What is a Mutual Life Company?

A MUTUAL Company is an association of policyholders for the purpose of securing Life Insurance at the lowest cost consistent with absolute security.

The reserves are the same as those of other old-line insurance companies. The premiums charged are approximately the same, but—

The profits from all sources are credited solely to the policyholders, and may be drawn in cash or used to reduce future premiums, so that the insurance may be said to be sold "at cost."

The holding of a policy does not involve any financial responsibility beyond that of keeping the contract in force, and the premiums cannot be increased.

There is only one such Company incorporated in Canada. This Company began business in 1870, so that it is now in its 46th year, and one of the strongest financial institutions in the Dominion. It is known as

The Mutual Life of Canada

WATERLOO ONTARIO

J. O. ARSENAULT, General Agent
136 Kent St., Charlottetown, P.E.I.

MONDAY

—SERIOUS ACCIDENT— Lieutenant A. C. Squarebriggs of the 6th C. M. R. received a painful accident while spending a few days leave of absence at his home. He was kicked by a colt and one of his ribs broken close to his back bone. This accident will delay his return for a week or so.—H.

—COMING CONVENTION— The Prince Edward Island Baptist Association will convene with the Summer-side Church, July 1st to 4th. Representatives of the Women's Mission Boards of various denominations were prominent speakers from the Acadia institutions will be present. All efforts is being made to make this one of the best and most successful Associations ever held.

MARRIED IN CALGARY— At St. Stephen's Church, Calgary, on April 29th, Rev. Canon James performed the ceremony which united Miss Winnifred Beer and Mr. Earl McLachlan, in marriage. Mr. and Mrs. McLachlan left after the ceremony for Edmonton, where they will spend their honeymoon, residing afterwards in Calgary. Mrs. McLachlan is a native of Charlottetown and will be remembered here by her many friends who will wish her much happiness.

—WEDDING BELLS— A very pretty wedding was solemnized at West Cape on May 12th, when Miss Clara B. Donville became the bride of Mr. Robert E. Ellis of Springfield. The ceremony was performed by the Rev. J. C. Peacock in the presence of the immediate relatives of the contracting parties. Miss Helen McLellan acted as bridesmaid while Mr. C. J. Ellis ably supported the groom. Among the many useful and costly presents was a gift of one thousand dollars from the bride's father.—H.

FROM BELGIUM.—The following facts are taken from a letter received by Mrs. John D. Murphy Elm Avenue, from her son Frederick, who is now fighting at the front with the Canadians. Just a few lines to let you know that I am still in the land of the living, and it is only by good Providence that we are as we were in the battle of Ypres as I suppose you have heard and we had to cross a field with the wounded, and it was being shelled nearly all the time. I was wounded and killed, but they died bravely. The letter which is dated Belgium, May 6th, and goes on to say that they are now resting and will not be back on the firing line for sometime, and sends kind regards to all friends.

—BODY FOUND.—The body of Archibald McKay of Clifton, who disappeared in September last, was found floating in the mill pond of Mr. John McKay (formerly Found's) about three miles from his home on Tuesday last. The deceased had been demented and acted strangely for some days previous to his unfortunate death, and although search was made by his friends no trace of him could be found until his body was recovered on Tuesday last. He had resided in the United States for a number of years and returning to the Island had lived with his brother on the old homestead. He was a son of the late George C. McKay and was of a quite reserved disposition. Much sympathy is felt in the community for his many relatives and friends.—E.

—WEDDING BELLS— A very pretty wedding took place on May 5th, when Catherine Isabell, second daughter of Mr. and Mrs. A. D. MacNeill, Long Creek, P. E. Island, was united in the holy bond of matrimony to Mr. James Stanley Buchanan of Winnipeg Man. The ceremony was performed by Rev. Mr. Hay, minister of the First Baptist Church, Winnipeg, the bride and groom being unattended. The bride looked charming in a dress of white silk and carried a bunch of sweet peas. All who were present at the wedding were Miss Jessie, cousin of the groom, and the bride's sister, Miss Grace. The young couple left on an auto trip to his cousin's, Mr. and Mrs. Tisdales, Coryden Avenue, Winnipeg, where supper was awaiting them. The bride and groom received many and costly presents. The groom's present to the bride's sister was a gold bracelet also to his cousin a signet ring. Their many friends wish them a long and happy wedded life.

—SHIPPING NOTE.—A Portland Me. despatch says: The steamers coming here with pulpwood from Dalhousie (N. B.) are finding it extremely difficult getting through the drifting ice which is coming up from the Gulf has filled all the rivers and harbors along the provincial coasts. The steamer Port Colburn, which sailed from Dalhousie on May 8th was caught in thick ice after leaving port and had one of her plates damaged, being forced to put into Charlottetown (P. E. I.), for repairs. She sailed again on Friday morning last and the local pilots went out from here last evening expecting her arrival during the night, although it is not certain if she found clear sailing. The Boston papers report that the lake built steamer belonging to the New England Coal & Coke Co., for coal carrying purposes, has also been forced to put into Charlottetown on account of heavy ice in Northumberland Straits. The Brandon left Dalhousie on Tuesday morning last for Portland, loaded with pulpwood, and her arrival was expected yesterday.

—WEDNESDAY

THE HOLIDAY.—The holiday on Monday was duly observed and although it rained somewhat in the evening, the day on the whole was pleasant. The trains outward from the city in the morning were thronged with holiday seekers provided with all the requisites for fishing. Many returned with splendid catches and others as usual were not so fortunate, but all at any rate came home feeling that they had had a very enjoyable holiday at Rocky Point, the s.s. Hillsboro being crowded on all trips. Some showers of rain fell in the latter part of the afternoon, but came too late to interfere with the pleasure of the excursionists.

MADE IN CANADA

Make your "Meat" Canadian Wheat—but be sure it is the whole wheat prepared in a digestible form—that's what you get when you eat **SHREDDED WHEAT** the food that puts you on your feet. It is not what you eat, but what you digest that makes muscle, bone and brain. **SHREDDED WHEAT** is a complete food for building the perfect human body. Ready-cooked and ready-to-serve.

Shredded Wheat is made in two forms, BISCUIT and TRISCUIT—the Biscuit for breakfast with milk or cream, or with fruits; Triscuit, the water-toast, delicious for luncheon with butter or soft cheese, or for any meal as a substitute for white flour bread.

NO RIFLE MATCH THIS YEAR.—Some days ago Major Bartlett communicated with Lieutenant-Col. H. Flowers, Secretary-Treasurer of the Nova Scotia Rifle Association and Major J. S. Frost, Secretary-Treasurer of the New Brunswick Association with reference to the holding of the International Rifle Match for 1915. It was felt by some members of the Council that owing to the absence on military duty of many of the members it would be difficult to get up a match this year that would be satisfactory to the different provinces but as Prince Edward Island held the trophy they felt it their duty to make a move and give the other provinces an opportunity to hold or to postpone the match. Letters from Lieut-Col. Flowers and Major Frost in reply to Major Bartlett stated that it would be impossible as well as inadvisable to hold the match this year owing to the absence on duty of practically all their members. It has therefore been decided to postpone the match until a more convenient season.

FROM THE FIRING LINE.—The following extracts are from a letter written home by Sergt. Vernon McLeod:—"Just a few lines to-day, as it is not often now that we have time during the day for letter writing, as one usually sleeps in clothes and boots and with one eye open. Then again we move about every three days, and these marches are always by moonlight, therefore our time is badly broken and good intentions interrupted. To-day I was down to the Gate of Hell and Suicide Corner; these places brought back vivid recollections of what has transpired in the week gone by. On the further bank of the Yser Canal is a high ridge with trees growing on it. At a certain point this ridge is cut or levelled to the ground so that troops crossing the canal may go by road past the ridge without climbing over it. Again, this ridge protects the rear from rifle and machine gun fire. In ordinary times one would take a leisurely promenade along the road through the ridge leading into the meadow. On the far side of the meadow or pasture is another ridge (much smaller and lower) and then another space of open. Here is the battle-field where so many of our boys fell, and as soon as they reached the unprotected open they were often moved down, so it was named Suicide Corner. At night a shell or two ignited the building and the glow could be seen for miles around. There are many things one could tell, but they are too awful. One thing I might mention was the funeral of a western fellow-in-arms. On duty one day we were up in the reserves lately occupied by Canadians, prior to their advance. In the rear of one farm house lay the body of a poor chap who had lately been killed. Pigs were loose

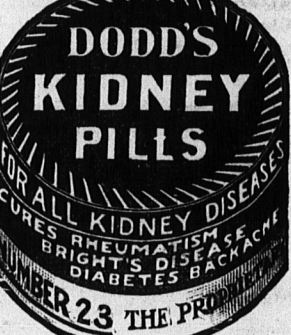

WON'T SHRINK WOOLLENS

Pour LUX on the troubled waters of the wash

MILLIONS of these little LUX wafers are working wonders every wash-day all over Canada. In color they are like cream—to the touch like silk. The fine, soft, creamy lather LUX makes, is splendid for woollens—it never shrinks or hardens them. In fact, all kinds of garments, woollens, silks, laces, linens, etc., dainty or otherwise, are really preserved by LUX. It leaves them luxuriously clean, but with the fabric absolutely free from matting and shrinkage.

SAMPLE FREE on application to Lever Brothers Limited, Toronto. Sold at all grocers, 10c.

Remember: 1st. LUX is made in Canada. 2nd. It won't shrink woollens.
