ONE HUNDRED OF YEARS PEACE

LONDON, Oct. 9. (Special)—The British committee has issued an appeal through the newspapers for a public subscription of \$300,000, to enable the carrying out of the British program in connection with the Anglo-American Peace centenary—the erection of a memorial in Westminster Abbey, the purchase of Sulgrave Manor and the foundation of a chair of Anglo-American history. The appeal is warmly supported in the editorial columns of the London newspapers.

FIVE MINUTE CURE IF STOMACH IS BAD

"PAPE'S DIAPEPSIN" IS QUICKEST, SUREST INDIGESTION CURE KNOWN.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomach. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead ferments and causes gas, nausea, cramps, headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

BOMBAY RECOVERS FROM BANK SCARE

BOMBAY, Oct. 9. (Special)—Panic among the depositors in the various local banks has completely subsided. It is estimated that the banks paid out more than £50,000 sterling (\$250,000) this week.

There were no withdrawals yesterday, but there were a large number of deposits, and the share market was comparatively steady.

consecrated since the last triennial convention was carried out. A brief memorial service also was conducted in honor of the prelates who have passed away since the last triennial, foremost among whom was the Right Rev. William C. Doane, the famous bishop of Albany.

This afternoon the convention proper assembled for business, the house of bishops meeting in the Old Synod Hall. The first work, of course, was organization, and that occupied practically the whole of the afternoon, the houses notifying each other of such organization, as is customary in Congress.

The convention will continue for at least three weeks, during which time there will be considered and acted upon many questions of a momentous nature, including some important changes in the present law and government of the church. The proceedings of the house of deputies, for the most part, will be open to the public. But, following the custom of the past, the sessions of the house of bishops will be strictly executive and will be carried on with great form and dignity.

The convention is expected to elect half a dozen missionary bishops. One of the new bishops will be, it is said, for the Canal Zone, and a somewhat larger territory which is to be transferred from the Church of England.

EPISCOPAL CHURCH HOLDS CONVENTION

NEW YORK, Oct. 8.—With most impressive ceremonies the forty-third triennial convention of the Protestant Episcopal Church of the United States was formally opened today. Within the walls of the Cathedral of St. John the Divine, situated on the heights from which Washington and his generals watched the movements of the British occupants of New York during the dark days of the American revolution, were assembled the greatest minds of the clergy and laity of the Episcopal denomination. The bishops, or fathers of the church, were there in greater number than at any previous council. The clergy were represented by theologians of eminence and orators of renown, the laity by financiers whose influence is international, lawyers than whom there are none more able and men of other professions who have reached the top round of the ladder of fame.

The opening ceremony was set to begin at 11 o'clock, but fully two hours before that the hundreds of people had collected and eagerly awaited the moment when the doors should be thrown open to that small portion of the multitude that possessed the ticket of admission. Those for more than two hours the thoroughfares leading up to the great pile of gray stone that crowns Morningside Heights presented an animated scene. Bishops, clergymen, deacons and presbyters moved up and down or stopped and discussed church matters.

A few minutes before 11 o'clock the bishops, nearly one hundred in number, formed in the Old Synod Hall for the processional into the cathedral, in which they were preceded by the full cathedral choir, one of the most noted organizations of church singers in America. The members of the choir wore full surplices, and as they marched along singing the processional hymn, "Forward Be Our Watchword," they presented a most imposing appearance.

At the close of the opening ceremonies in the cathedral the bishops returned to Old Synod Hall, and, on being called to order by Bishop Tuttle, the interesting formality of welcoming and introducing the bishops

Valuable Foxes For Sale

The undersigned offers for sale the following valuable foxes:—

- Four male Foxes—pure black.
- Five female Foxes—pure black.
- Six female Foxes—pure silver (some dark silver).
- Two male Foxes—pure silver.
- One Cross Fox—mostly black and silver.

I claim an expert knowledge of foxes and fox fur. There is only one section of Canada where the Hudson Bay Company gets its choicest fox furs. These rank on the London market with the best furs from this province.

Since last fall I have been in correspondence with the fur dealers of this Hudson Bay section with a view to securing some of their very best stock. I visited the section recently and out of hundreds of foxes offered for sale I had first choice and selected the above. They are all free from rust and the blacks have no white hairs except the white tipped tail. They are all young foxes, now quite tame, larger, stronger and better developed than the Island fox. This province is now suffering the penalty of too much inbreeding. Here is the very stock with which our best Island foxes should be mated to produce the surest crop and the best results in the choicest fur.

These foxes will be sold singly or in pairs, or the whole may be disposed of in one lot. The foxes may be inspected at any time by proposed purchasers. For time and place of inspection and terms of sale apply at once to Mr. John H. Bell, K. C., Summerside, or to the undersigned.
