FATHER MORRISCY IS MISSED

The Kindly Ministrations of the Priest-Physician Will Long be Remembered.

One man departed this life in March last who is sadly missed—a man whose place there is none worthy to fill. There is none like him.

Father Morriscy was a saintly man. He lived with only one thought and purpose—to do good and promote the happiness of his fellows. His time—his talents—his goods were at the disposal of anyone who needed them. White man or Indian, Catholic or Protestant, Christian or heathen, all were welcome to his services at all times.

Goodness was his most striking characteristic—it was as George Eliot says, "a sweet habit of the blood." It bubbled up in his heart, sparkled in his eye, shone from his face, and fell from his lips in kindly counsel to all who sought his advice.

A great physician was lost to the profession when Mr. Morriscy took orders. Ignorant or thoughtless persons speak of his "marvelous" cures, but there was nothing marvelous about his success as a physician. He succeeded by the same methods as other physicians. His medical training was as thorough as that of most (he studied medicine as well as theology at Rome) and, in addition, he had the keen insight of the born physician. His power of diagnosis was remarkable, and so was his knowledge of the curative properties of herbs and balsams of which most of his remedies were compounded. Though, when necessary, he used the most expensive drugs.

So effective were his treatments that his fame spread throughout Canada, and from as far west as Vancouver, and even from the Western States, people came to him after being given up by other physicians.

THE ROOT OF NEURALGIC HEADACHE. Is an irritable condition of the nerves caused by cold. Relief comes quickly from Nerviline, the great pain reliever of to-day. "I consider Nerviline a magical remedy for neuralgia," writes Mrs. E. G. Harris of Baltimore. "But I never worry if Nerviline is in the house. The prompt relief from Nerviline makes it priceless. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness, rheumatism and muscular pains." In use nearly fifty years; try Nerviline yourself.

We've opened our Xmas stock of Perfumes, it's a very select one. All the leading orders of the best makers.

and were cured. Personally Father Morriscy was the most congenial of companions, never ruffled and always pleased to welcome to his hospitable home those whom he loved to call his friends. His modesty was excessive, and nothing displeased him more than to have his own merits the subject of conversation. He always steadfastly refused to take any remuneration for his medical services, even when most strongly pressed to do so, but helped and cured for the love of it. Truly, there was none like him.

HOW MRS. CLARK FOUND RELIEF

After Years of Suffering Dodd's Kidney Pills Cured Her.

Pleasant Point Matron Tells Her Suffering Sisters How to be Free From the Terrible Pains that Make Life a Burden.

PLEASANT POINT, Ont., Dec. 11. (Special).—That most of the ills that the suffering women of Canada have to bear are due to disordered kidneys, and that the natural cure for them is Dodd's Kidney Pills, is once more shown in the case of Mrs. Merril C. Clarke, a well known resident of this place and a prominent member of the Salvation Army. Mrs. Clarke is always ready to give her experience for the benefit of her suffering sisters.

"My sickness commenced twenty years ago with the change of life," says Mrs. Clarke. "My health was in a bad state. Water would run from my head, which would make me faint. When I came out of the fainting spells I took fits. I was bloated till I was clumsy. The pain I suffered was awful. It would go to my feet and then to my head. Many doctors attended me, and I tried many medicines, but I got no relief till I used Dodd's Kidney Pills. The first box started me, and seven boxes cured me completely."

"Every suffering woman should use Dodd's Kidney Pills. They make strong healthy kidneys, and the woman who has good kidneys is safeguarded against those terrible pains that make miserable the lives of so many women."

MONTREAL, Dec. 11.—In answer to an urgent appeal for financial assistance, made by McGill University, Principal Peterson has announced that Robert Reford had donated securities to the value of \$50,000, the revenue to be used towards an increase of salaries of the professors in the various faculties.

Mr. Reford stated that he was well aware of the necessity of an increase in the salaries if first class men are to be retained. McGill needs a call for \$2,000,000.
