FRIDAY.

AT ST. TERESA—Mr. Robert Robertson, of the Provincial Department of Agriculture attended a meeting of the Institute at St. Teresa on Wednesday evening, and spoke on live stock and rotation of crops, as necessary for the improvement of farm crops. There were about thirty members present. Rev. Father MacDonald, Mr. J. F. Curran, Mr. Peter Curran, Mr. James Trainor and Mr. P. Burns, and others took part in the discussion, after which the meeting adjourned.

FOX RANCH SOLD.—Tenders were received up to yesterday for the purchase of the old ranch at Tignish of the Charles Dalton Silver Black Fox Co., Ltd., whose stock is now located in their fine new ranch at lot 48. There are 21 breeding pens besides the same number of dog pens in the ranch, which consists of about five acres of land, and to which there is a right of way. Four tenders were received, of the following amounts, respectively: $1,501; 31,206; $1130 and $810. The highest tender, which was submitted by the Hon. Chas. Dalton, was accepted.

INCORPORATED.—At the meeting of the Executive Council on Wednesday night the application of the Magic Silver Black Fox Company, Ltd., for incorporation by Letters Patent was also considered and granted. It may be noticed that although it has only now been incorporated the Magic Company figures among those fox concerns that have paid dividends this year; in fact, it made the excellent return of 172 per cent. It may be explained how this comes about. The company has been in operation since last year, working as what is known as a "close corporation"; but it sought incorporation under the Companies' Act this year, and that incorporation has now been effected. The company is capitalized at $190,000 and its head office is in Summerside.

WIDELY PATRONIZED.— Yesterday afternoon Paton's store, brilliantly lighted and handsomely decorated, was the centre of attraction and was crowded during the entire afternoon and evening with throngs of interested ladies eager to see the much anticipated millinery opening. Miss Beers and her assistants had numerous handsome models ready and many "sold" tickets were the result of yesterday's showing. The display of handsome fall and winter goods was also greatly admired and never before was the display so fresh and beautiful as the store has been thoroughly restocked with fresh new goods in all the different lines after the serious fire some months ago. 2018

NEW OFFICE.—The Empire Cream Separator Co. of Canada, Ltd., is arranging to open up a branch in Charlottetown. It will be under the charge of Mr. W. W. Rodd, Mayfield, and be situated in Queen St. next to Stewart & Sons, grocers. The Company purposes carrying in this store a full stock of Empire Cream Separators, Baltic Separators; also Stay-Right gasolene engines. The Company's trade has been growing so considerably in the Island recently that it has been found necessary to keep stock ready for delivery here. All extra parts of the goods in question will now be kept locally, and the inconvenience of sending to Toronto for these, avoided. Mr. A. E. Wood is the general agent for the province. 2014.

Headaches and Heart Trouble

Nervous Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration will appreciate the gratitude felt by the writer of this letter.

Mrs. H. C. Jones, Scotch Lake, C. B., writes: "I suffered from nervous prostration for nearly three years I had frequent headaches, had no appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactory results, I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I want others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and am glad to have the opportunity of recommending Dr. Chase's Nerve Food."

At least some benefit is bound to be derived from each dose of this great food cure, as day by day it forms new blood, and builds up the system. 50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

THE BJORGVIN FLOATED.—Contrary to expection the Norwegian steamer Bjorgvin was floated at high water yesterday afternoon at five-thirty. She had been resting on an even keel on the ledge at Wood Islands since Sunday morning, and owing to the continued favorable weather her position did not become more dangerous. The owners had men working all night Wednesday and Thursday during the day jettisoning the deckload with the result that at five-thirty, when the tide was favorable, she slid back into deep water; where she now lies anchored. This morning she proceeds to Halifax where the cargo will be taken out, and the steamer placed in dry dock to undergo the necessary repairs to place her again in commission. The S. S. Bridgewater stood by during all the operations, but her services were not required. The S. S. Swansea Trader at Montague was also held in readiness to assist, she will only be called upon to take charge of the discharged portion of the cargo. The operations were conducted by Mr. Haloorsen of New York and Mr. Chas. Brister of Halifax, while Mr. Colquhoun of Halifax, represented the Swansea Trader, holding her in readiness to assist if necessary. I. Mathers & Son, of Halifax are agents for the steamer.
