

A Laxative Cure for La Grippe and Cold

Ninety-nine in every one hundred remedies for colds, contain Quinine.

There are a good many people to whom Quinine is not the best medicine to give.

It causes ringing noises in the ears and sometimes brings on most unpleasant and annoying headache and a feeling of general prostration.

Foster's Laxative Cold Cure

is agreeable to everybody—to those who cannot take Quinine as well as those who can.

It is a pleasant and safe tablet treatment for the relief of colds, and is one of the most prompt and efficacious; it will cure an ordinary cold in a day and night. Try it.

VICTIM OF ROW IN SERIOUS STATE.

MONTREAL, Oct. 17.—Thomas Marsh the innocent bystander who was struck on the head by a stone during the battle between McGill students and the police on Friday night is now found to be in a critical condition.

An X-ray examination of the head at the hospital shows him to be suffering from a fractured skull. Although he had been making progress up to last night, he became worse last evening and passed a restless night. An operation will likely be attempted this afternoon.

Meanwhile the students claim that they were not responsible for the stone throwing which resulted in Mr. Marsh's condition, and blame the police. The latter declare that it is absurd to suppose that they were throwing stones and that Mr. Marsh was injured by them. A committee of the students' council is now investigating the matter.

OUR MILITIAMEN TO HEAR OF GREATER ARMIES.

OTTAWA, Oct. 16.—When the five officers who accompanied Colonel, the Hon. Sam Hughes to England return to this country they will visit militia centres throughout the country and deliver illustrated lectures on their observations of the French and British manoeuvres. Officers of the militia thus will be given first-hand impressions of the latest developments in military science.

Another result of Colonel Hughes' visit to England is an arrangement which will relate a well-known corps in the United Kingdom to the Canadian forces. The mounted territorial regiment known as King Edward's Horse is composed of men from the dominions who are residing in the United Kingdom. Of these many are students who intend to return to the country of their birth and it has been arranged that if such men return to Canada and enter the Canadian forces their services in the King Edward's Horse shall count equally with their English service in respect of seniority, qualifying for long service decorations, medals, etc.

BROWN'S MONUMENT ARRIVES AT OTTAWA.

OTTAWA, Oct. 16.—The monument to George Brown, which is to be erected on Parliament Hill, has arrived. There is delay, however, about the pedestal, but as soon as this arrives the monument will be erected, and its unveiling will take place shortly afterwards. It will be placed on the east side of the Parliament Library, not far from that of Mackenzie, and will overlook the Ontario river. Special arrangements are being made for the ceremonies. Monuments to Thomas d'Arcy McGee, Baldwin and Lafontaine will be erected next spring, to complete a chain around the Parliament buildings.

CHARLOTTETOWN AND ELSEWHERE

Premier Fleming left this evening for Halifax, where tomorrow he will attend a conference with Premiers Matheson, Prince Edward Island, and Premier Murray, Nova Scotia. The question of representation and other matters affecting the Maritime Provinces will be taken up.—Moncton Exp.

H. G. Rolfe, chief electrician of government railroads in an interview with a Guardian representative stated that the crossings at the Park factory and St. Peter's Road, Charlottetown, were to be fitted with an electric arrangement as the train comes with in fifteen hundred feet of the crossing a bell will ring thus giving a warning, if at night there will be an illumination. As the dies out and the bell ceases to ring, the last car passes the crossing the light would be completed about the end of next week. This will remedy a much needed necessity.

TWICE MOTHER AT 14.

COBALT, Ont., Oct. 16.—Charged with poisoning her three-days-old baby about a year ago, Marie Caye, of Ville Marie, Que., who is 14 years old, and who has just given birth to another child, is under arrest in North Cobalt.

It is alleged that the girl told part of her story to the officers, giving horrible details and implicating her married sister and two brothers in the affair.

GIRL IS ATTACKED BY STRANGER.

NEW YORK, Oct. 16.—Following a daring attack upon Miss Erida Spinner, a young stenographer, in which she was severely beaten in a small room in the Shubert Building, Thirtieth street and Broadway yesterday afternoon her assailant escaped after being pursued several blocks through the crowds in Broadway. The attack was made on the seventh floor when the corridors were crowded. The girl's assailant was well dressed and youthful. He had been loitering there for several hours.

BURGLAR IS A HUMAN FLY.

NEW YORK, Oct. 15.—A human fly crawled up the wall of an uptown hotel three stories to a six-inch ledge. With light and surefooted tread he walked his perilous pathway to an open window, entered the room and pocketed jewellery lying on the dresser. From a second bedroom, reached by the cornice route, he took an object which he found glistening in the dim light. It proved to be a bull moose button.

A detective passing outside glanced up and saw the burglar as he left the second window. The detective shouted, and the man darted inside the room, where he was captured. At Police Headquarters he said he was James Wilson, alias Rosco Ford, of Rochester and Philadelphia.

Great interest is being manifested for the Halifax Road race to be held in Halifax Thanksgiving Day. There are a number of entries, among which may be mentioned Michael Thomas, the Prince Edward Island Indian and winner for the past ten seasons. The record for this race is 56 minutes made by Fred Cameron and some of the knowing ones are saying that this time will be broken this year. However, time will tell.—Amherst Exp.

BRYAN DEPLORES ATTEMPT UPON COLONEL'S LIFE.

COLUMBUS, Ind., Oct. 16.—William Jennings Bryan, addressing 2,000 people here this forenoon, opened his deploring the great misfortune which had befallen Colonel Roosevelt, and assured his audience that Democrats deplored it as deeply as do the Progressives. Mr. Bryan discussed national and State candidates, urging the voters not to permit Roosevelt's misfortune to detract their attention from the campaign, and to elect a Democratic President and Congress.

WIFE MYSTERIOUSLY DISAPPEARS.

BOSTON, Oct. 16.—A sensation has been caused in Episcopal church circles by the action of Mrs. Elizabeth A. Curtis Brenton, of Hartford, in filing a petition for divorce against Rev. Dr. Cranston Brenton, professor of English literature, lecturer, and candidate for suffragan bishop of the Connecticut diocese. The ground for the complaint was intolerable cruelty.

To add to the complicated situation, Mrs. Brenton is now mysteriously missing, and the lawyers and detectives whom her friends have employed to fathom the puzzle of her disappearance, report that she may have been spirited away to some sanitarium.

Besides a divorce, Mrs. Brenton, through her lawyer, demands the custody of her six-year-old son.

It is understood that the Rev. Dr. Brenton intends to contest the suit vigorously. Mrs. Brenton, who is the daughter of the late Dr. Jonathan F. Curtis, was married to the eloquent young professor in 1901.

MANY DIVORCES IN OLD ENGLAND.

LONDON, Oct. 15.—Divorce cases at the coming court sessions show a large increase in undefended actions, which total 339.

The petitioners include Baroness Eugenie de Maritzze Louth and Mrs. L. Hope Johnson for the restitution of conjugal rights, and the Hon. Mrs. S. D. Ferlowes and Hon. Mrs. M. Morrison also for restitution; Captain Melville, who cites the Hon. G. L. Grosvenor and as co-respondent; the Countess Seni Bhidak and the Princess de Bourbon, otherwise Delaporte, for nullity of marriage.

TAFT IS PROUD OF AMERICAN FLEET.

NEW YORK, Oct. 17.—President Taft stood on the bridge of the Mayflower with Mr. Meyer, Secretary of the Navy, beside him, and inspected a fleet of war vessels upon the like of which no other President of the United States has ever gazed.

For fifteen miles up the Hudson River the President passed before an armada of ironclads which has been mobilized here since Saturday.

Most of the journey was made between a double line of cruisers and battleships and across the way from 51st street to within halting distance of Yonkers the cannonade of a presidential salute swept over the water. "Well," the President said, as he left the bridge after the Mayflower had returned to her anchorage and the cannon were stilled, "everybody ought to be proud of that fleet."

The naval attaches of Great Britain, Germany, Japan, Italy and half a score of other nations met with the President and watched the fifteen-mile panorama of fighting ships unroll.

LETTER TO THE FARMER

The business of farming is in the most critical period of its development.

Both the working farmer and the investor in farm lands and securities are seriously studying how to turn farm products into net profits.

There are thousands of farmers in Prince Edward Island alone.

Is it not hard to believe that only one of every five read a farm paper at all?

Only one in five? The other four need the instructions given by farm papers.

HEARS OF ROBBERY AFTER 25 YEARS.

COLUMBIA, Tenn., Oct. 16.—Conscious stricken, Henry Tays, a centime Maury county negro, but now a resident of California, makes a most unusual offer of restitution for the wrongs done. Captain John Osborne, a prominent farmer living in the Theta pike, has received a letter from Tays in which he not only confesses to misdemeanors, but makes proffer of restitution for all losses.

Not only is Tays willing to return whatever his lust for the good things of this world led him to appropriate of the "goods and chattels" of Captain Osborne, and he believes that he should compensate for the loss of the same during all the years that have elapsed.

Some quarter of a century or more ago Tays was employed by Captain Osborne on his farm. He was a good worker and no suspicion of his honesty was entertained, unless it was the very common one that if properly tempted, he might make nocturnal raids upon the hen roosts with intent and there to replenish his larder with a "yaller legged" rooster. The same being the property of "his white folks." Or it might have been thought that in certain circumstances not hard to conceive. Tays would upon occasions extract a long green watermelon from the patch of "de boss" without rendering account.

ARRESTED IN AUSTRALIA ON FORGERY CHARGE.

HALIFAX, N. S., Oct. 16.—Dr. O'Connor, alias Mr. Monaghan, well known to prominent Halifaxians as a Mason of high orders and "Agent-General for New South Wales in the Maritime Provinces," has had the sad misfortune to be arrested in far-off Australia and his many friends here, from some of whom he took substantial monetary tokens, will now bemoan his incarceration. In Halifax the doctor made many friends and secured much money and egged on by success, hid him to South Africa, there to further prosecute his little game.

HATTERS' BOYCOTT AWARD IS \$250,000.

HARTFORD, Conn., Oct. 16.—After being out for hours the jury in the famous hatters' boycott case, which has been on its second trial since August and has been in the United States Courts since 1902, gave a ver-

CONVICTS AND DEPUTIES IN BATTLE.

STEAMBOAT SPRINGS, Colo., Oct. 17.—A battle between convicts, who escaped from the Wyoming state penitentiary on Saturday and Sunday and deputy was reported last night over the line in Colorado, eight miles south of Dixon, Wyoming.

The fight lasted more than an hour and two deputies were wounded.

The convicts are heavily armed and well mounted and eventually eluded their pursuers. Another day will put them in the notorious hole in the wall country of Wyoming, it is believed.
