RUNAWAY-Yesterday evening the horse belonging to the Imperial Oil Co., Charlottetown, bolted down Longworth Ave., seemingly for no good cause, and for the same reason bumped into several posts on the way breaking one off with a report like a pistol rod. Aften breaking the post he had been looking for the animal slowed down without very much more trouble, and fortunately no other damage resulted from the unwarranted dash. The oil carriage had a miraculous escape and there was no oil wasted.

POPULAR MAJORITY IS AGAINST THE BORDEN NAVAL BILL

OTTAWA, March 1.-Though the navy bill received a parliamentary majority of 30 it was in a popular minority of 2,000. The 14 men who voted for the second reading of the bill represent 2,000 fewer electors than the 84 members who voted against the second reading. This is regarded as remarkable in view of the fact that one man who voted with the government represented two ridings. This is Sir Rodolph Forget. The Liberals represent the big ridings.

A WORD TO WISE INVESTORS. It is generally admitted that the proposition put before the public by the Standard Black Fox Company is one of the best on the market. That the cultivation of the oyster will be included in the Company's charter has impressed many with the value and importance of this profitable industry as a contributory revenue producer. The policy laid down from the start by the organizers to procure foxes of the very best strains in the Province, regardless of cost, has proved to be an important factor in the Company's unprecedented sale of stock in a short time. Among the five options secured one is from the famous Dalton Ranch, another lately secured is the progeny of a female which had a litter of six last year-her first litter. The assurance of the Hon. John Agnew, Alberton, that the pair coming from his ranch will be second to none is sufficient guarantee of the high quality of this pair. Everyone applying for stock was pleased to know that Mr. John Lewis will be caretaker and ranch manager whose residence is just close enough to have the ranch under his watchful eye. How many shares have you in the Standard Company? This is a question often asked and a very pertinent one, too, for the wide awake investor. The sale of stock has been very brisk; steady buying will soon exhaust it as Capitalization is low-Don't delay; get your share on the stock list today. The Fox business is bound to be the champion industry of Prince Edward Island. Have faith in it; get in now and have a share in the profits which have added immensely to the wealth of so many people. There is a chance for all classes. The man with the Hoe, although he may not be able to dip as deep as the Banker, has a chance too to improve his condition; let him join the crowd and subscribe in time for some shares in the Standard-Don't be among those whose fate it will be to lament that they carelessly let the golden opportunity pass by. The officers of the company are: W. Crabbe, President; Hon. G. E. Hughes, Vice-President; D. A. McKinnon, Box 129, Secretary-Treasurer. 2-4M21.
