KEITH'S THEATRE, BOSTON.

The greatest of the legitimate stars to appear at Keith's is Mrs. Patrick Campbell, the English emotional actress who comes to Keith's next week for an engagement that will probably mark the height of a remarkable season at this house. Never before in the history of vaudeville has there been so many big attractions offered as Mr Keith has provided during the winter and now when the warm days are coming he is capping the climax with a world wide celebrity who has made one of the greatest hits of her career in a one-act play. It is called "Expiation," and tells the story of a beautiful Russian woman whose husband has become associated with the Nihilists and is put to death. She, through her beauty, wins the confidence of a Russian officer and when the curtain rises she is seen in the house wheedling the truth out of the Russian. The entire play is thrilling from start to finish and affords Mrs. Campbell one of the best opportunities she has ever had to display her wonderful powers as an actress. She will be surrounded by an exceptionally strong bill, a comedy feature of which will be Bowers, Walters and Crooker, "The Three Rubes." Another is Warren, Lyon and Myers, who will make their first appearance in Boston with their musical comedy sketch which has proved one of the hits of the season. Other features will be the Flying Banvards, a big aerial acrobatic act; the 3 Vagrants, European street singers; Hilda Hawthorne, the female ventriloquist, Brady and Mahoney in a comedy sketch; the Daleys in a roller skating specialty, and others.

PERJURER GETS FIVE YEARS

STOCK MARKET CLOSED WEAK

NEW YORK, April 20—Specific causes were not clearly perceptible for the weakness of stocks today. The demand again was apathetic. Speculative holders of stocks have reduced their lines. The bear party in the speculative takes advantages of this situation to offer prices down and thus take the market away from the would-be sellers. Occasional buying from the bears realize profits by covering shorts constituted the principal demand at any time today, but prices ended at the lowest.

The weakness of the metal stocks was conspicuous but this was in accordance with the special strength shown by that group last week.

The persistent selling of United States Steel was of notable sentimental effect on the general market.

The coppers were even weaker than Steel and were affected, also, by the falling price of metal.

The additions to the gold export movement during the day were an influence towards depression, although no direct effect was perceptible in the tone of the money market. Rates for call loans, in fact, were somewhat easier and the demand for time loans, also, is reported to be almost stagnant. Discount rates were firmer in London and it was to that centre that attention is directed for money market influences.

Bonds were irregular; total sales, par value, $1,960,000.

U. S. bonds were unchanged on call.

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT, and it was as well as ever the next day.

Yours very truly,

CASUALITIES ON AMERICAN ROADS INCREASE

WASHINGTON, April 20—A large increase in the number of casualities on American roads is shown by the report for the quarter ending December 1, 1909, as compared with the corresponding quarter of the previous year. A bulletin issued today by the Inter-State Commerce Commission shows an increase in the number of persons killed of 301, and in the number of injured of 5,645, as compared with the corresponding quarter of 1908. The total number of persons killed was 1,099 and the total number injured 22,491.

TRURO FIREMEN FOUND MISSING MAN

TRURO, April 20—A successful effort was made this evening by means of the regulation signals and alarm to locate a young man named James D. Sinclair who wandered away from his lodgings at the Jubilee House here and had not returned. He is 20 years of age, a blacksmith by trade, and came out a week ago withhis parents from Scotland. The father and mother left two of their daughters at the home of Conductor Fred Davison, and their son at the hotel, whilst they went to Lower Truro to look over a farm. On returning from Hector Cutten's last night the boy was missing and remained so until the general alarm was given.

The Truro firemen and others organized a searching party at seven o'clock and went three to four miles on every road. Near the house of J. E. Black, North River, three miles out the party, under Chief Stewart's direction discovered the lad leaning against a tree utterly at loss to retrace his way to town, and seemingly dazed and ill. He was immediately brought to his parents who naturally are overjoyed. He was drenched with the heavy rains and might have perished during the night Young Sinclair suffered severely altogether, hence the evident indeterminate character of his actions.

LARGE INCREASE IN FATALITIES

WASHINGTON, April 21—A large increase in the casualties on American railroads is shown by the report for the quarter ended December 31, 1909, as compared with the previous year. The bulletin shows an increase in the killed of 301 and in the injured of 5,045, as compared with the corresponding quarter of 1908. The total number killed was 1,099 and injured 22,491.
