ENJOYED TRIP — Mr. and Mrs. John R. Robinson, of Chicago, U. S. A., who have been visiting Mr. and Mrs. Charles H. Biggers, at Stanley Bridge, for the past week, are leaving Wednesday for their home. They are motoring back to Chicago by way of the New England States and New York. Mr. and Mrs. Robinson drove the 1800 miles from Chicago to Stanley Bridge in a few hours over four days, coming by way of Toronto, Montreal, Quebec City and Fredericton. Their seven passenger Stutz car is one of the biggest cars ever to visit Prince Edward Island. Mr. Robinson was born in Stanley Bridge and spent his boyhood there. His father, the late Benjamin C. The son John R., was educated in the public schools of Prince Edward Island, Boston, the University of North Carolina and Columbia University. Upon graduation he became a newspaper man, being a member of the Hearst organization for years. After his discharge from the American army at the end of the World War as a Captain of Infantry, he went to South America for a Chicago paper merchandising firm, spending six years travelling in all parts of Latin-America. At present he is general manager of the Import Paper Company, one of the leading firms of its kind in Chicago. Mrs. Robinson a graduate of the University of Texas, is paying her second visit to Prince Edward Island. After traveling in seventeen foreign countries and all over the United States and Canada," says Mrs. Robinson, "I wish to say that the people of Prince Edward Island represent to me the most substantial race of people I ever have known. Everywhere on the Island I find evidence of the most solid, the most industrious and the most sincere people I ever have had the pleasure of meeting. I am proud of the friends I have made here, and of the people I know in

NEW YORK'S SECRET POLICE

The pupils were examined in the various subjects by their teacher, Miss Ella Murphy and showed by their complete and ready answers the careful training which they must have received throughout the school year. Then followed a very enjoyable programme every feature of which was enjoyed by the large audience. A notable feature of the programme was the story of Canada from its discovery to the present day. Much credit is due Muriel Watts and Francis Murphy two of the younger pupils, who had the leading parts in the programme. Both of these pupils performed the various parts assigned them with ease and natural ability. Miss Murphy presented school leaving certificates to the following pupils, Peter Doyle and Loretta Murphy, and prizes as follows. Prize for Attendance awarded to Peter Doyle. Prize for General Proficiency awarded to Francis Murphy. Prize for Application awarded to Muriel Watts. Prizes for Application in the Junior grades awarded to Mary Doyle and Victor Watts.

A well worded address was read to the teacher by Muriel Watts while Mary Doyle presented her with a pearl on amber set on behalf of the pupils. To which the teacher responded in her usual affable manner.

After which fruit was given to the children and a generous treat of home made candy to all present. A

owed by ever present danger, secret police, to be known henceforth only by numbers, the nucleus New York's "Scotland Yard". He travel alone, this secret service unarmed and without badge or means of identification, down alleys and into strange dives in mazes of the underworld of the metropolis.

In the unenviable position of spy about whose fate there could be any uncertainty should his identity become known—he will fraternize with gangsters, rum runners, cotic peddlers and desperate characters generally. Sworn to conceal his means of livelihood even from members of his own family, he contrive to gain entrance into the desperate undercurrent groups in which betrayal of secrets means swift death—the gangs whose activities, menacing and baffling, lurk behind the murder of a Frankie Yale or a Fra Marlow.

A police officer with the rank captain, whose identity will be known only to Commissioner Whalen and his confidential secretary, is placed in command of the young men. The captain will meet any of his force face to face. He will know them only as number. They will never come into his office. All their reports will be made in writing or over the telephone and always by numbers only.

NEW YORK, July 10—Fifty young men recruits all picked for their youth, intelligence and fearlessness, were today designated by Police Commissioner Whalen for a new job, a job colored with romance and shadow.

number of speeches were made by those present on the success of the Examination. A voice of thanks was then tendered the teacher for her good service in the school during the past year. A very enjoyable evening was brought to a close by the singing of the National Anthem.

The following is the programme.
