of letters from you, and as usual was glad to hear that you are both well as this leaves. I am in perfect health except a slight cold. We are having beautiful weather over here now. It is just like spring in Canada today. The sun is shining bright and is quite warm. What little snow we have had is all gone and the frost is about all out of the ground, you can pretty well judge what the weather is like. The mud in some places is only about knee deep, but we have rubber boots to our hips. Sometimes we happen to slip into a small hole and fall them up, but we expect anything in the army, ha! ha! You asked me if I had received my parcel. I got the box of candy you sent me but the parcel from the Red Cross I have not received. I don't know what has happened to it. If you have the time to spare I wish you would send me another nice box of candy for the last one was very nice. I could also make use of a couple of pairs of socks, also any nice things that will keep while coming over. Get a tin box if you can to put the stuff in for most of the paper boxes gets broken and the contents lost. It is at present very hard to buy anything so anything you think will be useful send it along. You said that Harmony Gallant is anxious to get over here. If he strikes the trenches in winter he will change his mind. I am getting to be quite a cook. Make porridge every day out of Quaker Oats and believe me it is some good. I am now waiting for some water to make a cup of hot coffee. I wish you could see how we boil the water.

WANT your hair to stay? Give it some attention, sunlight and NEWBRO'S HERPICIDE, the original remedy that kills the dandruff germ. Don't use "hair growers" and germ laden hair brushes. Herpicide cures dandruff and stops itching of scalp. Almost marvelous results follow its use.

THE BATTLE OF PETERSBURG, the assasination of President Lincoln and the awe-inspiring rides of the Ku-Klux-Klan are but a few of the many tremendous incidents brought upon the screen and the skill of the master hand that intermingled the tragic elements of romance and comedy is sure to command the highest respect and admiration. Then, too, the play has been splendidly cast with such eminent artists as Henry B. Walthall, Mae Marsh, Lillian Gish, Miriam Cooper, Mary Alden, to mention only a few, in the leading roles. As a matter of fact there is not a person in the production who is not true to character, and as there were required 18,000 persons to give verity to this historic and romantic play, the task which Griffith set himself and which he successfully completed seems the more astounding. Pictorial spectacles like "The Birth of a Nation" are truly educational. All over the country many large classes from the public schools have attended in a body.

WIFE TOO ILL TO WORK IN BED MOST OF TIME Her Health Restored by Lydia E. Pinkham's Vegetable Compound. Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. GREEN, 332 S. Addison Street, Indianapolis, Indiana. There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

you would have some laugh. I think the lucky ones will be back home for Christmas 1917, (perhaps). Well as I am not allowed to write anything about what is going on I have not much more news to tell you. We are now in a village which was once a very nice place. The houses were of stone and chalk but now are all blown to pieces. Not one complete house standing. We use the cellars for dug-outs and they are not very bad when well made. I think I have told you all the censor will allow me to say so I am now going to close. Hoping to hear from you soon. I remain your only son. ANTHONY. 2nd C. M. R., Canadians, B. E. F., France.
