### WHAT ABOUT YOUR SIGHT TO-DAY

You may be very proud of the wonderful sight that you need to have. That does not enable you to see a bit better today, however. You cannot live on "re-mem-bred" miles" or upon what you once possessed. If your eyes served you well for many years, so much more reason why you should take proper care of them now.

Too late to grieve when sight is gone. Now is the time for action. Come today and see up or your own benefit.

### LEGISLATIVE PROCEEDINGS

(Continued from page 1)

Hospital by the Trustees last year. THE PREMIER promised the information tomorrow. He submitted a voluminous return of the expenses in regard to boring for coal.

HON. MR. CUMMISKY in reply to Mr. Matheson, promised a return of the rights of way purchased since 1898 for roads not opened yet. The road inspectors were instructed to furnish the information which would take a little time.

Further returns were submitted by the Premier, Mr. Cummiskey and Hon. Mr. Richards.

THE PREMIER presented a message from the Lieutenant Governor transmitting the report of the Minister of Justice on certain bills passed by this Legislature.

The bill to incorporate the Arena Rink Company was read a second time and committed. Mr. Crosby in the chair. The incorporators are H. Stanhope McLeod, W. B. Prowse, W. H. Brahat, J. A. Webster and L. B. McMillan. The capital stock provided for is \$20,000. The bill was agreed to without amendments.

Mr. McLEAN moved the House in committee on the bill to amend the Souris incorporation act, Mr. Kennedy (Kensington) in the chair. The bill provides for other things for a deposit of \$25 each by candidates for Councillor, for enabling the Council to borrow money for town purposes up to \$1,000 from any private individual, bank, or incorporation, and increases the power of the Chief of Police and town constables in making arrests where resistance is offered. After some time in committee progress was reported.

The bill to incorporate the Fanning Brook Hall Company was read a second time and committed. Mr. McPhee in the chair. The incorporators

are David Birt, S. D. Gay, Cameron McLaughlan, Ernest Rogerson, John M. Birt, and J. Wilber Birt. The capital stock is \$500 in \$1 shares and may be increased to \$1,000.

The bill was reported agreed to without amendment. The bill to incorporate the Souris Citizens' Band was read a second time and committed. Mr. McKinnon in the chair. It was agreed to and reported without amendments.

THE PREMIER brought up the question of correspondence between the federal and provincial Governments with regard to conserving the oyster fisheries. He submitted the correspondence and invited the members on both sides to consider the matter impartially so as to be able to advise the best course to pursue.

Mr. MATHESON said Mr. Brodeur, Minister of Marine, had stated in the Commons that an agreement with the local Governments had been arrived at. It appeared now that this is not quite correct. He and his colleagues were prepared to discuss the whole matter from the standpoint of the public interest.

The House adjourned till tomorrow afternoon at 3 o'clock.

### FUNERAL OF VICTIMS OF NEW YORK HOLOCAUST

(Continued from page 1.)

fatally injured had died in hospitals. Two more were found today. Mothers, fathers and other relatives, literally mad with grief, stormed the police lines at the morgue all night and today, shrieking, sobbing, and in some cases fighting with the officers in their frenzy. Hysterical women fell writhing in the streets and had to be carried away in the already overburdened ambulances. Among the bodies are more than fifty burned beyond all semblance of human form and they will perhaps have to share a common grave as unknown dead.

The regular morgue was far too small to accommodate the dead and the so-called charred bodies. The bodies were ranged in long lines down both sides of the pier, each in a brown stained wooden coffin such as the city provides for its pauper dead.

Nearly all, if not all, the victims were employed by the Triangle Waist Company on the eighth, ninth and tenth floors of a ten story loft building at 23 Washington Place, on the western fringe of the downtown wholesale clothing, fur and millinery district, the partners of the firm, Isaac Harris and Max Blank escaped unscathed carrying with them over the adjoining roof Blank's two young daughters and a governess.

How the fire started will perhaps never be known. A corner on its eighth floor about the point of its origin and three upper floors only were swept. On the ninth floor fifty

## CHARLOTTETOWN AND QUEEN'S COUNTY

It pays to buy in this province.

The St. John Telegraph of Monday says: Word was received here last evening of the serious illness of Mrs. Hayes, widow of Ald. H. T. Hayes, at her home in P. E. Island. Her many friends here will regret to learn that her recovery is unexpected.

The People's Theatre presented a splendid program of photo plays last evening. Jean and the Wolf presented a theme worth remembering, showing how many a homeless child goes starving for love and life's needs, while a favorite dog has them all in abundance. The Rustlers was a strong western picture, and Pigs is Pigs was a whole barrel of fun. H. Emery T. White, who opened his engagement on Monday evening, completely took the hearts of all his hearers, primarily with his splendid appearance, and next with his magnificent voice. It is no exaggeration to say that he leaves far behind any other singer who has been at the People's Theatre. His voice is a strong, clear tenor, powerful and penetrating, yet withal touchingly soft and full of pathos. His enunciation is perfect and his first song "For Killarney and You" was simply superb. He was in lighter vein, sung under the spot light, which brought out to perfection his handsome gentlemanly appearance and physique. The title of the ballad was "When I fell in love with May" and in each of his numbers he was repeatedly recalled. It was a rare and genuine treat, and Miss Kelly's music and accompaniments were grand.

bodies were found; sixty-three or more were crushed to death by jumping, and more than thirty clogged the elevator shafts. The loss to property will not exceed \$50,000. Pedestrians going home through Washington Place to Washington square at ten minutes to five were startled by the whizz of something rushing through the air below them; there was a horrible thud on the pavement, and a body flattened on the flags. Wayfarers on the opposite side of the street shaded their eyes against the setting sun and saw the windows of the three upper floors of the building black with girls crowding to the sills. The only fire escape was in a small court yard of the building.

"Don't jump! Don't jump!" yelled the crowd. But the girls had no choice. The pressure of the maddened hundreds behind them and the urging of their own fears were too strong. They began to rain on the sidewalk like peas from a hot skillet. Four alarms were rung in within fifteen minutes. Before the engines could respond, before the nets could be stretched, or the ladders raised, five girls had fallen from the eighth and ninth floors so heavily that they broke the glass and iron roofs of the sub-bellies and crashed through the streets into the vaults below. In an hour the fire was out. Half an hour had done its work. Probably the death list was full in twenty minutes.

The building stands on a corner with exposure on two sides. But the only fire escape was interior, opening on a light and air shaft. In all, there were seven exits—the single fire escape, two freight elevators at the rear, two passenger elevators in front, and two stairways. All of them proved almost useless. And practically all who escaped either climbed to the roof and scrambled thence to the roof of the adjoining building, or fled in the first rush for safety before the crush and the smoke grew too thick.

On the V. M. C. A. alleys last night the Bank of Nova Scotia bowling team defeated Moore & McLeod's bowlers by 125 pins. S. H. Crockett of the bank team had the highest single score, 184, and the highest total of 497. The total stood Moore & McLeod, 1763; Bank of Nova Scotia, 1888.

The special series of sermons by the Rev. J. W. Atwood in the First Methodist Church in this city were continued yesterday. Mr. Atwood delivered strong and telling addresses at 3.45 and 7.45 p.m. Much interest has been evidenced in these meetings and that they are having a good effect is assured. The meetings will be held today at 2.45 and 7.45 p.m.

### BOWLING

The Mechanics and 4th Regiment bowlers met again in Burke's League last night and again the former prevailed. The Mechanics won the loss for alleys and secured the favorite No. 1, rolling a total of 826 or 77 more than the 4th. The next game was won by the 4th by 5 pins. In the final the Mechanics won out by 22 pins.

J. McInnis made the highest score, 216, and J. Strain and J. McKay tied for the aggregate with 628.

### AGENT OF JUSTICE DEPARTMENT USES PROBE BUT LOST JOB

NEW YORK, March 25—John J. Roche, a former employee of the defunct Consolidated Stock Exchange firm of Simmonds and Company, testifying in the bankruptcy proceedings filed a "crooked" bucket shop business and that he had been offered \$50,000 if he would get possession of the "Scarborough cheque." George M. Scarborough, a special agent of the Department of Justice, who was forced to resign because he had associated with the firm, was present at yesterday's hearing but did not testify.

"Red Letter" Sullivan came to my home," said the witness, "with 'Pete' Clark, who had been introduced to me as a reputable member of the Consolidated Stock Exchange. They told me that they represented McHie, the bucketshop that was closed in Chicago, Cella Brothers and Geo. Graham Rice. They told me if I would take the Scarborough cheque out of the office and give it to them, they would pay me \$50,000. I punched Clark in the mouth and hit 'Red Letter' Sullivan, telling them that I never did that sort of business."

Scarborough explained before the hearing that he made no secret of his trading with the firm. The account was in my own name and I received my favor," he said.

### MURDERS GIRL WHO JILTS HIM

BURLINGTON, Vt., March 24—With jealousy as the motive and a revolver as the means, Reuben B. Trice, colored, formerly a private in the Tenth United States cavalry at Fort Ethan Allan, today killed his former sweetheart, Esther Wood, probably fatally wounded Mrs. Anna Chandler, also colored, and the housekeeper, and frightened another colored woman so badly that she jumped from an upper story window, and then turned the revolver against himself with deadly effect.

Trice, who was a native of Richmond, Va., was discharged from the army, had kept company with this Wood girl, until a few weeks ago, when she transferred her affections to another man.

Trice spoke of this to several of his friends during the last few days, and this forenoon he called at the Chandler home. Miss Wood opened the door and the couple went upstairs. Within a few minutes the girl came running into the room of Mrs. Chandler, greatly frightened and crying that Trice had threatened to shoot her.

### BEFORE USING

Use this preparation thoroughly for all and every disease of the horse for which it is recommended. Criticise it closely. Carefully watch, mark and note its effects, and, honestly judging it on its merits, you will be compelled to endorse it.

TRURO, N. S.

Dear Sirs,—One of my horses had a bad cough, and I made a complete cure with three bottles of Dr. J. Woodbury's Horse Liniment. The cough was of twelve months standing. In my large experience with horses, I consider this liniment to be the best made for all diseases of the horse, and I recommend it to my friends.

E. J. ANDERSON.

I strongly recommend Dr. J. Woodbury's Horse Liniment as the best Horse Liniment on the market and advise all horse owners to try it. Very truly, RODERICK MCKENZIE.

WHOLESALE:—George E. Hughes, Charlottetown, P. E. I.

### AFTER USING

BEAR RIVER, N. S.

We do not hesitate in recommending your Dr. J. Woodbury's Horse Liniment. We have used it in the woods for coughs, colds, distemper and cuts, and would say that no lumberman should be without it. Yours truly, CLARKE BROS.

Trice substantiated the girl's fears by following her into the room with the revolver in his hand. The girl tried to hide behind Mrs. Chandler, but Trice fired at once and the bullet struck the older woman in the stomach. As soon as she had fallen Trice emptied his revolver at Miss Wood, killing her instantly. Another colored woman, Miss Marie Johnson, heard the cries and the shots, but upon rushing into the room and finding Trice with the revolver in his hand, she did not stop to investigate, but threw herself out of the window and sustained severe injuries.

Trice was reloading the revolver as she rushed through the room, and a few minutes later another shot was heard and the police soon found that the final one had been that of Trice against himself, death coming instantly from a bullet in the brain.

Trice's army record, according to one of the officers at the fort, was a good one, and he had stated his intention of re-enlisting.

### HALF A MILLION DOLLAR FIRE IN LUMBER PLANT

MONTREAL, March 24—Fire originating in the saw-floors' room tonight destroyed the large saw mills and plant of the Montreal Lumber Company at Eros. Several hundred cars of lumber loaded and in dry kiln, were burned. The loss is \$500,000, partly covered by insurance.

### WHEN EXERCISE IS HARMFUL.

Office workers should not take exercise after their day's work," said Dr. E. A. Walker, of Boston, who is at the Arlington. The root reason is in the sense that it develops the body it most decidedly is exercise in that it induces fatigue and physical lassitude. So it is almost pathetic for a man to expect any good to come from taking more exercise when the exercise involved in the day's work has already tired him out.
