"Look before you leap." Be sure you get Hood's Sarsaparilla when you call for it, and you will find health in its use.

The Men of The Northern Zone.

[We have been asked why the Khan was recently designated in these columns as the Canadian Laureate. It is because all his poetry is instinct with Canadianism. And because his poem "The men of the Northern Zone," written in a time of national anxiety, comes nearer to voicing the root sentiments of the Canadian people and stands a better chance to survive as the Canadian national song than anything else in the language.—Editor, Telegraph.]

Oh, we are the men of the Northern Zone;
Shall a bit be placed in our mouth?
If ever a Northman lost his throne,
Did the conquerer come from the South?
Nay, nay—and the answer been
In chorus is southward sent;
"Since when has a Southerner's conquering steel
Hewed out in the North a throne?
Since when has a Southerner placed his heel
On the men of the Northern Zone?"

Our hearts are as free as the rivers that flow
To the seas where the north star shines:
Our lives are as free as the breezes that blow
Thro' the crests of our native pines.
We never will bend the knee:
We'll always and aye be free,
For liberty reigns in the land of the leal,
Our brothers are 'round her throne:
A Southerner never shall place his heel
On the men of the Northern Zone.

Oh, shall we shatter our ancient name,
And lower our patriot crest;
And leave a heritage dark with shame,
To the infant upon the breast?
Nay, nay—and the answer blent
With a chorus is southward sent;
"Ye claim to be free—and so are we:
Let your fellow freemen alone;
For a Southerner never shall place his heel
On the men of the Northern Zone."

Shall the mothers that bore us bow the head
And blush for degenerate sons?
Are the patriot fires gone out and dead?
Ho! brothers, stand to the guns!
Let the flag be nailed to the mast,
Defying the coming blast!
For Canada's sons are as true as steel,
Their metal is muscle and bone,
The Southerner never shall place his heel
On the men of the Northern Zone.

Oh, we are the men of the Northern Zone,
Where the maples their branches toss,
And the Great Bear rides in his state alone,
Afar from the Southern Cross.
Our people shall aye be free,
They never will bend the knee,
For this is the land of the true and leal,
Where freedom is bred in the bone—
The Southerner never shall place his heel
On the men of the Northern Zone.

The best family remedy for Coughs, Cold, Croup, Hoarseness, and every form of Inflammation is Bentley's Liniment. Sold by druggists and general dealers in two sizes. Price ten cents and twenty-five cents. Full directions on the wrapper.—Be sure you get Bentley's.

PEOPLE USED TO SAY TO THE DENTIST

"I WANT A SET OF TEETH."

And no thought was given to the arrangement, contour, etc. Now it is different. The comfort, health and appearance depend upon dental skill in constructing and properly fitting an artful substitute for the natural teeth. For the choice of teeth to produce the most natural expression, must be taken into account the characteristics of the patient.

To determine the most desirable material for the base or plate in each case the Dentist's skill is called upon to advise. In fitting and constructing the highest mechanical art only can effect the most thorough efficiency and comfort in all the offices that teeth must perform. Our experience in this work. Our superior mechanical facilities, The fact of this branch of our business being in charge of an expert justify the assertion that we can replace the natural teeth as nearly as it is possible for skill to accomplish. All who contemplate wearing artificial plates desire to know something of their manufacture. We are always glad to talk about our work and show examples of many of our interesting cases.

We make eleven different kinds of plates. We make "Teeth without plates." You can call in the morning and get your teeth same day. We make a complete set of artificial teeth from \$5.50 and upwards. We extract teeth free of charge when new teeth are ordered. We guarantee satisfaction.
