section in Summerside and the Western Section in O'Leary.

Meeting then adjourned until next annual meeting.

BY "TEC."

GOOD BETS

Harry McEwen and Wallace Rodd, local ten milers are certainly running true to form this season. The sorrel-thatched stepper from Highfield says he was never in better condition than at present and in practice runs has covered the distance well below 55 minutes.

Had a talk with McEwen yesterday, and during the conversation the Bristol flyer stated that he covered a measured distance of eleven miles over tough going in 56 minutes.

If the above figures are any criterion, then this duo of athletes are qualified to step out with the best in the Maritimes this summer.

It is understood the annual Halifax 10 mile classic will again be run on June 3rd this year. It would be a further impetus to distance running in this city and province if some ways or means could be arranged with a view to sending these two splendid runners to Halifax as Island representatives.

Today is the 28th—we have until next Wednesday to think the matter over.

McEwen and Rodd are travelling minutes faster this year, and consequently stand a fair chance of winning the Nova Scotia event—not forgetting Roy Oliver, et al.

NO MORE ROMANCE FOR JACK?

The movie and fistic world is speculating over whether a romance had developed between Jack Dempsey, former king of the heavyweights, and Lina Basquette, dark eyed screen actress.

"Jack Dempsey stole my girl," thundered Teddy Hayes, Jack's former trainer and ex-pal, who explained the incident occurred recently at a banquet at Dempsey's hotel here.

Dempsey in San Francisco indignantly denied Hayes' charge.

"I wouldn't take anything from Hayes—least of all a girl," Dempsey said. "Lina's a mighty nice girl but I've just hopped out of one marriage and I'm through with romance.

"Jack made a big play for Lina at the banquet, and I haven't seen her since," Hayes said.

Dempsey attended a baseball game in San Francisco with a girl his friends described as "an attractive brunette from the Argentine who lives in Hollywood, has two horses, likes baseball, and seemed to smile all afternoon at Jack."

Miss Basquette was said by her mother to be "out of town" and Hayes' lament led to speculation that the girl at the ball game with Dempsey was Miss Basquette.

ALL SET!

Mr. E. F. Acorn, one of Charlottetown's foremost sport promoters has announced that he has completed the laying of the floor at the Forum, where, to use Ed's words, "there'll be big doings pretty soon." Mr. Acorn has an attractive program mapped out for the summer season, the particulars of which will appear later.

Rayon Industry Grows in Japan

(By Percy Whiteing, Canadian Press Staff Correspondent)

TOKYO, May 27—(By Mail)—The demand of the rayon industry, in Japan for woodpulp is increasing largely, and has given impetus to Japanese woodpulp manufactures.

Consumption of woodpulp by Japanese artificial silk mills has doubled in recent years, and last year stood at slightly more than 32,000 tons.

The Karanuto (Saghalin) industrial corporation, an organization established some years ago to exploit the timber and other resources of the Japanese half of the Island of Saghalin, has taken the lead in manufacturing pulp especially to meet rayon requirements. The organization is reported to have already concluded contracts for the supply of pulp to two of the leading artificial silk mills.

This example is being imitated by the two oldest and most important paper and woodpulp manufacturing concerns in Japan the Oji and Fuji organizations.

This field should be a promising one for Canadian woodpulp manufacturers who, however, may have to contend with the handicap of an increased duty in the near future. The tariff ranges from 22 to 27 yen (11 and 13 1-2 cents, respectively) per hundredweight and it is expected that this will be increased to between 30 and 40 per cent.

Some idea of the comparative prosperity of the Japanese rayon manufacturers is gained from the fact that among the many industries in this country, their mills are practically alone working at full, or nearly full, capacity.

The rayon output in March reached 4,999,000 pounds, and it is estimated from the business so far handled that the total production for the present year will exceed 50,000,000 pounds.

"Sonny" Wins

TORONTO, May 27. (By the Canadian Press)—Making good use of his deadly flying tackle, "Dynamite" Gus Sonnenberg, of Providence, R. I., former claimant of the world's heavyweight wrestling championship, tossed George Azrynoff, to win a two out of three falls match here tonight.

Conacher Is Vindicated

QUEBEC, May 27. (By the Canadian Press)—The Quebec Athletic Commission has lifted the ban on Lionel Conacher of Toronto, suspended for his failure to fulfill a contract to appear at a wrestling show here on May 11. The commission has satisfied itself officially that Conacher was unable to wrestle on that night because of an infected arm, due to mat burns received in practice.

Conacher, football, professional hockey and lacrosse star, was scheduled to wrestle George Link of Toronto here on May 11 and was suspended for three months when he failed to appear.

Communists Are Promptly Arrested

VIENNA, Austria, May 27—(A.P.)—Communists tried to stop the unveiling of a memorial tablet to George Washington here today by stoning automobiles in front of the United States Legation. No one was injured.

The demonstration was quickly nipped by police, who arrested 20 including four whose faces were blackened in symbolism of the condemned Scottsboro, Ala., negroes.

(Seven negroes are awaiting death in Alabama on charges of attacking white girls, having been convicted and given the extreme penalty).

One stone thrown by the demonstrators was wrapped in a black cloth on which was written, "Out with seven negro boys."

GOLF

MUIRFIELD, Scotland, May 27. (Canadian Press Cable)—Two youths will battle over the treacherous Muirfield links tomorrow for the British amateur golf championships. John De Forest, long-hitting Londoner, and Eric Fiddian, 22 year old star from Stourbridge meet in the 36 hole final and it marks the second successive year youth has come out on top of the unwieldy international field seeking the crown.

It will also be the second successive occasion young De Forest has fought his way into the finals, equalling for the first time the feat of Harold Hilton in 1891 and 1892. The man who defeated him for the 1931 championship, Eric Martin Smith, was defeated in an early round of this year's chase.

The London youth staged one of the tourney's most throbbing struggles to eliminate Lionel Munn, the Irish veteran, by one up after 21 holes today. Fiddian marched into the final bracket with a fine two-up victory over E. A. McRuvie last remaining Walker Cup player in the championship.

Orcutt Leading Field

SAUNTON, Eng., May 27—(A.P.)—Blonde Maureen Orcutt, holder of the Canadian women's open title, playing in the best weather of a nasty day, shot a brilliant 73 this morning to lead the field by two strokes through the first half of the qualifying round of the British women's golf championship. The Englewood, N. J., girl stroked the 18 holes only two over par.

But the front rank of the British delegation, playing in rain and wind that sent scores soaring, turned in cards that will place them well inside the qualifying mark.

Enid Wilson, British champion, playing in weather that made the course several strokes more severe than when Miss Orcuett set the pace, turned in a 79. Molly Gourlay took an 83, Elsie Corlett 81, and Diana Fishwick, 87.

There seemed little danger that the leaders of the British and foreign entrants would fail to pass the final 18 hole qualifying test. Apparently a pair of 90's will qualify. The course of sandy wastes and small greens proved puzzling to native and foreign players alike. There were only 10 scores under 80 in the big field.
