SPECIAL FROM NEWCASTLE, ONT

Newcastle.....Mr. Thos. Hays is again a well man and says, "As one who for ten years suffered from Asthma, I recommend Catarrhozone as a positively sure cure; three bottles cured me perfectly." Catarrhozone has never yet failed. Even cases of twenty years standing that have baffled specialists have been cured by Catarrhozone. It cures by inhalation, pleasant to use, no danger or risk. The worst cases of Asthma can be cured by Catarrhozone in from two to five weeks. Instant relief and ultimate cure guaranteed if Catarrhozone is used. Give it a trial. Price $1.00; small size 25c. Supreme Court.

CHARLOTTETOWN, JUNE 23.

The prisoner John McIntyre, indicted for housebreaking and larceney, was arraigned, pleaded "guilty," and was sentenced to five years in the penitentiary.

The Grand Jury submitted the following report at 5.30:

The Hon. Chief Justice Sullivan and Associate Judges of the Supreme Court, Provinces of Prince Edward Island:

The Grand Jury beg to make the following report;

We visited the Insane Hospital and found the building in an improved condition, everything being perfectly clean and every effort being made for the comfort of patients. We are fully satisfied that when a number of the Patients are removed to the new annex that the institution will be in a very satisfactory condition.

We also visited the Jail and found the interior of the building clean as the present circumstances and conditions will allow. We were much pleased to find that only a few prisoners are confined therein. We, however, think that the prison is not in the proper place. It occupies one of the squares of the City; it is surrounded by houses in which there are a number of young children, all of whom have very bad object lessons when they see prisoners being brought in and let out. It sometimes happens, though rarely that an execution takes place there. It is not necessary to emphasize the evils that must result to the many from anything of that nature. We consider that the Jail should be removed from its present site to one within easy distance of the centre of the city and as this would be a benefit to Charlottetown we are of opinion that such a change be made and that the city might well be asked to provide the site for the new Jail.

We made all the enquiries possible with regard to the late unfortunate case of suicide and found that everything reasonably possible was done in the matter. We would strongly urge that in the future when prisoners accused of serious crime are confined there, that the cells should be entirely emptied of everything and that every precaution be taken to prevent a reoccurrence of any such unfortunate case. With reference to the escape of the prisoner Gormely the jailer stated to us that he overlooked the locking of the prisoner's cell for a few moments and that he escaped through the women's yard and over the wall owing to the want of combing on that part of the wall. The jailer also states that he notified the proper authorities after the escape.

We also visited the Poor House and found everything as clean and nice and the patients as well treated as the overcrowded state of the building will allow. We would strongly urge that as soon as possible some of the inmates be removed to the Hospital for the Insane as soon as the new annex is ready for occupation. We would also recommend that a large bath be provided and the institution be connected with the water works system.

THE CAUSE OF NERVOUS HEADACHE.

This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Polson's Nerviline. Twenty drops in sweetened water gives immediate relief, and this treatment should be supplemented by bathing the region of pain with Nerviline. To say it acts quickly fails to express the result. Sold everywhere in large 25c. bottles.

Great Victory.

BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crottie.

Mr. Crottie's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle.

"For five years I have suffered off and on with kidney Trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day.'
