Deplores Prevalence Of Illegal Drinking

Jail And Crime Situation In Prince County Com- mented Upon By Mr. Justice Saunders. Grand Jury Makes Pressing Representations And Pre- sents Four Indictments.

MR. JUSTICE A. C. SAUNDERS

Who, from the Supreme Court
Bench yesterday deplored the evi-
dence of illegal drinking and
crime in Prince County.

The need of a juvenile reformatory for the Province, of relieving crowded sleeping quarters for prisoners in the Prince County Jail, of provision for exercising and working the prisoners, of removing obstructions to vision from all level railway crossings and dangerous curves on highways in the Province, of enforcing auto speed regulations and of prohibiting airplane excursion trips on Sunday were among the representations presented by the Grand Jury at the opening of the November Term of the Supreme Court at Summerside yesterday morning.

Mr. Justice A. C. Saunders, who presided on the bench for the first time in his home County yesterday, referred to the exceptionally large number of prisoners in the Prince County Jail, there being thirty-four in all, including twenty-one bootleggers, which showed, he declared, that a good deal of liquor was being sold illegally in the County.

He regretted also that the criminal docket was unusually heavy and that fox stealing has been going on without many of the criminals being brought to justice.

That the Jail is at present so crowded that in one room seven prisoners are sleeping on three single beds and one cot, was revealed in the Grand Jury's report.

The following true bills were found by the Grand Jury:
The King vs. Joseph McDougall, Summerside. Breaking and entering, stolen goods, upon which they returned a true bill.
The King vs. Frederick Fritchard, Linkletter. Receiving stolen goods.
The King vs. Roy Yeo and Bayfield Yeo. Assault occasioning actual bodily harm.

The Grand Jury directed that an indictment be prepared charging Mrs. Alta Delaney with receiving stolen goods, upon which they returned a true bill.
The accused McDougall, Fritchard, Roy Yeo and Bayfield Yeo were arraigned and each pleaded "not guilty."

Auxiliary Water Supply Will Be Soon Available

If nothing unforeseen occurs, Charlottetown's new auxiliary water supply, the source of which is the twenty newly sunken wells on the farm of Mr. Charles Mallett on the Erackley Point Road six miles from the city, will be available for use within ten days, water commission-ers state.

There are nineteen four inch wells, which are sunk to an average depth of twenty-two to twenty-three feet, and one six inch well. These wells were driven by Mr. T. R. Kent, well driver, of St. George, N. B., who brought his equipment here for the purpose. There is a very extensive watershed in the locality where the wells have been driven, as well as a splendid spring of water.

The reservoir lies about four miles north west of the new source of supply. The twenty wells are connected to a suction main. From this main the water will be pumped by means of an electric motor to the reservoir through a fourteen inch force main. It will thus be possible to deliver two million gallons of water to the reservoir in 24 hours.

The work of laying the main was begun on September 6 by the firm of Phillips and Clarke, and has been recently completed. The main is five feet below the surface of the ground. Almost one thousand tons of pipe were used in the line. This piping was manufactured in Canada by the Canadian Iron Foundries, Montreal. The pump motor was furnished by the Canadian Allis-Chalmers, Toronto. The valves were manufactured by T. MacVity & Sons, St. John.

Power for the electric motor will be supplied by the Maritime Electric Co. who have laid a line from the plant to the works. Air vents are now being installed at high points in the

Returns From The Fair

PREMIER LEA BELIEV- ESSHOW, JUST CLOS- ING, THE BEST EVER.

Premier Lea returned to the Province last evening after an absence of more than a week during which he attended the Royal Winter Fair at Toronto, and a conference of provincial Ministers of Agriculture with Hon. Robert Weir, Federal Minister of Agriculture.

Premier Lea expressed the opinion that the show was without doubt the greatest held in the history of the Royal Winter Fair. In the live stock classes in particular there was a larger number of entries, and a higher quality of exhibits than on any previous occasion.

Maritime Day passed auspiciously. An important feature, the Premier said, was the live stock parade. The paper's band which headed the procession, was followed by the live stock entries of the Maritime Provinces. Six decorated floats represented the fox, potato, and apple industry, and drew attention to the tourist attractions of the Maritimes. During the parade Premier Lea spoke to 10,000 people calling attention to points where the Maritime Provinces showed superiority. The Maritime display was very well received, the Premier thought. The banquet was attended by four hundred guests, among them the Governor of Ontario, the acting Premier, and the ministers of Agriculture of the different provinces.

The only Island exhibitors were Mr. J. Walter Jones of Freetown and Mr. R. A. Profit of Freetown. Both took a considerable number of prizes. Competition was unusually keen especially in the Holstein classes and local breeders pitted their animals against millionaires' herds.

The quality of the potato and grain exhibits was such as to discourage the showing of any mediocre exhibits. In the former classes there was tremendous competition. Island exhibitors took a large number of prizes. Mr. Peter Brodie taking first in one class. New Brunswick, however, won premier honors in the Green Mountains. Premier Lea also reported a very successful conference with Hon. Robert Weir Dominion Minister of Agriculture.

Speaks Well For Prince Edward Island

(Special to the Guardian)
TORONTO, Nov. 25.—The im-
proved quality of the silver foxes
exhibited at this year's Fair is
proof of the stability of the fur
farming industry in Canada, ac-
cording to Fair and judging of-
ficials. Foxes which 20 years ago
sold for \$35,000 would not even
be placed today. Major G. Cous-
ens, superintendent of the fox
show told the Star and this
year's battles for supremacy have
been harder than ever.

England's Gratitude To France

(Special to the Guardian)
PARIS, Nov. 25.—The British Em-
bassy tonight announced that King
George of Britain has decided to de-
corate the city of Beauvais, the Town
of Alloune and the Beauvais hospi-
tal in gratitude for their meritor-
ious work in the R-101 disaster. The
decorations will be conferred by the
British Ambassador, Baron William

Tragic Death Of Child

Widespread public sympathy is ex-
tended to Dr. J.S. and Mrs. Jenkins
on the sudden and tragic death of
their little son Keir which occurred
about 10.30 yesterday morning at their
home on Brighton Road. The little
four year old lad fell down a cellar
hatchway and sustained a fractured
skull. He was rushed at once to the
City Hospital, where his father was
at work at the operating table. An
examination of the child showed
that life was extinct and it is be-
lieved that death was almost instan-
aneous.

There are left to mourn besides
the grief stricken parents, two sisters
Jessica and Joan, at present attend-
ing school in Halifax, and one brother
Jackie at home.
The funeral will be held privately
this morning from the residence of
Dr. Jenkins, 80 Brighton Road.

Wire Re- Rates On Potatoes

The following telegram was received
by Mr. W. C. S. McLure, M.P.P.
yesterday:

Further regarding potato rates.
Railway management states this
morning that due to protests from
other shipping centres it seems im-
possible to work out any solution.
They point out as well that they have
been unable to obtain any guaranteed
quantities of potatoes from P.E.I. to
Boston. Even with guaranteed
quantity I am afraid they would not
promise much. Sorry, but whole mat-
ter is very complicated and I cannot
instruct them.

C. N. Fast Freight Derailed Near Bronson On N.T.R.

MONCTON, Nov. 25.—The Trans-
continental division of the Canadian
National Railways was blocked for
traffic for several hours at Bronson,
a point fifty miles north of Moncton,
through the derailment of twelve
cars attached to north bound fast
freight Number 473 which left this
city at three o'clock yesterday af-
ternoon for Edmundston. The cause
of the run-off is unknown but an
investigation is scheduled to take
place.

Little damage resulted from the
derailment, either to roadbed or
rolling stock, according to C. N. R.
headquarters here, and the line was
cleared for traffic early this morn-
ing. The wrecking auxiliary equip-
ment and crew went from here to
Bronson immediately after the run-
off. No member of the train crew
was injured.

Baldwin Scores MacDonald Govt.

Pays Special Attention To Lack Of Results Of Recent Imperial Conference—Mother Country Sent Dominion Premiers Home Empty Handed.

(Canadian Press)

LONDON, Nov. 25.—Rt. Hon. Stan-
ley Baldwin who today received a
vote of confidence as Conservative
Party Leader, came out flatly for
an emergency tariff on manufactur-
ed goods as soon as the Conservative
party can return to power. At the
same time he took a strong stand
against the dumping of foreign prod-
ucts into Great Britain. Whatever
stands in the way of abolishing fore-
ign dumping that obstacle shall be
removed, he declared.

The former Prime Minister, who
was obviously impressed by the un-
animity of the endorsement accorded
him, told 800 delegates to the central
council of the national union of Con-
servative and Unionist associations
that he stood at the head of a united
party. Mr. Baldwin launched an
attack against practically every ques-
tion of the Labor Government's dom-
estic and Empire policy. The Con-
servative Leader paid special atten-
tion to what he described as the lack
of results of the recent Imperial
Conference. After the Dominion Pre-
miers had urged the Mother Country
to try to find an economic union
he said they had been sent home
empty handed. What they got was
merely an undertaking that some of
the subjects might be discussed with-
in a year at Ottawa and that, he ad-
ded, is the only good thing that has
come out of this Conference, because
they will be discussed at Ottawa and
they will be discussed by our party.

Rum Runner Fired Upon

PROVIDENCE, R. I., Nov. 25.—A
complaint may be made to the Can-
adian Government that the British
motorboat Good Luck captured with
501 sacks of liquor off Block Island
Sunday, was fired upon and struck
by at least one one inch shell and
marched the coastguard destroyer Porter,
Joseph Fitzpatrick, Counsel for the
boat's skipper said here today.

PROVIDENCE, R. I., Nov. 25.—
Machine gun bullets struck the steel
sheathed deck house of the Canad-
ian oil screw boat Good Luck "like
rain" during its pursuit and capture
early Sunday off Block Island, Cap-
tain Charles Donovan told the Can-
adian Press today. Captain Donovan
and nine members of the crew of
the Good Luck hail from Lunenburg,
N. S. They were released yesterday
by order of United States Attorney,
Henry M. Boss Jr. He explained that
it would be difficult to prove con-
spiracy against the crew without
showing the shore connections they
may have had. Mr. Boss will proceed,
however, against the ship in an ef-
fort to confiscate it and its cargo of
541 cases of liquor.
