Happenings of The Week

Queen Wilhelmina has taken a small house just outside the Hague in preference to occupying the sandy Winter Palace. Occupying the war-invalued occupy half the Summer Palace, and all the furniture, linens and silver of the Winter Palace have been given to persons in war-torn areas. The Royal Netherlands Standard waves from the attic of the house, "so small that at first it is hard to believe that a Queen reads State papers behind those windows," the Amsterdam article says. The home is described as containing a dining room seating no more than six persons, a small first-floor veranda and a small attic.

President Truman has a new presidential coat of arms, seal and flag. They all differ from the old presidential insignia in that they emphasize peace — not war. The old ones had the American eagle facing the arrows in its talons. The new ones have the eagle with its back to the arrows and is facing the other direction.

Lt. Col. George Peake and bride, the former Miss Margaret Burns, spent the week-end in Fredericton, N.B., the guests of Mr. and Mrs. R. G. Loughlin.

On Saturday afternoon Mrs. Frank Shute, Miss Hester Shute and Miss Phyllis McCaffrey of Fredericton, N.B., were joint hosts at a cocktail party at the home of Mrs. R. G. Loughlin and her guest, Mrs. George Peake of Charlottetown. Music in various shades were used in the rooms and the hostesses were assisted by Mrs. E.A. Skene and Mrs. Bruce Wright.

Miss Lillian MacKenzie, Mus. Bac., organist of Saint James Presbyterian Church, entertained at a delightful supper party last evening in St. James Hall for the members of her choir and their friends. The tables were very pretty with trailing smilax, flowers, garlands and colored favors, covers being set for forty guests. The jolly social evening was enjoyed.

Mrs. J.W. MacKenzie, Queen Street, returned home Wednesday from a visit to Boston recently to attend the funeral of her brother, Dr. McLeod.

Mrs. W.H.V. Dunbar spent the week-end in Halifax.

Mrs. William Reid, her son, Mr. Albert Reid and daughter, Mrs. Fulton have taken up their new residence at 84 Fitzroy Street, recently purchased from Mr. Eben MacLean.

Mr. and Mrs. L.D. Murray are now pleasantly located in Orlando, Florida for the winter months.

Congratulations are being extended to Hon. Peter Hughes, Fredericton, N.B., his recent appointment to the judiciary bench. His daughter, Miss Anna Hughes made many friends here when she was on the staff of the P.E.I. Hospital.

Mrs. Reginald Taylor and Miss Joan Taylor are the guests of Mrs. Taylor's sister, Mrs. R.H. Stewart, E. 11th St., Vancouver.

Rev. T.E. MacLennan, Mrs. MacLennan and little daughter, Sharon were cordially welcomed in Westville, N.S., last week-end as the guests of Mr. and Mrs. John MacLennan. Mr. MacLennan was guest preacher at the anniversary services in Sharon-St. John Church on Sunday.

Mrs. A.H. Mould left Tuesday on a visit to friends in Chicago.

Mrs. Edward McManus, Membramook, N.B. is visiting in Charlottetown, the guest of Mrs. W.E. Hyndman, Pownal Street.

His friends are hoping that after a complete rest at his home, Mr. Elmer Ritchie will soon regain his usual good health.

After a delightful summer spent with relatives and friends, Mr. and Mrs. Vernon Shaw left last week on return to Vancouver, visiting in Toronto enroute.

A cordial welcome is being given Mrs. J. McLeary who has arrived from Denbigh, Sask. on an extended visit among old home friends and relatives.

Her many Charlottetown friends will hear with interest that Miss Alice Harrison, organist of Highfield Baptist Church, Moncton, has resigned after 17 years of faithful service. Miss Harrison, who it will be remembered was organist for some time in St. James Presbyterian Church here, was presented with a basket bouquet of roses by the ushers of the church last Sunday at the morning service, and in the evening, church officials read an illuminated address, extolling her services to the church and expressing the best wishes of the congregation. They also presented her with Ninth Victory Loan bonds.

Miss Harrison is a daughter of the late Rev. Dr. William Harrison, and is well-known throughout New Brunswick.

HOUSEHOLD SCRAPBOOK

By Roberta Lee

Rinse Well
The successful laundress pays particular attention to rinsing everything thoroughly. It gives colored clothes a bright, clear color, and helps make the white clothes "snow white."

Baking Cake
The cake will be lighter if the batter is beaten longer before the baking powder is added. Beat very little after adding the baking powder.

The North Room
To make the room on the north side of the house more cheerful paint it or paper it a daffodil yellow.

COOK'S CORNER

DELICATE GINGERBREAD

Under a slightly sugary and crispish crust you will find a rather fine-textured gingerbread — "nicer," far than most gingerbreads.

2 cups once-sifted cake flour
1 teaspoon baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1 1/2 teaspoons ground ginger
1/2 teaspoon ground cinnamon
8 tablespoons shortening
1/2 cup brown sugar, lightly packed
1/2 cup molasses
1 egg well beaten
2/3 cup milk

Measure and sift together three times the flour, baking powder, baking soda, salt, ginger and cinnamon.

Cream shortening and gradually blend in the sugar; cream well, then stir in molasses. Add the well-beaten egg, a little at a time, beating well after each addition.

Add the dry ingredients to the creamed mixture alternately with the milk, and combine after each addition.

Turn batter into a buttered and lightly-oiled 8-inch square cake pan. Bake in a rather slow oven 325 degrees, about 50 minutes.

Living & Leisure THE WOMAN'S REALM

ATTENTION
If you have other work to do; You've got to keep an open eye. Last opportunities pass by "Stand at attention," life demands; "Alert," with ears and eyes and hands;

No slacking, drifting, as you please. Along a path of quiet ease.

Be on your watch, be on your guard. You may be weary, worn and scared.

But soldiers do not faint or quail. For if not asleep in their place That is dishonor and disgrace. So fall in line, seek to obey. Back battle order of the day. With willing heart not seeking thanks.

God wants no shirkers in the ranks. Dorothy Sutton, New Liskeard Corps.

HINTS ON ETIQUETTE

If a divorced woman resumes her maiden name she may wear her engagement and wedding rings until she remarries. After that she may discard them or wear them on her right hand.

GLASS DRESS FOR MODERN CINDERELLA
How would you like to wear a dress made of a marble? That's what modern cinderellas will be doing, says the Science Christian Monitor. Some of the new glass-fabrics are constructed from yarn spun so fine that a small marble half an inch in diameter can be made into one hundred miles of yarn. Decorative fabrics known as fibreglass have recently been put on sale in limited quantities in a few New York stores, at prices ranging from around \$2 to \$8. While available now only in small supply, they offer fascinating promises for future development.

MORNING SMILE

Mr. Smith — Is Mrs. Moore an active member of your sewing party?
Mrs. Jones — No, she just sits there sewing all the time and hardly ever says a word.

"We'd like to have you stay to dinner with us if you are content to take 'pot-luck,'" said the wife, cordially.
"You mean 'can-luck,' my dear," murmured her husband.

To prove what can be done with glass fabrics, clothing items such as scarfs, and socks for men, and complete outfits for women, have been produced, but only to a very limited extent.

LAME Available
Today there is little glass fiber available for civilians, because of the many ways it is being utilized in the services. In the New East jungle fighting white ants, have made the soldier's life miserable by eating textile equipment. These ants have been known to eat the laces off shoes or boots during the night. Glass laces have solved this problem, as ants will not eat glass. The possibilities that can be developed in fabrics for such places cannot even be estimated.

Glass fabrics do not wrinkle but because they are comparatively heavy they fall into attractive folds. They are noncombustible, mothproof, rot-proof, will not stretch, sag or shrink, are color fast to both sunlight and cleaning, can be dry-cleaned and some types can be laundered. Only within the past year, glass fabrics have been dyed in brilliant, solid colors and in stripes, figures, and prints.

Comparatively Expensive
At their present prices, glass fabrics are comparatively expensive and probably not entirely suitable for home use but permit the furnishing of hotels, dormitories, and assembly rooms in 100 percent fireproof manner. The hotel dining room could use tablecloths made of glass as well as curtains and draperies made from these fibers.

MODERN ETIQUETTE

By Roberta Lee

That was what Jeanie and I debated earnestly this morning. There was really neither the time nor the inclination to make a trip to the butcher's last evening, and when we had a good look at the fish or flesh to our providers one said in a suggestive way "better knock something in the head." So by lantern light a grey bird was removed from his perch — one, who if given the opportunity might have become something of a character at Alderlea. Halting the dawn with a joyous voice; leading some of the members of his species had a triumphant entry into the newly planted garden or worst of all into a freshly rolled grain field. His career was cut

short. Jeanie cooked him to a turn stuffed with a savory dressing, tucked underneath his arm. Any cooking today was necessarily done between times for both of us went to the barn to speed up the last of the grading. We gathered at this house at noon and shared our r chicken dinner with our truck drivers.

Likable chaps these transport drivers are, on whom the Island farmers have come to depend for their hauling — the fertilizers in spring and the disposal of produce and animals at any season. Jeanie likes to see that these helpers are well fed. Of all persons these must not leave Alderlea hungry. "You know, Ellen, trucking is no fun!" A great many we have enjoyed and all so different in outlook and personality. And much I have learned from these sturdy — and sometimes slim, willing men: of other districts and places; of other people and all interesting. In pre-war days often led mangled the trucks, merry happy fellows with out a care, the down of youth barely gone from their faces. Many of these went to the services and all so different in outlook and personality. And much I have learned from these sturdy — and sometimes slim, willing men: of other districts and places; of other people and all interesting. Many of these went to the services and all so different in outlook and personality. And much I have learned from these sturdy — and sometimes slim, willing men: of other districts and places; of other people and all interesting. In pre-war days often led mangled the trucks, merry happy fellows with out a care, the down of youth barely gone from their faces. Many of these went to the services and all so different in outlook and personality. And much I have learned from these sturdy — and sometimes slim, willing men: of other districts and places; of other people and all interesting. In pre-war days often led mangled the trucks, merry happy fellows with out a care, the down of youth barely gone from their faces.
