INDIAN RIVER - Kensington - Health tea party on new grounds, Kensington, August 4. Sports featuring 10 mile bike race, Dalaroo, pipes, violin, piano, singing, dancing. Exciting meals and saloons. Sale of home made cakes. If after-noonable will be held following day. L-1243-8-31.

UNPLEASANT PICNIC - The staff of the Prince County hospital, the doctors with their families, and the nurses, had a picnic at Winchester Cape, N. S. The picnic was a failure. The water was so hot that the picnic was abandoned. L-1243-8-31.

PROHIBITION COURT - Magistrate Daryl had several prohibitions before him last week. A woman under the Excise Act was fined \$25.00. Two men charged with "possessing" were each fined \$50.00 for a motor vehicle after his license had been cancelled and he had given a nominal fine for \$5.00.

KENSINGTON POLICE - On Wednesday last the police had against two citizens of Kensington by the name of Sanitary Inspector Dr. E. Summerside, under the Health Act before Magistrate Daryl. After hearing the evidence the court was adjourned in order to return on Friday morning. The court was adjourned in order to return on Friday morning. The court was adjourned in order to return on Friday morning.

WINDY SHOWER - A heavy shower was given on Wednesday at the home of Mr. and Mrs. Arthur Holland. The house was decorated for the occasion. The house was decorated for the occasion. The house was decorated for the occasion.

APPOINTMENT AT THE DOMINION EXPERIMENTAL FARM, RANCH, SUMMERSIDE - Dr. C. K. Gunn has been appointed as Assistant in Genetics. Dr. Gunn is a graduate in Biology and Zoology from Manitoba University and has taken post graduate work in Animal Genetics at the University of Toronto. -S

VISITS FORMER HOME - Rev. Innes Fraser, a native of St. Eleanor's and one time incumbent of the parish here, is visiting St. Eleanor's. Rev. Mr. Fraser was accompanied by his wife. They were guests of their cousin Miss Marion Holland, Summerside. They also spent some part of their holiday in Charlottetown. Rev. Mr. Fraser is rector of the Anglican parish of New Glasgow. -S

LONG RIVER SCHOOL MODERNIZED - The public school at Long River was recently redecorated. The interior being painted in ivory and green. Correct lighting has been installed and the blackboard placed at the correct angle. Visitors at the school closing were very much pleased with the improvement. Miss Jean Sharpe teacher, who has been given an appointment in the Summerside High School was presented with a gift by the pupils at the school closing. -S

RETURNED HOME - Mr. and Mrs. John Drake who have been visiting relatives in the New England States and Prince Edward Island, for some months left by motor car to return to their home in Charlottetown, P. E. I. Mr. Drake's visit to P. E. I. was chiefly to visit his brother, Mr. Purley Drake, who is seriously ill at his home in Mill View near Charlottetown. While in Summerside they were the guests of Mr. William Minto. They were accompanied on their return trip by their granddaughter Mrs. Ray Wilson and Mr. Wilson who spent their honeymoon in the Maritimes. It was Mr. Minto's first visit to the Maritime Provinces and he was delighted with the excellent bathing and beautiful country scenes. -S

STATION HOUSE BURNED - The station house at Summerside, three miles east of Summerside, was burned to the ground late Friday. The fire was first noticed by a little girl who had got off the evening train and was waiting for her people to take her home. She noticed smoke coming up through the floor and ran to the nearest house to call the fire. The fire was first noticed by a little girl who had got off the evening train and was waiting for her people to take her home. She noticed smoke coming up through the floor and ran to the nearest house to call the fire. The fire was first noticed by a little girl who had got off the evening train and was waiting for her people to take her home. She noticed smoke coming up through the floor and ran to the nearest house to call the fire.

GASPIA IN PORT - The S. S. Gaspia arrived in Summerside about 10 a. m. Sunday with a passenger list of 46. Mr. John E. Campbell with the assistance of Sergeant Patrick Ryan at the town police force arranged for cars to take passengers on motor drives round the town and vicinity. Owners of motorboats and one or two yachts offered them to any visitors who cared for a sail round the harbour. The weather was unfavorable, but many took the opportunity of seeing the town. The steamer also brought a quantity of freight, sailing at midnight for Charlottetown her next port of call. The S. S. Pleurux called at Summerside from Montreal with passengers and freight leaving Saturday morning for Charlottetown.

FRACTURES HIP AND ANKLE - Her many friends will regret to learn that Mrs. Horace Lyle is in the Prince County Hospital suffering a badly fractured hip and fractured ankle. Mrs. Lyle was at a neighbour's place and noticed a little boy climbing up to a truck which was at a standstill outside the house. Fearing the little chap would fall she went to lift him down, when the child gave a jump causing Mrs. Lyle to fall backwards. As she did so she struck the curb with such force that it fractured her hip and her ankle, causing another fracture. It is feared Mrs. Lyle will be kept

NOTTINGHAM ENGLAND (CP) - Managing the touring New Zealand team and making banquet speeches does not suit Tom Lowry, 39-year-old cricketer. The old Cambridge Blue played against Nottinghamshire, scoring 121 runs.

Five Norwegians Die in Airplane Crash

(A.P. By Guardian's Special Wire) OSLO, Norway, Aug. 1 - Five Norwegians, including Chris Braetli, who accompanied Rear-Admiral Richard Byrd to the Antarctic, were killed today in an airplane crash here. The pilot, Arild Wideride, was one of Norway's best known aviators.

Aerialist Shoots Wife, Suicides

(By The Associated Press) LONG BEACH, Calif., July 30 - Mrs. Annie Bruce reported to police today that Alfredo Codona, internationally known circus aerialist, shot his divorced wife, Vera, and then killed himself today. Mrs. Bruce - Mrs. Codona's mother - said the attempted murder and suicide occurred in the office of her daughter's attorney and that she was the only witness. Police said Mrs. Bruce told them Codona fired four shots at the woman who divorced him only a few weeks ago. They found one bullet entered her head and three lodged in her abdomen. She was taken to Seaside Hospital where attendants said her condition was critical.

LOWRY GETS IN GAME

NOTTINGHAM ENGLAND (CP) - Managing the touring New Zealand team and making banquet speeches does not suit Tom Lowry, 39-year-old cricketer. The old Cambridge Blue played against Nottinghamshire, scoring 121 runs.

WEDNESDAY EVENING

On Wednesday evening July 28th a large number of friends gathered at the home of Mrs. and Mrs. Dana Maxwell has returned from Masdalen Islands, where he has been engaged in the lobster industry for the past few months.

MISS HAZEL ANDERSON

Miss Hazel Anderson, Moncton, is the guest of her mother, Mrs. Geo. Wells and Mr. Wells.

MR. AND MRS. AUSTIN MACKENZIE

Mr. and Mrs. Austin MacKenzie, Point de Bute, and family were Sunday guests of Mr. and Mrs. Hugh Goodwin.

MR. AND MRS. J. R. SEAMAN

Mr. and Mrs. J. R. Seaman, and Loyal Seaman, motored to Moncton, on Saturday where they attended the MacLaren-Brown wedding.

ON WEDNESDAY EVENING

On Wednesday evening July 28th a large number of friends gathered at the home of Mrs. and Mrs.

Tormentine

Mrs. Margaret Peck, Brighton, Mass. is spending some time here, a guest of her sister, Mrs. Annie Blanche.

Mr. Charles W. Belyea, Sussex was a recent guest of friends here.

Miss Mary Burns, nurse-in-training at the Sains' Hospital, Springhill is spending a vacation here with her parents, Mr. and Mrs. Thomas V. Burns.

Mrs. Lewis, Newcastle and Miss L. Johnson of Moncton were recent visitors here.

Mrs. H. F. Ketter is spending a week at her home in Moncton.

Miss Colleen Robinson is spending some time in Sussex visiting relatives.

Mrs. Emma Carson has returned from Sydney where she spent a few days.

Mrs. Robert Slack and little daughters Betty, Jane and Brenda of Brighton, Mass., are spending several weeks here guests of Mrs. Ada Spence at the Tormentine Hotel.

Mr. and Mrs. Ripley of Amherst were guests of Mr. and Mrs. Dexter W. Allen on Sunday.

Miss Verne Read, Port Egin spent a couple of days here, a guest of Miss Edna Oulton.

Mrs. Nettie Spence has returned home from Halifax where she has spent the past month, a guest of Mrs. Mable Spence. She was accompanied home by her granddaughter, Miss Irene Spence who will be her guest for a few weeks.

Master Carl Swift of Hardwood Ridge is spending some time here, a guest of Mrs. S. M. Ward.

Mr. Blake Oulton spent the week-end here a guest of his parents, Mr. and Mrs. W. E. Oulton.

Mr. Adalbert Tower has returned home from Dorchester where he has spent some time.

Mr. Edward Barnhill, Halifax was a week-end guest of his parents, Dr. and Mrs. H. B. Barnhill, Bayfield.

Miss Barbara Jackson and Master Noel Jackson, Timish are spending some time here, guests of their grandmother, Mrs. Barbara Allen.

reast Day Is Observed At Lennox Island

The Feast of St. Anne was duly observed by the Indians on Lennox Island with a special High Mass as is the custom every year. St. Anne being the patron saint of the Micmacs. The morning was fine and many people from all parts of the province attended the ceremonies. His Lordship Rt. Rev. Bishop O'Sullivan journeyed to Grand River on Saturday on purpose to be on hand to take part in the service. He was the guest of Rev. Bennett MacDonald, parish priest at Grand River and Lennox Island.

In the morning Bishop O'Sullivan with other visiting priests, taken by motor boat to the island. The sermon was delivered in readiness for their visit, the church and grounds being beautifully decorated for the occasion. His Lordship Bishop O'Sullivan celebrated High Mass, assisted by the following priests: Rev. Geo. MacDonald, Lot 11 and Rev. Father Ellsworth, St. Dunstan's University, deacons of honor; Rev. Dr. Martin Monaghan, Miscouche, deacon and Rev. Urban Gillis, sub deacon of the Mass; Rev. George MacDonald, St. Dunstan's, as Master of Ceremonies.

The sermon was preached by Rev. Father Ellsworth who delivered an excellent discourse on charity which was interpreted by the Gospel of Christ to be kindness and patience to all men. At the use of the service Bishop O'Sullivan spoke words of encouragement to the Micmacs, praising them for having preserved the faith of their forefathers who embraced Christianity 300 years ago. He expressed the hope that they would continue in the faith and in their children to lead good Christian lives.

After the services the visitors were entertained to a sumptuous repast in the parochial house of the Rev. Bennett MacDonald. The rest of the day was taken up in quiet recreation.

Wins Suit Over Glass in Milk

LONDON, July 28 (CP) - A woman whose mouth was cut by glass splinters in milk has been awarded \$350 with costs in the King's Bench Division here. Mrs. Phyllis Peggy Collins, 36, testified she poured milk from a bottle over some cereal. While eating she felt a sharp stab in the roof of her mouth and another in her throat. She found two pieces of glass in her mouth, which began to bleed.

The dairy defendant in the case had treated her well and suggested she should take a week-end holiday at its expense. She had not been in good health for some time because of the occurrence and her nervous condition became worse.

In rendering judgment, the court said it was not disputed there had been a breach of implied warranty. No attempt had been made by the defendants to explain the presence of the broken glass. The plaintiff's breach of warranty to recover for breach of contract was upheld. If she had been a normal healthy woman not much harm would have been caused but she was already in a nervous state and was awaiting operation. Happening to a woman in her term who the accident had a very disturbing effect on her and there could be no doubt it aggravated her nervous state.

Baie Verte N. B.

Charles Milton has returned to St. John, after spending a two week's vacation with his parents, Mr. and Mrs. E. Roy Milton.

The many friends of Mrs. Guy Webb regret to learn that she is a patient in the Highland View Hospital, Amherst, N. S.

Miss Phyllis Izzard, St. John, was a recent guest at the home of Mr. and Mrs. C. E. Gourlay.

Mrs. L. M. Connell is the guest of friends and relatives in Amherst, N. S.

The annual Sunday School picnic was held on Friday afternoon, July 23rd, at C. V. Wood's shore. Rev. A. F. Baker and Rev. R. S. Morrissey conducted the sports.

Mr. and Mrs. Harry Trenholme and daughter, Marilyn, have returned from a motor trip through Cape Breton Island.

The Misses Dora and Emma Scott, attended the Maritime Young People's Conference which was held in Sackville from July 7th-14th.

On Friday evening July 16th, a reception was held in the community hall in honor of Mr. and Mrs. Winston Furry, who were recently married. Dancing was enjoyed by the many friends of the young couple after which refreshments were served.

Miss Lillian Bert, Amherst, N. S. is the guest of her sister, Mrs. Roger Carey and Mr. Carey.

Mrs. Vaughan Steeves, Toronto, recently visited her parents, Mr. and Mrs. Woodford Goodwin. On her return to Toronto, she was accompanied by her sister, Helen Goodwin.

Dana Maxwell has returned from Masdalen Islands, where he has been engaged in the lobster industry for the past few months.

Miss Hazel Anderson, Moncton, is the guest of her mother, Mrs. Geo. Wells and Mr. Wells.

Mr. and Mrs. Austin MacKenzie, Point de Bute, and family were Sunday guests of Mr. and Mrs. Hugh Goodwin.

Mr. and Mrs. J. R. Seaman, and Loyal Seaman, motored to Moncton, on Saturday where they attended the MacLaren-Brown wedding.

On Wednesday evening July 28th a large number of friends gathered at the home of Mrs. and Mrs.

Summer Vegetables

The young summer vegetables, such as new carrots and turnips, broad beans, peas, and French beans, lose a great deal of their flavor if they are boiled in water, and the water thrown away. Other methods of cooking are available wherein the flavor and goodness of the vegetables are conserved.

Here is a simple and delicious way of cooking any kind of root vegetable. Leaf vegetables can be cooked like this, too, but it spoils the color. Boil young carrots or turnips and leave them whole. Put into as wide a saucepan as is available, with only enough water to cover the bottom of the pan and keep the vegetables from burning. Add a little salt, put on the lid and cook gently until the vegetables are tender.

Shake the pan occasionally and add a little more water if necessary, so that the vegetables get neither dry nor burnt. When cooked remove the lid, raise the heat, and cook quickly until all moisture is absorbed. Add some butter, and toss well.

GOOD BRAISED

Braised vegetables are an excellent accompaniment to boiled beef.

Jos. Turner to honor their daughter, Miss Hazel Turner, with a variety shower. Mrs. Turner leaves on Thursday for Wilmington, Mass. where she will be married in September.

Miss Fidelia Trenholme nurse-in-training at the Moncton City Hospital, recently visited friends and relatives here.

Mr. and Mrs. E. Roy Milton, are being congratulated on the arrival on July 17th, of a son, David Grant. -O

Gain Is Shown In Employment

OTTAWA, July 30 (CP) - Employment at the beginning of July was at a higher level than any July 1 on record except 1929, the Dominion Bureau of Statistics said today.

Figures were gathered from 10,271 employers showing 1,134,318 at work compared with 1,088,652 the preceding month. "This increase, of course, considerably exceeded that recorded at July 1, 1936," said the Bureau, "and was also decidedly greater than the average gain between June 1 and July 1 in the preceding 16 years for which statistics are available."

Canadian Henley Coronation Meet Draws Big Entry

ST. CATHARINES, Ont., July 30 (CP) - Stern competition in singles and crew events is expected at the Royal Canadian Henley Regatta over the well-known course here July 29, 30 and 31. The 55th annual regatta is styled the "Coronation" water carnival of the North American continent.

The Canadian Henley, the last three days in July and the American National premier event in the United States, scheduled for Buffalo the following week, bring the two spectacles of American rowing more closely together than in the past century of competitive sculling.

Officials of the Canadian Association of Amateur Oarsmen have already received entries from leading aquatic clubs and oarsmen of the U. S. who regard the Royal Canadian as the ultimate in competition and their success in Canada's foremost water event here will largely determine the merits of contending crews and oarsmen for the American national championship.

An indication of the quality of competition at the Canadian Henley this month may be gleaned from the fact five of the best senior singles scullers on the continent have already entered the championship. The singles scullers "Chuck" Campbell, Toronto Don and Johnny Coulson, Toronto Argonauts, both of whom contested the 1937 Diamond Sculls at Henley - James, will make strokes here while Herb Miller, former University of Toronto rower and winner last year, will seek to retain his honors as a clubmate of Coulson in the Double Blue.

Jim Miller, Toronto Argonauts, and Joe Burke, Penn A. C., Philadelphia, are other contestants for the singles title and it is expected that Ervin Konrad of Buffalo, American National and Canadian Association titleholder, will also be on hand to make the singles race a real North American championship event.

Undines of Philadelphia are among the strongest crews in their history along with Eugene Clark in the 140-pound singles, and their champion heavy eight will contest the honors with Pennacs, Hamilton Leanders of America, rivals of Canada's last Olympian crew, as well as Toronto Argos, Buffalo Woodies, Detroit and Wyandotte's "boiler makers."

Lachies, Montreal, have already entered a 150-pound junior eight and Ottawa B. C. will send the familiar red and black crew here again with Stothart, sensational young single sculler in junior ranks. Winnipeg "White Horse," absent for the last three years, will pin their hopes on a junior heavy eight if it should first win at the Head-of-the-Lake.

Penn A. C. also expect to send two senior doubles and this quartette forms a senior four that will contest honors against the best Canadian and American fours of Buffalo, Detroit and Philadelphia.

or lamb. Any one kind of vegetable can be used, or a mixture, such as carrots, turnips, and broad beans or peas. Prepare the vegetables and put into a casserole or stewed stock base to cover them, put on the lid, and cook gently until tender. Take out the vegetables and put on a hot dish. Work a teaspoon flour into a small piece of butter, and add this bit by bit to the liquid. Boil up stirring all the time, and pour over the vegetables. If carrots or turnips are cooked in a good strong stock without a lid the stock will form a delicious savory glaze.

Another good way of serving root vegetables is to cook them in butter, but these must be served with a variety of herbs. First, wash and cook the vegetables in the first method, but drain them off before they are soft. Dry well. Put a large piece of butter into a pan, and when hot, but not brown, put in the vegetables, and finish off cooking in the butter, stir, and add a cup milk, or cream, and as soon as the vegetable is a pale brown they should be served. A little chopped parsley may be scattered on top.

WITH SAUCE

Most summer vegetables are good served as a separate course with an appetizing and nourishing sauce. First cook the vegetables, either steaming them or by the first method mentioned. Then put a tablespoon butter into a saucepan, when melted add a level dessert-spoon of flour, stir, and add a cup milk, or cream, and as soon as the vegetable is a pale brown they should be served for a few minutes, then add

Heavy Rains In Western Provinces

WINNIPEG, Man., July 31 - Warm weather during the past week coupled with scattered showers to heavy rains throughout the three Western Provinces has served to hasten maturity of crops and in short feed districts to somewhat improve the outlook. Harvesting of barley and rye will be general this week with much of it in the dried sections already cut. Some rye has been threshed in Manitoba, according to the weekly crop report of the Department of Agriculture, Canadian National Railways.

Some hail damage at St. Jean and Lowe Farm in southeastern Manitoba, at Hallboro near Carberry, and at Rossburn is reported. Army worms are active at several points between Dauphin and Hudson Bay Junction and in the Kelowna area. The latter showing possibly the worst infestation. Wheat cutting in Manitoba will be general from the 10th to the 15th of August. Rust infection will doubtless depreciate yields in many areas though the extent of this cannot be estimated at the moment.

In Saskatchewan, the Regina division reports rain on the Lewvan, Lampman, Avonlea, and Gravelborough subdivisions which should aid pastures and remaining feed crops. Grasshoppers are very thick and are destroying fields which otherwise might have returned some seed and feed. From Regina to Kipling more rain is needed with late grain and feed situation showing improvement. It is estimated that 50% of farmers will get seed back and 25% may have some commercial grain to dispose of. This condition applies north of Regina to Davidson but north of that point to Saskatoon complete failure is reported.

From Melville to Saskatoon little change has occurred though showers have benefited pastures. Cutting has started at many points but grain is short and hard to anticipate. North-eastern Saskatchewan experienced hot weather with most of the territory ravaged by several scattered showers. Depreciation of crops continues at Yorkton, Kamsack and other points.

Prince Albert division received rains during the week and has shown slight improvement in pastures and late grains. In other districts where only light showers occurred further crop deterioration is evident. Improper filling in the dried sections will seriously lower yields. Cutting has already commenced in most districts and will be general in a few days. Grasshoppers are active in many sections.

South and west of Saskatoon more rain is urgently needed to help the feed situation. On the Dodsland subdivision rains of July 21 have improved conditions considerably and seed will probably be obtained at nearly all points westward to Lovena. Grasshoppers are showing up badly in this division. Improvement is also reported around Battleford due to rains of the past few weeks. Marketing of stock has been interrupted pending further crop anticipated. Saskatchewan to Kindersley also shows improvement and many who had given up hope now anticipate securing sufficient grain for seed. Some farmers are sowing oats for fall feed.

Calgary division reports good showers towards Hanna, with yields of 15 bushels predicted. From Moncton to Viewpoint rains are filling nicely and rains have improved the outlook. Three Hills subdivision reports growing conditions ideal with one to two inches of rain followed by warm weather. All grain is headed out with 75 per cent normal crop anticipated. Other central Alberta points report good rains which greatly improved feed prospects. From Hanna to Aik yields of from five to twenty bushels are now anticipated.

Northeastern Alberta under the Edmonton division experienced several good showers. At Wainwright a few fields of wheat have been cut but later crops are more promising. From Wainwright to Edmonton good showers have helped considerably and harvesting will commence in ten days. Pair yields are expected from Mirror to Edmonton with hay crops equal to last year. Some hail is reported at Manville on the Vegreville subdivision and around Innisfree district also at Warspite.

North of Edmonton crops are maturing fast and have shown improvement with rains. Scattered hail damage has occurred at a few points. Weather continues dry and warm on the Peace River subdivision with cutting expected to begin in ten days.

The majority of points in the Peace River district report weather hot and dry with rains needed to properly fill the grain. Barley cutting has commenced at a few points and wheat cutting should be general in from a week to ten days.

pepper, salt and a pinch each of nutmeg and sugar. Remove from the heat, and stir in the yolks of two eggs, or the yolks of one egg and a spoonful or two of cream. Put in the vegetables and make very hot, but do not boil again. Any left-over cold vegetables are excellent heated up in this sauce. Another good sauce in which to serve the vegetables is a well flavored stock, boil rapidly until it is reduced to half, and made up to its original quantity with cream.

Record Wheat Crop Forecast For Japan

TOKYO, July 29 (CP) - Japan will have the greatest wheat crop in her history this year if the Ministry of Agriculture and Forestry's forecast of 49,182,000 bushels proves correct. This approximated the "ideal quantity" of 50,000,000 bushels set as objective of the Ministry's five-year plan.

Also it marks termination of the plan which aimed at increasing Japanese production of wheat to quantity equivalent to that consumed within the country. Allowance was made for importations from Canada, Australia and elsewhere to provide high-grade wheat for mixing purposes in milling better grades of flour for city consumption and export.

The big crop in prospect is due to ideal weather conditions, with just the right proportions of rain and hot sunshine during the spring and summer so far. The biggest crop previously was 38,250,000 bushels in 1925.

Probe Fire Which Claimed Three Lives

(C. P. by Guardian's Special Wire) MONTREAL, July 29 - Police pressed an investigation tonight into a rooming-house fire that took the lives of two men and a woman. Meanwhile, the bodies of the victims lay in the morgue awaiting a coroner's inquest scheduled to open tomorrow morning.

Identity of one man and the woman had been ascertained but authorities knew the other man, thought to be a Greek, only as "Joe". Persons who visited the morgue in an effort to identify him were unable to name him definitely.

The woman was Eva Clark, 30 found side by side with the unidentified man while the other victim was Arthur Grouk, 42, a Russian who occupied an adjoining room to Miss Clark. Firemen and death by suffocation was indicated in all three cases, although the bodies also were burned.

Was Manager Of Pines Hotel, Digby

DIGBY, N. S., Aug. 1 - O. C. Jones, manager of the Pines Hotel here since 1929, died suddenly Saturday night at his summer cottage at Sandy Bottom Lake, near Annapolis, N. S. He was 65 years old.

Born in Calumet, N. S. Jones was employed with the Dominion Atlantic Railway in Annapolis, Bear River, and Brunswick, N. S. In 1918 he bought Pines Hotel here as a personal venture. In the following year the hotel was sold to the Canadian Pacific Railway and he was appointed manager. He managed the Cornwall Inn in Kentville, N. S. for several years. In 1931 he was appointed supervisor of the C. P. R. hotels in Nova Scotia, a chain of three units. He was recently made managing director of the Lord Nelson Hotel in Halifax.

A son, Robert Jones, is enroute home, and a daughter Marjorie, of Boston, survive him. W. V. Jones, of Bridgetown, N. S., is a brother.

CLASH WITH

(Continued from page 1)

cast to Japan tonight.

He said chances of peace were small due to the continued concentration of Chinese troops on the southern border of the zone of hostilities.

Appealing to the people for continued support, Katsuki declared the army "had no alternative but to resort to arms."

Measures for setting up a new administration for the Peiping-Tientsin area, from which the hostilities have driven officials of the former Chinese regime, were making rapid progress.

Japanese headquarters said a "peace maintenance commission" had begun administering Tientsin. It consisted of nine Chinese, but other Chinese said it was completely controlled by the Japanese military.

Japanese said a similar governing body would be inaugurated in Peiping tomorrow.

Ten Britons, four Americans and 13 other foreigners reached Tientsin today to tell a story of death and terror in a railway wreck between Tangku and this city Thursday. They escaped injury in the wreck only to be caught in an artillery battle between Chinese and Japanese at the mouth of the Hai River, 25 miles east of here.

They estimated 40 Japanese soldiers and one Russian child died in the wreck, caused by removal of a rail, piling up three passenger cars.

The surviving Japanese soldiers, believing themselves surrounded by hostile Chinese, compelled the foreigners at pistol point to leave the scene. They tore a Russian woman from the body of her child left with the Japanese dead.

After three hours march across country the foreigners reached a telephone by which they summoned a launch which took them to Tangku, at the mouth of the Hai River, where they found refuge aboard the British Warship Brisby and a British steamship.

Gain Is Shown In Employment

OTTAWA, July 30 (CP) - Employment at the beginning of July was at a higher level than any July 1 on record except 1929, the Dominion Bureau of Statistics said today.

Figures were gathered from 10,271 employers showing 1,134,318 at work compared with 1,088,652 the preceding month. "This increase, of course, considerably exceeded that recorded at July 1, 1936," said the Bureau, "and was also decidedly greater than the average gain between June 1 and July 1 in the preceding 16 years for which statistics are available."

Canadian Henley Coronation Meet Draws Big Entry

ST. CATHARINES, Ont., July 30 (CP) - Stern competition in singles and crew events is expected at the Royal Canadian Henley Regatta over the well-known course here July 29, 30 and 31. The 55th annual regatta is styled the "Coronation" water carnival of the North American continent.

The Canadian Henley, the last three days in July and the American National premier event in the United States, scheduled for Buffalo the following week, bring the two spectacles of American rowing more closely together than in the past century of competitive sculling.

Officials of the Canadian Association of Amateur Oarsmen have already received entries from leading aquatic clubs and oarsmen of the U. S. who regard the Royal Canadian as the ultimate in competition and their success in Canada's foremost water event here will largely determine the merits of contending crews and oarsmen for the American national championship.

An indication of the quality of competition at the Canadian Henley this month may be gleaned from the fact five of the best senior singles scullers on the continent have already entered the championship. The singles scullers "Chuck" Campbell, Toronto Don and Johnny Coulson, Toronto Argonauts, both of whom contested the 1937 Diamond Sculls at Henley - James, will make strokes here while Herb Miller, former University of Toronto rower and winner last year, will seek to retain his honors as a clubmate of Coulson in the Double Blue.

Jim Miller, Toronto Argonauts, and Joe Burke, Penn A. C., Philadelphia, are other contestants for the singles title and it is expected that Ervin Konrad of Buffalo, American National and Canadian Association titleholder, will also be on hand to make the singles race a real North American championship event.

Undines of Philadelphia are among the strongest crews in their history along with Eugene Clark in the 140-pound singles, and their champion heavy eight will contest the honors with Pennacs, Hamilton Leanders of America, rivals of Canada's last Olympian crew, as well as Toronto Argos, Buffalo Woodies, Detroit and Wyandotte's "boiler makers."

Lachies, Montreal, have already entered a 150-pound junior eight and Ottawa B. C. will send the familiar red and black crew here again with Stothart, sensational young single sculler in junior ranks. Winnipeg "White Horse," absent for the last three years, will pin their hopes on a junior heavy eight if it should first win at the Head-of-the-Lake.

Penn A. C. also expect to send two senior doubles and this quartette forms a senior four that will contest honors against the best Canadian and American fours of Buffalo, Detroit and Philadelphia.

Heavy Rains In Western Provinces

WINNIPEG, Man., July 31 - Warm weather during the past week coupled with scattered showers to heavy rains throughout the three Western Provinces has served to hasten maturity of crops and in short feed districts to somewhat improve the outlook. Harvesting of barley and rye will be general this week with much of it in the dried sections already cut. Some rye has been threshed in Manitoba, according to the weekly crop report of the Department of Agriculture, Canadian National Railways.

Some hail damage at St. Jean and Lowe Farm in southeastern Manitoba, at Hallboro near Carberry, and at Rossburn is reported. Army worms are active at several points between Dauphin and Hudson Bay Junction and in the Kelowna area. The latter showing possibly the worst infestation. Wheat cutting in Manitoba will be general from the 10th to the 15th of August. Rust infection will doubtless depreciate yields in many areas though the extent of this cannot be estimated at the moment.

In Saskatchewan, the Regina division reports rain on the Lewvan, Lampman, Avonlea, and Gravelborough subdivisions which should aid pastures and remaining feed crops. Grasshoppers are very thick and are destroying fields which otherwise might have returned some seed and feed. From Regina to Kipling more rain is needed with late grain and feed situation showing improvement. It is estimated that 50% of farmers will get seed back and 25% may have some commercial grain to dispose of. This condition applies north of Regina to Davidson but north of that point to Saskatoon complete failure is reported.

From Melville to Saskatoon little change has occurred though showers have benefited pastures. Cutting has started at many points but grain is short and hard to anticipate. North-eastern Saskatchewan experienced hot weather with most of the territory ravaged by several scattered showers. Depreciation of crops continues at Yorkton, Kamsack and other points.

Prince Albert division received rains during the week and has shown slight improvement in pastures and late grains. In other districts where only light showers occurred further crop deterioration is evident. Improper filling in the dried sections will seriously lower yields. Cutting has already commenced in most districts and will be general in a few days. Grasshoppers are active in many sections.

South and west of Saskatoon more rain is urgently needed to help the feed situation. On the Dodsland subdivision rains of July 21 have improved conditions considerably and seed will probably be obtained at nearly all points westward to Lovena. Grasshoppers are showing up badly in this division. Improvement is also reported around Battleford due to rains of the past few weeks. Marketing of stock has been interrupted pending further crop anticipated. Saskatchewan to Kindersley also shows improvement and many who had given up hope now anticipate securing sufficient grain for seed. Some farmers are sowing oats for fall feed.

Calgary division reports good showers towards Hanna, with yields of 15 bushels predicted. From Moncton to Viewpoint rains are filling nicely and rains have improved the outlook. Three Hills subdivision reports growing conditions ideal with one to two inches of rain followed by warm weather. All grain is headed out with 75 per cent normal crop anticipated. Other central Alberta points report good rains which greatly improved feed prospects. From Hanna to Aik yields of from five to twenty bushels are now anticipated.

Northeastern Alberta under the Edmonton division experienced several good showers. At Wainwright a few fields of wheat have been cut but later crops are more promising. From Wainwright to Edmonton good showers have helped considerably and harvesting will commence in ten days. Pair yields are expected from Mirror to Edmonton with hay crops equal to last year. Some hail is reported at Manville on the Vegreville subdivision and around Innisfree district also at Warspite.

North of Edmonton crops are maturing fast and have shown improvement with rains. Scattered hail damage has occurred at a few points. Weather continues dry and warm on the Peace River subdivision with cutting expected to begin in ten days.

The majority of points in the Peace River district report weather hot and dry with rains needed to properly fill the grain. Barley cutting has commenced at a few points and wheat cutting should be general in from a week to ten days.

Record Wheat Crop Forecast For Japan

TOKYO, July 29 (CP) - Japan will have the greatest wheat crop in her history this year if the Ministry of Agriculture and Forestry's forecast of 49,182,000 bushels proves correct. This approximated the "ideal quantity" of 50,000,000 bushels set as objective of the Ministry's five-year plan.

Also it marks termination of the plan which aimed at increasing Japanese production of wheat to quantity equivalent to that consumed within the country. Allowance was made for importations from Canada, Australia and elsewhere to provide high-grade wheat for mixing purposes in milling better grades of flour for city consumption and export.

The big crop in prospect is due to ideal weather conditions, with just the right proportions of rain and hot sunshine during the spring and summer so far. The biggest crop previously was 38,250,000 bushels in 1925.

Probe Fire Which Claimed Three Lives

(C. P. by Guardian's Special Wire) MONTREAL, July 29 - Police pressed an investigation tonight into a rooming-house fire that took the lives of two men and a woman. Meanwhile, the bodies of the victims lay in the morgue awaiting a coroner's inquest scheduled to open tomorrow morning.

Identity of one man and the woman had been ascertained but authorities knew the other man, thought to be a Greek, only as "Joe". Persons who visited the morgue in an effort to identify him were unable to name him definitely.

The woman was Eva Clark, 30 found side by side with the unidentified man while the other victim was Arthur Grouk, 42, a Russian who occupied an adjoining room to Miss Clark. Firemen and death by suffocation was indicated in all three cases, although the bodies also were burned.

Was Manager Of Pines Hotel, Digby

DIGBY, N. S., Aug. 1 - O. C. Jones, manager of the Pines Hotel here since 1929, died suddenly Saturday night at his summer cottage at Sandy Bottom Lake, near Annapolis, N. S. He was 65 years old.

Born in Calumet, N. S. Jones was employed with the Dominion Atlantic Railway in Annapolis, Bear River, and Brunswick, N. S. In 1918 he bought Pines Hotel here as a personal venture. In the following year the hotel was sold to the Canadian Pacific Railway and he was appointed manager. He managed the Cornwall Inn in Kentville, N. S. for several years. In 1931 he was appointed supervisor of the C. P. R. hotels in Nova Scotia, a chain of three units. He was recently made managing director of the Lord Nelson Hotel in Halifax.

A son, Robert Jones, is enroute home, and a daughter Marjorie, of Boston, survive him. W. V. Jones, of Bridgetown, N. S., is a brother.

CLASH WITH

(Continued from page 1)

cast to Japan tonight.

He said chances of peace were small due to the continued concentration of Chinese troops on the southern border of the zone of hostilities.

Appealing to the people for continued support, Katsuki declared the army "had no alternative but to resort to arms."

Measures for setting up a new administration for the Peiping-Tientsin area, from which the hostilities have driven officials of the former Chinese regime, were making rapid progress.

Japanese headquarters said a "peace maintenance commission" had begun administering Tientsin. It consisted of nine Chinese, but other Chinese said it was completely controlled by the Japanese military.

Japanese said a similar governing body would be inaugurated in Peiping tomorrow.

Ten Britons, four Americans and 13 other foreigners reached Tientsin today to tell a story of death and terror in a railway wreck between Tangku and this city Thursday. They escaped injury in the wreck only to be caught in an artillery battle between Chinese and Japanese at the mouth of the Hai River, 25 miles east of here.

They estimated 40 Japanese soldiers and one Russian child died in the wreck, caused by removal of a rail, piling up three passenger cars.

The surviving Japanese soldiers, believing themselves surrounded by hostile Chinese, compelled the foreigners at pistol point to leave the scene. They tore a Russian woman from the body of her child left with the Japanese dead.

After three hours march across country the foreigners reached a telephone by which they summoned a launch which took them to Tangku, at the mouth of the Hai River, where they found refuge aboard the British Warship Brisby and a British steamship.

Gain Is Shown In Employment

OTTAWA, July 30 (CP) - Employment at the beginning of July was at a higher level than any July 1 on record except 1929, the Dominion Bureau of Statistics said today.

Figures were gathered from 10,271 employers showing 1,134,318 at work compared with 1,088,652 the preceding month. "This increase, of course, considerably exceeded that recorded at July 1, 1936," said the Bureau, "and was also decidedly greater than the average gain between June 1 and July 1 in the preceding 16 years for which statistics are available."

Canadian Henley Coronation Meet Draws Big Entry

ST. CATHARINES, Ont., July 30 (CP) - Stern competition in singles and crew events is expected at the Royal Canadian Henley Regatta over the well-known course here July 29, 30 and 31. The 55th annual regatta is
