TAKING DOUBLE SUPPLY OF COAL.

ST. JOHN, March 4.—The British coal strike is already having its effect at this port, and the Dominion Coal Company is rushed night and day bunkering ocean liners, as their entire supply has to be taken here. The Company is giving each steamer a double supply sufficient to last them over and back.

Every preparation however, has been made to meet the situation and the work is well advanced though it means the doubling up of men and facilities. Ordinarily fifty to sixty men are employed in the bunkering of steamers, but now about 250 men are kept busy night and day, working twenty-two hours out of twenty-four.

Two boats have been at it without let up, moving barges and scows, and colliers are bringing coal here faster than ever.

Some idea may be had of the magnitude of the work when it is explained that the C. P. R. liner Empress of Britain and Allan liner Grampan now in port will require about 4,800 tons between them, the former taking 2500 and the latter 2300 tons. The usual quantity of the British would be about 1200 to 1500 tons, and the Grampan about 1000 tons, but they now must take enough coal to bring them back to Canada.

RAMBLERS BEAT ST. JOHN HOCKEYISTS

ST. JOHN, March 4.—The Amherst Ramblers defeated the 62nd Regiment hockey league, 5-4 in the fastest hockey match seen here this season. The Ramblers had the best of the territory, but St. John led until four minutes from the end when the Ramblers got two points. The game was played in three twenty minute periods, with the privilege of substituting players at any time. The Amherst combination was more effective than the locals' individual efforts, and Banton goal for the St. John, was the busiest man on the ice and put up a phenomenal game. Banton and Fraser were very good. The Ramblers leave here in the morning to meet Harvard in Boston.

SUFFRAGETTE MEETING PROVED TO BE A FIASCO

LONDON, March 4.—The much advertised meeting of the suffragettes in Parliament Square tonight, to protest against the refusal of Premier Asquith to receive a deputation, proved a fiasco, so far as concerned the sensational display of militant powers and cunning, which was predicted by the organizer. About 50 women were arrested, but the damage done was inconsiderable as compared with Friday's raid.

While the militant suffragettes were vainly endeavoring to break through the cordon of police around about Parliament square, two hundred medical students organized a raid on the suffragette premises to pay them back in their own coin. Marching to the building occupied by the women's press in Charing Cross road, where there was a big display of suffragette literature, they bombarded with stones, smashed all the windows to an accompaniment of cheers from the delighted spectators.

Another band, bent on retaliation, attacked the international suffrage shop in Adam street, the Strand, smashing a big plate glass window and wrecking the front of the building.

In the meantime, the suffragettes were being balked in attempts to hold a meeting. The police who were forewarned, adopted elaborate precautions. Mounted police were stationed at short intervals along the main thoroughfares leading to Parliament, while solid phalanx of foot police lined the curbs.

Long before the signal was given by the firing of a rocket from the suffragette headquarters at Clement Inn, for the meeting to begin, a huge crowd filled Trafalgar square, Whitehall and the adjacent streets.

CONTRACTED HEAVY COLD

Was In Bed Two Months.

DOCTORS DID NOT SEEM TO DO HER ANY GOOD.

A cold, however slight, should never be neglected, for if it is not treated in time it will, in all possibility, lead to bronchitis, pneumonia, asthma, or some other serious throat or lung trouble.

Dr. Wood's Norway Pine Syrup contains the lung healing virtues of the Norway Pine tree, which, combined with other absorbent, expectorant and soothing medicines, makes it without a doubt the best remedy for all coughs and colds.

Miss N. McCumber, St. Martin's N.B., writes:—"In January last I contracted a heavy cold which kept me in bed nearly two months, and the doctors didn't seem to be able to do me any good. I tried several proprietary medicines, but all in vain. One day a friend advised me to try Dr. Wood's Norway Pine Syrup, and when I had taken three bottles I was completely cured, and I feel as well to-day as I ever did, and I am sure my lungs are once more sound, thanks to that wonderful remedy."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 25 cents.

The event of the season was the concert at the Hillsboro Consolidated school last evening. People crowded into the large hall from the surrounding districts and the special from Charlottetown was packed to standing room. A delightful program had been prepared and the talent of the school and that of outsiders who so kindly assisted was most marked and success in every way greeted the performers. It was a nicely balanced program of songs, choruses, recitations, dialogues and drills, with plenty of instrumental music. The evening passed in a pleasing manner and the sale of delicious homemade candy made the intermission very sociable and he intermission to the late hour it is impossible to specialize but each performer could surely feel that his or her selection pleased from the hearty reception accorded it. Good order prevailed and all who attended will look forward to similar events in the future.

Yesterday evening a horse owned by E. Wheatley, butcher, Charlottetown, which had been let out to get water at the fountain at the corner of Euston and Great George Streets, tripped while crossing a street drain in front of the shop and fell. He was badly injured and did not rise. He was taken back to the stable and later in the evening was driven to the slaughter house and put out of suffering. The animal was a valuable one and Mr. Wheatley's loss is regrettable.

A hockey game that has been advocated all winter will be made a reality on Tuesday evening next, when Victorias, Champions of the Maritime Provinces for 1912 will stack up against the Old Vics in a benefit game, the proceeds to go towards defraying expenses on the Stanley Cup trip. Those mentioned as likely for the Old Vics line-up are Lee Wortman, Frank Brown, Jack Brown, Joe Crockett, Jim Cushing, Cork Norman and Chester Gregory. There's a mighty good hockey team, and one that will take a lot of beating. While nothing definite has been decided, it is trusted that all the above mentioned will participate. On the other hand the champs will play, Clague, Povey, Murphy, Capt. Smith, Doherty and Berlinguette. The game should prove a great attraction and will incidentally give Monctonians an opportunity of declaring their hearty accord with sending the boys on a world's title—Moncton Exc. (Cushing and Gregory are both well known in Charlottetown, the latter belonging there.)
