

THE CHARLOTTETOWN GUARDIAN THURSDAY, MARCH 7 1912

A FUNNY EDITOR AND HIS PECULIAR PAPER.

We have in our mind's eye a certain so-called newspaper and its editor, not necessary to be here named. They work together for various and peculiar ends, and in so doing they contribute in no small measure to the amusement of the public. The fun of it turns largely upon the fact that the results are so frequently the direct opposite of the editorial design.

So do, and enjoys official life to the full with the regard and respect of his fellow citizens. But all this was as gall and wormwood in the cup of the ferocious editor. Disappointed in his vengeance upon the men he disliked, the editor hungered for the sweets of office himself. His party owed him an office, he said, and they could and they should give him one.

Still the editor and his paper thirsted for official glory, and a supreme effort was made by them to have the Agent of the Marine Department dismissed from office. He too was continued in his position at full salary with but half his former work.

Then the editor was furious and conceived the notion that the Guardian was the moving cause of all the wrongs he had suffered. In his wrath he gathered together epithets and ill-sounding names, and invented several new ones, and hurled them forth with a view to banish the Guardian forever from the face of this terraqueous planet.

Then the editor, having failed to dismiss from office those he disliked, and unable to get an office for himself, essayed the role of statesmanship. He would enter the Legislature and speedily become the crator of the Chamber, and so astonish and instruct the world. In his canvass he scoffed at the Tories and sneered at the "hypocritical" independents.

Greatest Invention of Age For Hoarseness, Weak Throat

Nothing So Far Discovered is so Beneficial to Public Speakers, Ministers, Singers and Teachers as Catarrhozone.

Because of its strengthening influence upon the vocal cords, Catarrhozone cannot be too highly recommended as a wonderful voice improver. It almost instantly removes hoarseness or hoarseness, thus insuring clearness and brilliancy of tone.

And so it is that those whom this peculiar editor has singled out for his most ferocious attacks in his paper are those who prosper and are held in high regard, while his support and commendation of others has operated as a killing frost. And that is why The Guardian and the community at large smile at the antics and lucubrations of the aforesaid editor and his paper!

THE NAVY QUESTION.

On Monday evening last in the House of Commons Premier Borden made a definite statement in regard to the course which the Government will pursue in connection with the Naval Service Act passed by the former Administration.

ed to throw doubts upon the Government's intentions. The statement of the Premier as now made will remove any such doubts.

IN MEMORIAM.

Lines written to the memory of Ada B. McLeod by her mother:

Darling Ada, I wish you were here I feel so lonely today. It seemed hard that you had to leave us, God's holy will to obey.

When I think of your bright, cheerful presence, As together we worked day by day, It seemed hard that so early in youth You were called to that home far away.

We say far away, yet 'tis near us For our loved ones are gathering there. On the bright shore to bid us a welcome, Where there is no sorrow or care.

Dear Ada, my life is so lonely, I yearn for your presence again I would like now to have you beside me. But surely my loss is your gain.

You are free from this world's tears and sadness, You are free from all sorrow and pain; You are safe in the arms of your Saviour And some day we'll meet you again.

For we know not the day or the hour When we too are hidden to rise From this world with its sorrows and trials To meet with our God in the skies.

May God give us grace to surrender Our hearts and our lives to His will. That when we too are called up yonder The cup of our joy He may fill.

For there when our sins are all pardoned And we are accepted as Thine, In happy reunion with loved ones, We'll dwell in God's presence divine.

Dear Ada, I'm lonely without you, But I must not mourn or complain, For God only lent you to mother, Then called for His treasure again.

You only were lent for a season To teach us while living below To be ever patient in suffering And ready when God bids us go.

And now you are safe with your Saviour; We know you are happy and blest, We will try to submit to God's pleasure, For He doeth all things for the best.

WANDERERS ARE LIKELY TO COME EAST.

MONTREAL, March 4.—It is altogether likely that the Wanderers will visit the Maritime Provinces and play games with the Moncton and Halifax teams. Plans are on foot for such a series, which would take place next Wednesday and the expected series on artificial ice with the New York and Boston teams in American towns.

Cascarets Work While You Sleep

Salts, Calomel and Cathartic Pills are violent—they act on bowels as pepper acts in nostrils.

Take a Cascaret tonight and thoroughly cleanse your liver, Stomach and Bowels, and you will surely feel great by the morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10 cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

A Home Formula That Stops Dandruff.

Bay Rum..... 6 oz. Lavona de Compose..... 2 oz. Menthol Crystals..... 1 dr.

These are all staple, standard and inexpensive pharmaceutical products that you can buy from any good druggist. You can mix them yourself at home or the druggist will do it for you. Allow to stand one-half hour before using. Apply night and morning, rubbing briskly into the scalp with finger tips or a medium stiff brush. The one 8 oz. bottle should, in most cases, be sufficient to completely clear the head of dandruff and kill the germ, thereby preventing its return. This treatment is also excellent for making the hair grow and to keep the hair from falling out and although not a stain or dye, will restore natural color to gray, streaked or faded hair from 15 to 30 days simply by its action on the hair roots. Be careful not to apply where hair is not desired.

OLD-TIME REMEDY DARKENS THE HAIR

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays, almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair. Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Special agents E. A. Foster, Sunnyside.

THE NOVA SCOTIA UNDERWEAR COMPANY, LIMITED.

starting its business life without a bonded indebtedness, will open its subscription list offering 750 shares of 7 p. c. Cumulative Preference Stock at \$100.00 per share, with a bonus of 40 per cent of par value in Common Shares, on Thursday next, March 7th through the offices of J. C. Mackintosh & Co. at St. John, Halifax, New Glasgow, Fredericton and Montreal, and any branch of the Royal Bank of Canada.

Extraordinary interest by way of advance inquiry has been shown and the fact that \$75,000 of the \$150,000 7 p. c. Cumulative Stock issued has been taken up by the shareholders of the Nova Scotia Knitting Mills, (the parent Company) and outside investors, the right is reserved to allot such subscriptions or for such amounts as may be approved, and to close the subscription books without notice.

The Nova Scotia Knitting Mills earned last year 12 1/2 p. c. on their capital after payment of Bank interest. The Company has operated successfully for four years, its business has more than quadrupled, and "EUREKA" Brand has been thoroughly established throughout Canada. For the last two years the total capacity has been sold before the 1st April, and the equipment of the Company has been inadequate to meet the demand for the goods.

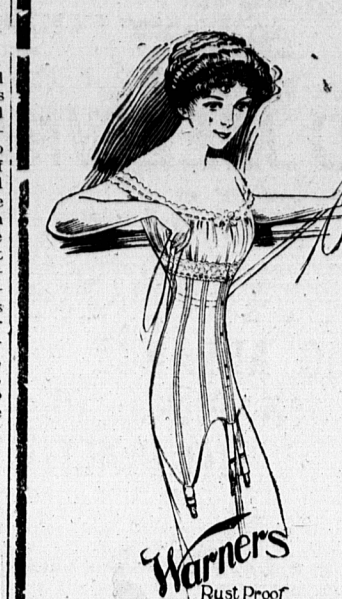

The Nova Scotia Underwear Company enters the field with an up-to-date equipment and ample working capital. Orders already booked are double the output for last year. One single contract closed with a Winnipeg firm and running over a minimum period of three years, calls for the whole business done by the old Company in 1911, and this order is confined to three grades of goods which can be manufactured to best advantage.

After a careful study of capitalization, organization, division of stock, standing of officers, management, facilities for production, profits, etc., this investment proposition seems excellent in every essential feature.

Fairville, Sept. 30, 1902. Dear Sirs.—We wish to inform you that we consider your MINARD'S LINIMENT a very superior article, and we use it as a sure relief for sore throat and chest. When I tell you I would not be without it if the price was one dollar a bottle, I mean it. Yours truly, CHAS F. TILTON.

"Ermaline" paper bags simplify cooking. They do away with dish washing, make the food more tender, palatable and delicious and prevent cooking odors from spreading through the house. "It's All in the Corset"

THE WELL-DRESSED CANADIAN WOMAN knows better than any other, except, perhaps, her French sister, the importance of the Corset in the tout ensemble. She knows that good dressing, like good morals, is from within outward; that unless the foundation is right the rest will be wrong. She goes where she is sure of being fitted rightly, of having her choice among all the best Corsets. That Means

"For seven years I was troubled with eczema on face and hands and couldn't get anything to do me any good. I tried all the doctors and numerous patent medicines but to no effect. I was recommended to use D. D. D. and after a good deal of persuasion was induced to try a bottle. I was satisfied it was benefiting me after one or two applications and today I am perfectly well. I used three bottles in all but the second bottle

was sufficiently. I can safely recommend this remedy as it certainly cured me when I had almost given up all hope. Brant A. Smith, 269 Euston St., Charlottetown, P. E. I.
