

### R.L. BORDEN WANTS CLEAN ELECTIONS

OTTAWA, Feb 8 R. L. Borden addressed the Conservative Club last evening. He advised the club to organize as a body in readiness for the contest, no matter when it came. Their watchword should be organization and clean elections. Public opinion should be educated so that all wrong doers should be punished. He did not claim that no money should be spent on elections, but it should be spent in organization and for legitimate purposes.

### THE MEMORIAL TO HECTOR McDONALD

LONDON, Feb. 8.—The war office has notified the committee in charge of the national memorial to Sir Hector MacDonald that they are prepared to grant free of cost four cannon, which it was desired should be placed—one at each corner—at the base of the memorial to be erected on Mitchell Hill Brompton. The department generally supply obsolete cannon at a low rate, but on the committee referring the matter to Sir Arthur Bigwood, M. P., he entered into communication with the department, and the result was the guns were given free.

### ALFONSO'S CHOICE PLEASES SUBJECTS

LONDON, Feb. 8.—The first stage of the courtship of King Alfonso and Princess Ena came to an end last week, when the king returned to Madrid. It has run very smoothly, under the most vigilant observation of an army of reporters and a cohort of photographers. The personal charm and beauty of Princess Ena have already made her enormously popular with the Spanish people, who, moreover, are pleased over a match with the niece of the King of England. In France, too, as in England the young princess has leaped into sudden popularity. From the illustrated post-cards and newspapers her features are known through-out the length and breadth of France, which is an extraordinary testimony to the interest of the French people in her.

# STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

**Pe-ru-na Cures Catarrh Wherever Located.**

**Pe-ru-na a Necessity in the Home.**  
J. B. Alexander, Publisher of the "Fruit and Floral Guide, A Magazine of Horticulture," published in Hartford City, Ind., says of Peruna:  
"I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was seldom able to go out in cold weather.  
"About one year ago I was advised to try Peruna, which I did, and I am now entirely well of the catarrh.  
"Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh.  
"I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine."—J. B. Alexander.

**Pe-ru-na Always on Hand.**  
Mr. Fred Schnell Lakeview, Erie Co., N. Y., writes:  
"I had been a sufferer for more than thirty years with catarrh of the intestines. I had used a great deal of medicine to no avail, so I decided to try Peruna.  
"I have now used thirteen bottles and can give you the joyful tidings that I have no more trouble. I always keep Peruna on hand."—Fred Schnell.  
The people generally are very much misinformed as to the nature of catarrh. Catarrh is usually believed to be confined to the head, nose and throat. Latterly we sometimes hear of catarrh of the stomach and catarrh of the bladder. Seldom, if ever, do we hear of catarrh of any other organs.  
It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

**Had Catarrh Thirty Years—Pe-ru-na Cured Him.**  
Mr. Gustav M. Schmidt, Spring Valley, Ill., writes:  
"I had catarrh of the head and throat for over thirty years. It became worse every year.  
"About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind.  
"You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."—Gustav M. Schmidt.  
**Dr. Hartman Makes Personal Use of Pe-ru-na.**  
In speaking of his own personal use of Peruna, Dr. Hartman says:  
"For a number of years my professional duties have compelled me to be much on the road, traveling long distances by rail, night and day, exposed to all kinds of vicissitudes, sleeping and eating in different hotels continually, and through it all I have preserved myself from any derangement of the body resulting from catching cold.  
"At the slightest evidence of a cold, a few doses of Peruna invariably checked it."

**Pe-ru-na's Household Friend.**  
Mr. Henry Schroeder, Route 2, Napoleon, O., writes:  
"I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail.  
"I took nine bottles of Peruna and two of Manalin and am now entirely cured.  
"I recommend the medicine to all who are afflicted with this disease. It is my household friend."—Henry Schroeder.

**A Farmer's Talk to Farmers.**  
Before Dr. Hartman began the study of medicine he was a farmer boy. He was brought up on a farm in Southern Pennsylvania.  
He belonged to that industrial, successful class of farmers known as the Pennsylvania Dutch, the best farmers in the world.  
It was here that he early learned the lesson of pulling obnoxious things out by the roots.  
**Dr. Hartman's Method of Treating Catarrh.**  
Naturally, when he began the study of medicine his mind turned instinctively toward the removing of causes. He could not content himself with doctoring symptoms any more than his enterprising father could have contented himself by pulling off the tops of weeds to eradicate them from the soil.  
The Doctor turned his attention early to the science of removing the cause of

**At Work on the Farm.—Fraises Pe-ru-na.**  
Geo. H. Thompson, Raleigh, Miss., writes:  
"I have been cured of catarrh by your medicines, Peruna and Manalin. I had been afflicted with catarrh of the stomach about all my life, and was taken bad every spring and summer.  
"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had got where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything.  
"I began taking your medicines, Peruna and Manalin. I then weighed 125 pounds, but after taking 17 bottles of Peruna and one bottle of Manalin, I weighed 160 pounds.  
"I am now at work on the farm and feel well all of the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."—Geo. H. Thompson.
