PRUNING TREES

Little difference has been noted between winter-pruned and summer-pruned apple trees. Expert horticulturists, however, advocate pruning apple trees in winter when the operation can be more carefully and easily performed. At this season of the year there is no foliage to prevent the orchardist from seeing at a glance just which branches should be removed. Moreover, as soon as the trees commenced to bear it is always difficult to take out wood which should perhaps be eliminated because of the crop of fruit.

In view of the results obtained in experiments the fruit grower may be assured that either practice of pruning will prove satisfactory while the trees are young.

There Were Many Things Which I Could Not Eat

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes: "I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."

SCORED ANOTHER HIT.—The Charlottetown Dramatic Club scored another triumph in their successful comedy drama "Behind the Skies of Blue" at the Prince Edward Theatre last night. The performance, which was given at the auspices of the St. Charles Auxiliary Society, had netted a very satisfactory sum which will go towards the Charlottetown Hospital.

DR. MACNEILL SLIGHTLY INJURED.—The Guardian regrets to learn of a somewhat severe accident sustained by Dr. John F. MacNeill, M. L. A., on Monday last. While driving with three others in a sleigh to attend the funeral of the late Dr. Jardine at Kensington the sleigh slowed and upset, throwing the four occupants out. One of the latter is a man of more than ordinary avoirdupois and Dr. MacNeill had the misfortune of being his neighbor and when the spill came the additional misfortune of being below. He was somewhat badly bruised and strained, and was obliged to rest at a farm house until the party returned from the funeral. It is understood that he was not seriously hurt and hopes to soon again be on duty.

handled. It is to some extent a subterfuge. I am assuming that the 60 per cent of the money necessary will now be contributed by the city and towns, THROUGH the Government. That is only a subterfuge. If the Dominion Government consents to get round their own regulations by subterfuge very good, but we should have absolute assurance before we pass it into law. In the abstract it is dangerous legislation, because we are vesting these streets in the Provincial Government. I would like to know if there is any absolute assurance or not, that no government would submit that no government would give any absolute assurance, no matter how favorable a thing looked. It was really hard to conceive why the commissioners at Ottawa did not look upon the thing more favorably; it seemed to him they were a little over careful; but they have now indicated the measures to be taken. He believed the matter should be pressed as vigorously as possible. The bill will not be a subterfuge but will furnish a reason whereby the grant can be given.

MR. C. METHERALL referred to the value of such a grant to Alberton and promised his support.

MR. D. C. McDONALD believed the House was tackling the measure before having time to consider it thoroughly. The first intimation of the proposed bill was in the Speech from the Throne, but then mention was made only of Charlottetown and Summerside. There was not so very much money left at Ottawa and he would like to be assured that the small towns get their fair share. He referred particularly to Souris.

HON. MR. CROSBY did not think the government deserved these criticisms. They had already made more extensive projects which had been turned down. Now it was a question of whether the House would put through legislation which the Commissioner at Ottawa suggested.

MR. STEWART: Perhaps instead of "subterfuge" I might have used the words "Extreme Sarcasm and Showbread." My friend has calculated this so well THAT THE BILL IS GOING TO BRING IT ABOUT ON AN ELECTION YEAR!

HON. MR. JOHNSTON said, as he understood the reading of the correspondence, the highways money was applicable in the broadest sense to all main roads through towns, whether they run through streets in the projects referred to by the Commissioner of Public Works are main, municipal roads of the province, then why the necessity of this statute? He had not heard anything in the correspondence where the Deputy Commissioner at Ottawa advises the passing of this statute.

HON. MR. LEA: Oh, yes, he read it.

HON. MR. JOHNSTON: No, it is just a matter of inference. What puzzles me is that in the last letter he said this money was not applicable to the purely municipal streets, highways are two different things. What the Commissioner says in the last letter is that the money is not applicable without some kind of special legislation with regard to streets that are purely municipal as distinguished from streets that are municipal highways.

HON. MR. JOHNSTON admitted there was "just a little bit of reason" in what the Leader of the Opposition suggested. He had no doubt that the Commissioner was satisfied beyond reasonable doubt that the projects submitted are going through, covering the streets in which control is to be vested in the government. Because, supposing the Legislature do vest such streets in the government, and the money was not secured, WHO WOULD HAVE THE CONTROL OF THESE STREETS? Of course he was quite sure the Commissioner was morally certain of the results, otherwise we would have to repeal the act when we did get it.

HON. MR. LEA said the question seemed quite clear to him. It was the opinion of the Deputy Minister of Justice that the projects would have to be under the control of the government in order to secure the grant. The correspondence back and forth had whittled down to this.

On Mr. Stewart's request the correspondence on the subject was tabled, so as to permit of a more informed discussion when the bill went into committee. The bill was then read a first time.

House adjourned until 3 p. m. Wednesday.

NEW BOOT STORE

Guardian readers will notice today a large two column advertisement of the Brady Footwear Co. The new firm is composed of two of this city's most enterprising young men, who will cater to the retail trade only.

Mr. Jas. Brady is well known to the shoe trade being employed for a number of years with the old shoe firm of Goff Bros. Later with Turner & Co., and until recently a partner in the firm of LePage Brady & Co. Mr. Brady is thoroughly acquainted with the shoe business, his experience in the wholesale trade being of considerable assistance in the new venture.

His partner, Mr. Victor Chaisson is a young man well posted in the boot and shoe business. For the past six years he has been in charge of the shoe department of Morris & Smith, and he also had considerable experience in buying. Mr. Chaisson also finds time for attention to music being a member of the League of the Cross Band and the Orchestral Society.

The new firm opened yesterday morning in the store lately occupied by LePage Brady & Co., Queen St., and will no doubt be favored with a liberal share of the public patronage.

IN MEMORIAM

ARTHUR GORDON COOPER

The death occurred at Southport Sunday, April 3rd, of Arthur Gordon Cooper, infant son of Mr. and Mrs. William Cooper, age 10 months and 18 days. He leaves to mourn a sorrowing father and mother, also three sisters and three brothers. He was laid to rest in Bunbury cemetery. The service at the house was conducted by Rev. Tilley of Pownall. The pall bearers Irvin Vail, Ernest McInnis, John Aiyward, Elliot Jones.

Movement to Have Charlottetown Represented

The Interscholastic Championship competition of Canada are to be held in Montreal on May 28th.

A movement is on foot to have Charlottetown represented by sending three or four of our outstanding school athletes. There is some wonderful material here and it is felt that it should be given an opportunity of competing against the crack schoolboys of Canada and hereby show that the smallest cities in the Dominion can produce a quality of athletes equal to any.

CHAMPION ABBIES TO BE SUITABLY REMEMBERED

Yesterday morning a joint meeting of committees from both the Abbeys and the Rotary Clubs was held and a discussion took place as to a suitable method of showing the appreciation of the citizens of Charlottetown for the Abbeys' Hockey team for their wonderful performance this winter and especially for the winning of the Maritime championship.

All those present were unanimous in the opinion that suitable recognition should be given the players and it was finally decided to present the boys with gold medals consisting of \$20 gold pieces made up in the form of a medal with bar and ribbon attached. It was also decided that the presentation of these should take place at a public concert to be given in aid of athletics in the near future.

A committee consisting of Col. D. A. MacKinnon and Mr. Thos. Morris was appointed to obtain the subscriptions to the fund which will close at 6 p. m. tonight.

The community has secured the following amounts from the gentlemen whose names appear below and will be delighted to receive further subscriptions from anyone who may desire to give.

Sussex Defeats Bathurst 6 to 3

SUSSEX, N. B., March 30.—Sussex defeated Bathurst in an exhibition hockey game here at the Royal Arena tonight by a score of 6 to 3. The ice was in good condition and the game was fairly well patronized. The game was very fast especially in the third period. Both teams exhibited exceptionally good combination work throughout the entire game. Harold Radcliffe was first to score. Crosby in a rush got by Sussex defence and scored for Bathurst and the period ended 1 to 1.

In the second, Ryan on a pass from Cripps scored for the visitors. Percy Radcliffe on a pass from his brother Harold scored for Sussex and Crosby from end to end rush scored for Bathurst. In the third period Bathurst failed to find the net while Sussex scored four. LeClair in seven minutes made a rush from centre ice around back of the net, came out and fell and scored while down.

On a nice combination play Friars, Harold Radcliffe and LeClair tallied again for Sussex. Harold Radcliffe made a sensational rush the entire length of rink and passed to LeClair who scored again. LeClair scored the last goal on a pass from Harold Radcliffe and the game ended, 6 to 3, in favour of Sussex.

Both goal tenders had plenty of work to do. Billy Stewart of Amherst and a defence man of the famous St. Patrick team refereed in a most satisfactory manner. One feature of the game was the imposition of penalties only one being imposed, that to Chevie for one minute for tripping.

The teams were: Bathurst—Moore, Crosby, Chevie, Ryan, Cripps, Lawlor, Spauldine, LeClair, H. Radcliffe, J. Friars, Spare, Lamb and Miller.

THE POULTRY EXCHANGE

The British Columbia Poultry Exchange is now handling the product from over three hundred thousand hens and in addition to supplying local trade in Vancouver, Victoria and provincial inland points is shipping from two to three cars east every week. This organization of producers is an outstanding example of successful cooperation.

Each producer member is interested in the "exchange" to the extent of the number of hens he owns.

The exchange is well managed. All eggs are garded and sold on a "grade" according to the Canadian standard, and turning out on an average 25 cases of eggs per day graded according to the Sanadian Standards for Eggs.

The "B. C. Maid Egg" is now in demand by Prairie Provinces and the more eastern trade, and the export movement has developed rapidly. Locally business is increasing by leaps and bounds and is being pushed by retailers who have found that selling graded eggs means more and better business.

Three years ago the British Columbia Cooperative Exchange had a membership of 40 thousand hens. Today new contracts arriving in every mail and the production is being handled of over 300 thousand hens.

Not content to rest on present laurels and the successful shipment of thirty cars out of the province since January 1st the management of the "Exchange" anticipate making a trip shipment to the British market. Several lines of steamships are now competing for trade from Vancouver to Great Britain, while refrigerated service for perishable products.

The slogan of the "Exchange" at the present time is 500,000 hens by the end of the year, and present indications point to a materialization of this, and also the establishment of a permanent place for the "B. C. Maid Egg" on the markets of Canada and Great Britain.

NEW MANAGERS FOR THREE BALL CLUBS

NEW YORK, March 30.—Three major league teams, two in the American and one in the National League, will start the 1923 season with new pilots, all faced with the task of rebuilding and reorganizing clubs which finished in second division depths last year.

The new managers, all of whom gained playing fame as infield stars, are Frank Chance, erstwhile "peerless leader" of the Chicago Cubs, who has taken over the direction of the Boston Red Sox from Hugh Duffy; Owen (Dontie) Bush, veteran shortstop, who replaced Clyde Milan as Washington's pilot; and Art Fletcher, another veteran shortstop, who succeeded Irving Wilhelm in charge of the Philadelphia Nationals.

The Pittsburgh Pirate, regarded by John McGraw as the most dangerous rival of the world's champion New York Giants, will start their first season under the leadership of Bill McKechnie, who replaced George Gibson, in mid-season last year and converted the club into a strong pennant contender.

The Boston Braves will have a new directing influence in Christy Mathewson, Club President and part owner as a result of a change in ownership bringing the former pitching star of the Giants back to the game. Mathewson will keep Fred Mitchell as field pilot, but "Big Six" undoubtedly will use his experienced judgment in aiding the manager to shape the team's line up and strategy.

LINIMENT FOUND TO BE POWERFUL GERMICIDE

Originally, Absorbine Jr. was sold only as a pain reliever and an emollient. It was quickly discovered that the liniment was
