FAREWELL ADDRESS

Mr. and Mrs. Wm. D. Whitehead of Clinton, were among the visitors to the city yesterday, leaving in the afternoon for Montague, where they purpose residing for the future.

Mr. William D. Whitehead:—We have come to wait on you this evening with mingled feelings of pleasure and regret, pleasure because we are afforded a chance to express in our homely fashion some measure of the esteem in which you are held amongst us.

You Mr. Whitehead have always been a forward spirit in any movement for the uplift and betterment of your locality, the province, and mankind in general.

You, Mrs. Whitehead, have only been with us long enough to make us feel we would be sincerely pleased to have you remain one of us, and you have won a place in our regard that will last through years to come.

been with us long enough to make us feel we would be sincerely pleased to have you remain one of us, and you have won a place in our regard that will last through years to come.

In your new home we all join in wishing you all things good, and we ask you to accept the accompanying gift in the spirit in which it is given, and hope that it may express better than our words the sincerity of our wishes.

THIN-BLOODED PEOPLE

OFTEN BECOME SERIOUSLY ILL BEFORE THEY REALIZE IT.

Some people have a tendency to become thin-blooded just as others have an inherited tendency to rheumatism or nervous disorders. The condition in which the blood becomes so thin that the whole body suffers comes on so gradually that anyone with a natural disposition in that direction should watch the symptoms carefully.

After the first box I was compelled to admit that I really did feel better. After the second box I ungrudgingly admitted that they were doing me good, and after the sixth box I felt free from every ache and pain and in gratitude I began to praise the pills to others.

TAILORS AND FURNISHERS

Saturday, May 27th, is the Last Day on which Security Stock will be Offered to Guardian Readers at 95c

A good proposition never goes begging. The Security Company stock will be offered the Guardian readers until Saturday May 27th, and not one day or hour longer.

SECURITY SILVER BLACK FOXES, LTD. have too many attractive features---too many good points to be overlooked.

Enquiries and applications are being received at a rate that amply demonstrate the fact that people are not slow to recognize a good proposition with a Guaranteed Cash Dividend of 20 p. c. The low capitalization, quality of stock, low price of shares, are still other points that make the proposition of outstanding importance.

Don't delay in making application for the number of shares that you require, because the stock is limited, and remember the date. Write at once for prospectus, or order the number of shares that you want, allowing 95c for each share.

Who ever heard of the shares in a company like SECURITY SILVER BLACK FOXES LIMITED selling at 95c each—with the lowest possible capitalization on the highest quality of stock procurable? A guaranteed cash dividend of 20 p. c. is back of every single share offered for sale; and remember, the guarantee does not only cover the net cost of each share but covers the full par value.

In addition to the above, the foxes will be in charge of one of the most successful ranchers in Prince Edward Island, who has a high ranch record for production. The directors have pledged themselves not to accept any salary whatever, so that every cent of the net earnings will go direct toward swelling the dividend for SECURITY shareholders.

FILL IN AND MAIL THIS FORM

Please send me prospectus of Security Silver Black Foxes, Limited, as I am interested in this proposition.
