Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. Nerviline warms and soothes the affected parts, draws out the irritation and pain, allows the patient ease after one rubbing. No treatment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! Nerviline must be good.
