ST. GEORGE?

The Sunday school teacher was telling her class of boys the legendary story of St. George. She concluded, and asked for the name of the dragon-slaying hero. Promptly came the answer, "Baden-Powell!"

A MAFEKING SHILLING

A scrip shilling issued by Col. Baden-Powell during the siege of Mafeking in 1900 was auctioned at a Toronto Scout fund campaign dinner and brought \$35. It was donated by Rotarian H. L. Stringer, who served at Mafeking under Colonel Baden-Powell.

SCOUTS HAVE SAVED OVER 200 LIVES

Since the inauguration of Scout awards in Canada in 1921, 251 medals have been given for life saving or notable work in a serious emergency, and 49 certificates of Merit and 25 letters of commendation for valuable service in lesser emergencies. The medals include 14 bronze crosses, for life saving at personal risk, 108 silver crosses for life saving at personal risk, and 129 gilt crosses for life saving without serious risk, or other notable work in an emergency.

HOW MAFEKING SOLVED ITS CURRENCY PROBLEM

The recent auctioning of a Mafeking scrip shilling at a Toronto Scout fund campaign dinner recalls with new interest the way in which Colonel Baden-Powell, the resourceful defender of Mafeking during his siege in 1900, solved the problem of the town's currency shortage. The later originator of the Boy Scouts had printed and signed by his army paymaster a voucher "good for the sum of 1s." and backed by the promise to exchange it for coin "on the resumption of civil law." At the top of the voucher appeared the Lion and Unicorn of the British coat of arms. The voucher sold in Toronto reads "January, 1900. No. A 3266. Issued by the authority of Colonel R. S. Baden-Powell, Commanding the Rhodesian forces. This voucher is good for the sum of 1s. and will be exchanged for coin at the Mafeking Branch of the Standard Bank on the resumption of civil law. (Signed) H. Greener, Capt. Paymaster."

CLEAN HANDS AND FACES IN TIBET WERE WOLF CUBS

An unexpectedly found Wolf Cub Pack on the borders of Tibet produced the first boys with clean hands and faces "in many days of wanderings," according to a recent traveler. The Cubmaster was a Tibetan, "much respected even though a Christian."

A MAGYAR CHIEF'S TENT FOR B. P.

For his use at the world gathering of Scouts this summer near Budapest the Hungarian Scouts are providing Lord Baden-Powell a magnificent compartment tent decorated after the manner of the tents of the chieftains of the ancient Magyar tribes of a thousand years ago.

A Striking Market Letter

A firm of produce buyers in Montreal has sent the following circular letter to the Maritime trade.

On March 21st the Finance Minister, Hon. Mr. Rhodes presented to Parliament the annual Budget. One feature is of special interest to the dairy, poultry and live stock producers, dealers, packers and exporters of Canada. The Finance Minister is reported to have spoken as follows:

"It is proposed to establish an Agriculture Stabilization Fund. From it will be paid to exporters to the British market the difference between the price actually received and the pound sterling, valued at \$4.60. In other words, to the extent that the Pound Sterling falls below \$4.60, the difference will be made good from this fund. This will apply to the following commodities: Animals, meats (including bacon and hams), poultry, fresh fish, canned fish, tobacco, cheese, milk products, canned fruits, canned vegetables, maple products, eggs and honey."

Thank you, Mr. Rhodes, thank you Mr. Weir! While it is perhaps premature to discuss the incidence of this proposal, we may be pardoned even at this early date if we consider the possibilities on particular commodities:

Eggs: Basing the price at which Canadian eggs might reasonably be sold, at 12/- per long hundred (10 dozen) C. I. F. British Ports and present exchange at \$4.12, we would arrive at the following:—
12/- @ \$4.60 = 27.60c per dozen
12/- @ 4.12 = 24.72c per dozen
Gain in price due to stabilization fund:—
2.88c per dozen

BACON: Based on 52/-C.I.F. per 112 lbs.
52/- @ \$4.60 = 10.63c per pound
52/- @ 4.12 = 9.57c per pound
Gain in price due to stabilization fund 1.11c per pound

HAMS: Based on 63/-C.I.F. per 112 pounds:
63/- @ \$4.60 = 12.94c per pound
63/- @ 4.12 = 11.59c per pound
Gain price due to stabilization fund 1.35c per pound

CHEESE: Based on 50/-C.I.F. per 112 pounds:
50/- @ \$4.60 = 10.27c per pound
50/- @ 4.12 = 9.20c per pound
Gain in price due to stabilization fund 1.07c per pound

CHICKENS: Based on 1/-per pound C.I.F.:
1/- @ \$4.60 = 26.00c per pound
1/- @ 4.12 = 20.60c per pound
Gain in price due to stabilization fund 2.40c per pound

To quote Mr. Rhodes further: "The direct result of this policy will mean increased returns to producers. With an assured fixed and certain cash return, the exporter can afford to pay the producer the value of his product. There remains the additional advantage that as exporters are stimulated there will follow improved prices in the home markets.

A market circular such as this is hardly the forum in which to discuss this proposed fund from a national policy standpoint but on behalf of all our clients for whose products, including cheese, butter, eggs, poultry, and packing-house products we are daily striving to obtain the highest possible return, we extend sincere thanks.

SOCIETY WOMEN ROLL HOOPS

Society women of London have made new an old pastime. It is hoop racing. During the recent cold snap three women in Kensington Gardens borrowed three hoops from some youngsters, and ran races on the Broad Walk. When a crowd gathered they handed back the hoops and hurriedly left in a taxi. Other feminine members of the smart set have taken up the idea, and it promises to become a live sport.

BEAUTY TIME-SAVERS IN PARIS

To reduce the amount of time required on treatments in shops or at home, beauty "short cuts" are being introduced in Paris. Elaborate evening coiffures, which take hours to build up with a woman's own hair, are obtained in a similar way by means of closely fitting wigs. Sets of detachable nails, which may be slipped over the real ones, and thus save the trouble of tinting and polishing, are becoming popular.

Geoffrey de Montmorency, Governor of the Punjab, called upon the Boy Scouts to aid in a vaccination campaign. During Christmas week and until January 7 Scout carol parties covered every section of the city singing songs against smallpox and uncleanness, and advising vaccination. As a result many thousands of men, women and children came to the vaccination posts, and substantial progress was made in the fight against the dread disease.

Hon. George E. Hughes who celebrates his eightieth birthday today, and will be receiving congratulations from his friends at his home on Euston St.

AT YORK—Mrs. James W. Hardy has arrived at her home at Pleasant Grove after an extended visit with her parents at Medford, Mass.—His many friends at York are pleased at the return of Ralph Crockett after a few months visit with relatives in Boston.—Mr. Wm. Vessey, York, a hero of the first battle of Ypres, is visiting at Halifax. Mr. Vessey was one of the first to enlist for service overseas—Loading potatoes at York is the order of the day. Last week Mr. Melvin Jay sent two carloads to Halifax en route to South Carolina.—Mr. and Mrs. Newton Vessey, York, have taken up their residence in the city.

MASON — REID — On Thursday evening of last week at the residence of the officiating minister, Rev. J. W. E. Lowry, 20 Greenough Ave., Cambridge, Mass., there was solemnized the marriage of Miss Ellen Reid, youngest daughter of Mr. and Mrs. Stephen Reid, Murray River, P. E. I. and Mr. Harold Mason of Brookline, Mass. The youthful bride was handsomely attired in a wedding dress of brown satin, with hat to match and corsage bouquet of pink roses. The bridesmaid, Miss Sadie I. Reid, of Cambridge, sister of the bride, wore a dress of blue silk, while the groom and the groomsmen, Mr. William Locke, wore the conventional black suit. The happy ceremony was witnessed by a few friends of the bridal pair and was followed by the customary greetings and congratulations of those present. The bride and groom are both well known in the city and district of Cambridge, especially in the congregation of the Scotch Kirk, and enter upon their married life with the warmest good wishes of a wide circle of friends for a long and prosperous career of nuptial bliss.

Y. P. S. BANQUET—Cavendish North Shore Y. P. S. held a very successful banquet in the Stanley L. O. L. Rooms, Cavendish Hall, on the evening of March 31. The banquet was the culmination of an attendance contest which was held during the winter months. The hall was artistically decorated in green and yellow, the colours chosen by the contestants. The color scheme was carried out in the table decorations which consisted of daffodils, hand painted place-cards, and dainty favors placed in yellow and green baskets. After a sumptuous repast the following program was carried out. Toast "The King", proposed by toastmaster Elmer Fyfe, responded to by "God Save the King." Toast "Canada" proposed by Robert Toombs responded to by "O Canada". Reading by Sadie Johnston. Toast "The Church" proposed by Irene Wyand, responded to by Rev. W. A. Patterson. Instrumental music by Hattie Farish and Preston Bennett. Toast the "Y. P. S." proposed by Herbert Wyand, responded to by Eric Bell. Reading by Rev. Mr. Patterson. Toast "The Yellows" proposed by Mary MacLean, responded to by Annie Lowther, leader of Yellow Side. Reading of "North Shore Ripples" by Editor in chief, Arthur Woolner, and Associate Editors. Those who assisted in serving were Misses Marion and Anita Webb, Blanche Wyand, Dorothy Warren, Helen Simpson, Messrs Arthur and Robert Woolner, Lowell Wyand. (Patriot please copy).

THREE GEES ON FLOE DEPART

Budapest, Hungary, is mourning the sudden departure of three guests which were entertained for 10 days under a bridge in the heart of the city. They were three geese which had floated down the Danube on an ice floe until it was stopped by ice under the bridge. Crowds swarmed the bridge to throw food to the visitors, which soon became the talk of Budapest. On the eleventh day the frost broke, and the cackling travelers swirled down the river toward the Black Sea.

TOSSED FROM HORSE SHE BLAMES SKIRTS

SANTA MONICA, Cal., April 3.—Confined to her bed, with injuries she suffered when thrown from a horse, Marlene Dietrich, German-born film star, has found a new argument for the use of trousers as women's apparel. "If I had been wearing trousers the accident never would have happened," said Miss Dietrich. Miss Dietrich, thrown during the filming of a motion picture, was wearing a long skirted riding habit of 25 years ago. "The actress, her physician said suffered a slight brain concussion and bruises on her left side.

PIG WAS PRISONER IN A STRAW STACK

VANTAGE, Sask., April 3.—Sitting on snow and a small pile of seeds, a 10-months-old pig owned by C. J. Boe, farmer of this district lived for 30 days buried in the middle of a straw stack on the farm of Burling Force, a neighbor. Missing during one of the winter's coldest spells, the hog was given up for lost by Mr. Boe, when inquiries among the neighbors and a search failed to find it. Thirty days after Mr. Force saw the animal emerge from the stack rather thin and somewhat stiff, but otherwise quite healthy. It had tumbled 25 feet into the straw.

BORDEN WOMEN'S INSTITUTE

Borden Women's Institute met at the home of Mrs. W. A. Field for February meeting. Eight members present. Sick committee reported visiting four sick and taking fruit. The bill for school supplies was \$12.15 which the secretary had paid. It was decided to put on a play or concert proceeds to go to help the new rink, also that we try and get more members. The president offered a prize for the one bringing the most to the next meeting. Mrs. Toombs and Mrs. Herring were appointed on entertainment for March meeting. Mrs. Sharpe gave a practical reading and Mrs. Herring a comical one which was greatly enjoyed. March meeting to be held at Mrs. J. Herring. Roll call to be answered by favorite girls name.

March meeting held at the home of Mrs. J. Herring, nine members answered roll call with favorite girls' name. Two new members joined at this meeting. It was decided to hold a pantry sale on Easter Saturday, also to call a special meeting as soon as play books arrive. Sick committee gave a very satisfactory report. Next meeting roll call to be answered by a joke. A contest was then held. Things our grandmother's missed, Mrs. Chappelle winning first, Mrs. Toombs second. Mrs. Herring won prize for two new members. Mrs. Toombs and Mrs. Chappel on the entertainment committee for April.

Useful in Camp—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion or sprain be sustained, nothing could be better as a dressing or lotion.

DR. SPEDDING GIVEN PRIZE

OAKLAND, Calif., April 3.—When blonde, chunky, energetic, 30-year-old Dr. Frank H. Spedding, native of Hamilton, Ontario, was informed yesterday he had been designated for the "Young Genius" \$1,000 prize of the American Chemical Society, he became "pretty excited."

For the last four years—ever since he took his Ph. D. degree at University of California—he has been holed up like a hibernating bear in his chemical laboratory, where excitement does not pay. Modestly he explained his new "atom lantern" method of ascertaining the atomic structure of solid is not wholly the result of his own efforts. "What I did," he said, "was to marshal all the known facts, a tad today's knowledge of chemical research and with some luck, which must be taken into account, I succeeded."

What Dr. Spedding succeeded in doing where others failed, was to develop a way of determining why some metals are hard and others soft, why some break in one manner and others in another.

"This means," he explained, "it is necessary to determine the atomic arrangement which is what decides the nature of the metal. It is done with gases, and quite successfully, by means of the spectrograph. The results are apparent in forms of lines on a photographic band, called a spectrograph."

His problem, he said, was to make the atomic particles stand still long enough to examine. This he accomplished by freezing his metal 400 degrees below zero, whereupon the atoms "quit jumping."

Dr. Spedding is a graduate of University of Michigan.

CONCERT AND PLAY IN CLYDE RIVER HALL

On Thursday night, March 23rd, a number of the young people of Clyde River presented a play and concert before a large audience in the Clyde River hall. The concert part was worthy of mention. There was perfect order throughout. Mr. Hugh J. MacLean acted as chairman and the entertainment was under the skilful and capable direction of Mrs. Gordon Mackinnon. The following is the program:

Chorus—"Bahunkus." Recitation by Louis MacLean. Motion song by seven girls. Reading by Miss Winnie Best (encored). Solo, "Quit Tagging Around With Me"—Thelma Mackinnon. Monologue—"Grandma's Days", Miss Irene MacFadyen. Song by Gordon MacDonald, Warren Mackinnon, Dalvay Murchison, Monty and Calvin Hyde, James Beer, John MacPhee and Lloyd Murray (encored). Instrumental music by Mrs. G. Mackinnon and Dan MacPhee. Recitation, Willie Livingston. Trio by Hilda Murray, Jean and Hazel MacLean. Duet by Everett Murray and Louis MacLean (encored). Closing chorus, "Good-bye My Lover, Good-bye."

INTERMISSION, Sale of Candy.

Play, "Hurry-Up Bride". The seven characters were well impersonated by local talent, most of whom were making their first appearance on the stage, each one taking his or her part in an able and pleasing manner. The specialties between the acts were supplied by a duet by Thelma and Garfield Mackinnon and instrumental music by Mrs. G. Mackinnon and Dan MacPhee. Following is the cast of the characters: Mr. Muldoon, Mayor of the city, Monty Hyde. Mr. Hennessey, Muldoon's enemy, John MacPhee. The Duke, Muldoon's choice for his daughter Rosie, Lloyd Murray. Harry Shannon, Rose's choice, James Beer. Rose Muldoon, The Hurry-Up Bride, Tena Mackinnon. Mildred, Rose's bridesmaid, Elizabeth MacLean. Mazie, Hennessey's daughter, Myrtle MacLean.

ON FLANDERS FIELDS

The twenty six packets of seed of Canadian wild flowers sent last year by the Experimental Farms Branch, Dominion Department of Agriculture, to the War Graves Committee have been planted in Flanders and in the other battlefields in France and Europe.

CANADIAN CANNED FRUIT

The excellence of Canadian canned fruits exported to Britain has called public attention in that country to the fact that canned fruits and vegetables are inspected by the Government of Canada. All canning factories in Canada which do interprovincial or export trade are inspected by officers of the Dominion Department of Agriculture under the Meat and Canned Foods Act for sanitary conditions and the products for quality, that part of the Act relating to fruit being administered by the Fruit Branch of the Department.
