LACK OF EXERCISE Brings on Troubles which are Best Corrected by Dr. Morse's Indian Root Pills

Man was intended to live an active, outdoor life, and his digestive system was modelled accordingly. Indoor work with hands or head, long hours sitting or standing still, especially in air that's none too good, slow down the healthy activities of stomach, liver, kidneys and the millions of tiny skin glands.

Sedentary Habits Develop Constipation

Constipation, headaches, indigestion, biliousness, rheumatism and similar troubles follow. Then the worth of that good old reliable family medicine, Dr. Morse's Indian Root Pills, is appreciated.

WEDNESDAY.

"The remains of Aneas Gaudet, Bear River, who died Saturday in Boston as a result of injuries received while engaged in pile driving, arrived in Souris yesterday. The funeral will take place this morning from St. Margarets R. C. Church to St. Margarets Cemetery."

The funeral of Harrington Hunter Brown, eldest son of David J. and Lillian M. Brown, took place Saturday afternoon at 2.30 o'clock from his late residence, 110 Leinster street. Rev. Charles Flanders, D. D., officiated at the funeral services, after which the remains were laid peacefully to rest in Fernhill. The funeral cortege was very long and testified to the esteem in which the deceased was held.

Rev. Samuel Trivett, rector of French Village parish, Sunday announced to his congregations that he had accepted the charge of the parish of Milton, P. E. I. The resignation is to take effect almost at once, as it is Mr. Trivett's desire to be settled in his new parish before Christmas. Rev. S. Trivett, who was unanimously elected to the charge of the Milton and Rustico Anglican churches last week came to Canada from England in 1878.

They intended visiting some of the fox ranches but on account of the rain were unable to do much. Last night Mr. Humphries appeared at Happyland and gave a lecture on his previous experiences. They leave by the Empress this morning to continue their trip around the world. It may be mentioned that the Kelsey Kids thought the Island a beautiful spot. They say they never struck such nice weather since the 1st of August. They also wish to thank the Island people for the very kind and generous treatment shown them.—S.

SALONAKI, Oct. 22.—(By Wire)—Serious fighting has taken place between Turkish and Bulgarian troops on the frontier. The conflict lasted three hours and losses on both sides are reported heavy.

The final stage of the Charlottetown Rifle Championship at 800 and 900 yards was fired yesterday afternoon under very adverse conditions. The hazy light, rain and smoke made it very difficult to see the targets and as a consequence only a few good scores were made. After the 800 the match resolved itself into a contest between G. F. Hutcheson, Major J. M. Jones and Capt. D. A. McKinnon with the respective scores of 140, 139, 138 points. At the 900 yards Hutcheson scored 42 points, McKinnon 44 and Jones 40 making the two former a tie for the cup with 182 points each and Jones 179. The rules called for a shoot off five rounds each. Hutcheson and McKinnon again tied so had to fire shot for shot. Capt. McKinnon scored a "bull" to his opponents "inner" thereby winning the trophy which carries with it the Rifle Championship of the City. Last year it was won by Capt. McKinnon with a higher score—190 points.

A meeting of the Provincial Temperance Alliance was held in the Y. M. C. A. Hall yesterday afternoon. For a special meeting there was a very representative and large attendance, the president, R. C. Goff, occupying the chair. The various phases of the work were considered as fully as time permitted. Rev. Mr. Morse, president of the Prince County Alliance, very fully outlined the improvement his Alliance considered could be made in the present act. It seemed to be the general conviction of those present that more of the money secured from fines should be expended in the prosecution of the work; that one well paid inspector for each county would give much better results than are being had at present; that capable men and only men in sympathy with the act should be entrusted with its enforcement; that the act should be strengthened to deal more effectively with drugstores, especially those of the joint stock variety, with doctors' prescriptions and with the drinking of liquors upon trains, etc. The following Committee was appointed to prepare amendments to the act to be submitted to the approval of the Alliance at the next annual meeting—D. Schurman, R. Goff, J. K. Ross, Rev. Mr. Morse, Rev. Mr. Fraser, J. A. Braze, Rev. Mr. Toombs, Wm. McLeod, Rev. Mr. Weeks.

A resolution was passed expressing entire approval of the work being done by Inspector Jenkins, Mosher and Goff. A committee was appointed to interview the Government in relation to securing further funds to enable the inspectors to prosecute the enforcement of the Law more effectively.

You Can Make Better Foods For The Children With "Beaver" Flour Than You Can Buy Next to a returning Arctic Explorer, the hungriest mortal on earth is a growing boy. He is always ravenous. "He will eat anything". But why should he? Right now is the time when his parent should be most particular about his food—to prevent injudicious eating and to protect him against unsuitable food. Good, home-made bread, made of "Beaver" Flour—light, flaky biscuits made of "Beaver" Flour—these are real foods for growing children. "Beaver" Flour is a blended flour. That is, it is made of exact proportions of nutritious, beautifully flavored Ontario Fall Wheat and a smaller proportion of the stronger Western Spring Wheat. Just try "Beaver" Flour—and see for yourself how thoroughly satisfactory and dependable it is for all kinds of baking. Your grocer sells "Beaver" Flour or can get it for you. Not a Flake Broken THAT'S one beauty of Tillson's Oats. Every flake is whole. That's why porridge made from Tillson's Oats doesn't come to the table a sticky, jellied mass; but instead, as inviting to the eye as it is tasty to the palate and nourishing to the body. Every flake is as thin as it can be rolled without breaking it. That's why Tillson's Oats are cooked thoroughly in 15 minutes—no more. No all-night cooking, as it used to be with the old-fashioned oatmeal. No half raw porridge due to imperfectly rolled oats. If you ever found porridge hard to digest it was because you made it from rolled oats containing coarse and fine particles, some of which were not cooked through. Compare Tillson's Oats with any others that you have been in the habit of using, and you will see and taste the difference. Try them tomorrow. Tillson's Oats Your grocer has Tillson's. Two sizes—10c and 25c. Each 25c package contains a handsome piece of English Porcelain Tableware. CANADIAN CEREAL & MILLING CO., Ltd. Toronto, Ont.
