HALIFAX RACES.—Two carloads of horses will leave Charlottetown on Friday and Saturday of this week for Halifax to take part in the races which will be held there on September 15—18 inclusive. Over one hundred entries have been received for the races. This will be the largest number of horses ever seen on any track in these provinces. It is expected that a large number of horsemen and other interested persons will leave Charlotteown and other parts of the province to witness the events.

IN PRINCESS PATRICIA REGIMENT.—Aside from the number of P. E. Islanders who are going direct from their native province to the front, many of them are enlisting in other parts of Canada. It was only yesterday that The Guardian learned that Mr. Jack Bethune, son of Mr. J. J. Bethune, Road Master of the P. E. I. R. R., had enlisted in the Princess Patricia Regiment. Mr. Bethune was a telegraph operator in the employ of the C. P. R. and gave up his position to serve his country.

RETURNED HOME.— Professor Theodore Ross, who had been attending the Inter-Provincial Education Conference and the Annual Fruit-growers' Convention, Grimsby, Ontario, returned to Charlottetown on the late express last night. Professor Ross had an interesting experience in Ontario, having visited Niagara by automobile. He says the people of Toronto and other cities are quite enthusiastic in their loyalty, and the fervent hope given utterance by every citizen is that Britain may win. The interest taken in the Fruit-growers' meeting is as keen as ever.

WEDDING BELLS.—A quiet but pretty wedding took place at the home of the bride's mother, Clyde Cottage, New Glasgow, Prince Edward Island, on September the 2nd, when Miss Margaret Loretta, youngest daughter of the late Mr George Stevenson, was united in marriage to Mr John Clark. The ceremony was performed by the Rev. H. O. Crow, pastor of the New Glasgow Christian Church, in the presence of a few immediate relatives of the bride and groom. The bride was becomingly attired in a gown of cream silk eolienné with shadow lace and silk trimmings, and was unattended. The groom is the son of Mr Samuel Clark, of South Rustico, and is a prosperous young farmer of that place, where the happy young couple intend to reside.

TO-DAY'S MEETINGS.—In view of the present European crisis, wherein the ideals of liberty and universal peace are threatened by the forces of military aggression, a National Call to Prayer has been issued by the leaders of various Christian bodies in Canada, for Wednesday, September 9th, 1914. All the Christian people of Canada are asked individually and unitedly to call upon the God of the Nations to uphold the cause of justice, truth and righteousness and thereby hasten the coming of the Kingdom of Our Lord. It is recommended that it be a day of contrition and prayer. In response to this request the Ministerial Association has arranged for two services to-day. The first will be in Zion Church from 12.30 to 1 p. m. The second will be in the First Methodist Church from 7.330 to 8.30. It is hoped that the people will be present in large numbers at both services and that the day will be a memorable one.

INSTITUTE WORK.—The September meeting of the Clyde River Women's Institute was held in the school house on the 2nd. inst. Some postponed business of a previous meeting was disposed of during which officers for the present year were elected. The ladies present showed their loyalty by donation to the Red Cross Society. The work of their Institute during the past year has been of a high order and the members are determined to see it continue. The directors for this year are: President, Mrs. A. J. Murchison; Vice President, Miss Mary McDonald, Mrs. Colin Fraser, and Miss Mamie McPhail. It was decided to hold the next meeting on Wednesday October 7th, the subject for discussion to be "Soups and Desserts.'"

HIGHLY INSTRUCTIVE CONFERENCE.—The Interprovincial Education Convention, held in the Technical College, Halifax, from August 26th to 28th, inclusive, was a notable gathering, not only because of the large number of prominent teachers present, but especially because of the importance of the subjects dealt with and the able manner in which they were treated by those who had charge of them. The Superintendents of Education of the three Maritime Provinces presided in turn, and promptness in the transaction of all business was a feature of the proceedings. Every minute was filled full of interesting work. After the opening address by Dr Carter, Superintendent of Education of New Brunswick, who dealt in an illuuminating manner with the various subjects to come before the Convention. Professor H. Murray, instructive paper on "Uniformity of School Texts Throughout Canada," showing clearly the advantages that would arise from greater uniformity, among which advantages would be better books at lower prices. Dr A. H. Mackay, Superintendent of Education for Nova Scotia, dealt with the questions of "Standardisation of Secondary Education," "Teachers' Licenses" and "School Statistics," and advocated the establishment of a Dominion Education Bureau. The foregoing subjects were discused at some length by Mr R. H. Campbell, B.A., Superintendent of Education for Prince Edward Island, and by Mr S. A. Starrett, President of the Summer School of Science. A paper of more than ordinary interest was the one on "Co-operation of the Home and School," by Controller Harris, chairman of the Halifax School Board. Dr James W. Robertson's stirring address on "Vocational Training," which excited great interest and received much praise, was ably discussed by Prof. Theodore Ross, secretary of the Department of Agriculture, Charlottetown, Mr R. P. Steeves, Director of Rural Science Schools, New Brunswick, and Mr L. A. DeWolfe, Director of Rural Science Schols, Nova Scotia. Dr Soloan, Principal of Normal College, Truro, presented clearly and forcibly the claims of these Atlantic Provinces for Federal subsidies for the support of education, and was followed on the same subject by Hon. A. E. Armstrong, Comissioner of Mines and Works, in a speech of great power and conviction. Harlan L. Smith, Archæologist of the Geological Survey of Canada, gave an excellent address on the "Archæology of Canada," and illustrated by means of stereopticon views many phases of Indian life and history. "Medical Inspection of Schools" was ably and interestingly dealt with by Drs J. G. M'Dougall, E. Blackadder, of Halifax, and Dr S. L. Walker of Truro, and the "Cadet Movement" by Geo. N. Elliott, Secretary of Canadian Defense League, and A. S. M'Farlane of the Normal School, Fredericton. One of the most interesting features of the programme was an address, illustrated by the stereopticon, by Dr W. E. Fernald, Suuperintendent Mass. School for the Feeble-minded, on "The Duty of the State in Reference to the Feeble-minded." "Teachers' Salaries and the Rural School Problem" was eloquently dealt with by W. A. Creelman, Principal, Sydney Academy, while the "Single Tax," as a means of raising money for school purposes, was treated in an excellent paper writen by Mrs Murray, of Halifax, and read by Miss Ninne, of Boston, and discused by Principal O. Hearn, of Halifax. After the Convention had adjourned a Conference of the Suuperintendents of the three provinces was held to discuss the best methods of bringing about the reforms advocated in the various papers and discussions.

"HAVEN'T GOT TIME."

Opportunity tapped at a door,
With a chance for a brother within;
He rapped till his fingers were sore,
And muttered: "Come on, let me in,
Here is something I know you can do,
Here's a hill I know you can climb."
But the brother inside.
Very quietly replied:
"Old fellow, I haven't got time."

Opportunity wandered along
In search of a man who would rise,
He said to the indolent throng:
"Here's a chance for the fellow who tries."
But each of them said with a smile,
"I wish I could do it, but I'm very busy today,
Very busy to-day;
And I'm sorry to say
That really I haven't got time."

At last Opportunity came
To a man who was burdened with cares,
And said; "I now offer the same
Opportunity that has been theirs,
Here's a duty that ought to be done,
It's a chance if you've got time to take it."
Said the man with grin.
"ome along, pass it in!
I'll either find time or I"ll make it."

Of all the excuses there are.
By which this world is accused,
This "haven't got time" is by far
The poorest and feeblest, the worst.
A delusion it is, and a snare;
If the habit is yours you should shake it,
For if you want to do
What is offered to you,
You'll find time to do it, or make it.
