LOUDEN HAY-SLING

Louden Quality is a Safeguard in Itself

IT CLEANS THE RACK

Louden Hay Slings for hay or grain, great labor savers as they do away with pitching and stowing, discharging the largest load in only three hoists, they prove themselves very valuable in the busy harvest.

H37--Louden Hay and Grain Slings, per set consisting of three slings with patent centre trip and malleable self locking sling pulley with register heads to fit different style carriers \$7.50

H46--Louden Wire Rope Hay Carrier, for steel track, made with 7-inch sheaves, especially for 3-8 in. wire rope, which is more durable and much better for heavy work. It runs on steel track and is fast coming into use. Price \$8.50

This Double Harpoon Hay Fork for Only 98 CENTS

Here is the most remarkable value to the best of our knowledge ever offered in Prince Edward Island. We took advantage of a decline in the market and placed an immense order which is responsible for this unheard of price. This double harpoon hay fork is standard size, 25 inches from crossbar to point and 18 inches in width; is strongly reinforced and substantially made from good quality steel--a high quality hay fork at an unusually low price.

Louden Hay Carrier \$6.00

For Wood or Steel Track

We could easily sell much cheaper hay carriers than the LOUDEN but we could not honestly recommend or guarantee them--and we know that it would be a poor policy for us to sell a carrier we could not recommend and a poorer policy for you to buy such a carrier.

You expect a hay carrier to perform its work faithfully and faultlessly once placed in position, don't you? You don't want to be "held up" in the hay making rush by a flimsy carrier then BUY A LOUDEN CARRIER.

The Louden is the leading carrier of America, having a complete malleable construction and put together with bolts. The pulley itself goes direct into the large flaring mouth, locking by a simple device and never failing to catch as it is impossible to wear or get out of order. It has a large swivel and the frame cannot spread as it is braced right up to the track. No trouble to shift carrier to load into opposite end of barn as it can be reversed while standing right on barn floor. Order today and be prepared for the busy season. Price \$6.00

(State if wanted for wood or steel track)

\$17.00

Freight Prepaid in P. E. I.

The Chatham Portable Scale

has weighing capacity of 1000 lbs., size of platform 16x23 inches, with double brass beam graduated up to 100 pounds, with sliding brass poise, government inspected. In weighing tubs of butter, bags of potatoes, etc., the tare weight can be carried on the lower beam and the weight of the contents can be shown on the upper beam without subtraction or danger of mistakes. Has oil tempered steel bearing feet and pivots, very heavy cast iron levers, strong frame, hard wood platform and handsomely finished pillar \$17.00

Others at \$15.50.

H5--Bracket for Steel Track 6c

"Never-Fail" HAY FORK

LOCK LEVER, the latest and best double fork, made of spring steel, sets with one level and locks either open or shut. Although no larger than any other kind it carries 50 per cent. more hay owing to the crossbar being nearer the top. It gathers hay from end of points, not 2 inches from bottom as other forks do. Very special 2.50

HOLMAN'S SOLID NICKEL DRIVING HARNESS

BUY THIS SET \$15.00 Freight Prepaid in P. E. I.

This is a decidedly well made set of harness at the price--the material is good, the workmanship superior, which gives it the appearance of being much more expensive.

BRIDLE--has rounded stays which hold the round flared patent leather blinkers in place, patent box loop, check rein strap, or jointed bit.

REINS--made from russet oak tan leather, strong and good length.

BREAST STRAP--heavy leather, shaped correctly to be easy on horses, made with large folded pad, pinked edges, traces attach to large buckles and box loops.

TRACES--solid 1 1/2 inch heavy single leather doubled well back at each end.

SADDLE--is full leather padded, finished in patent leather with fancy roll edge, patent sweat pad, 1 1/2 inch folded girth.

BREECHING--made with heavy folded seat with fancy full raised layers, 9 inches to 1 inch, connected to hip strap with 3 double straps, which prevents seat from dropping, extra heavy long breeching straps, mucked crupper, heavy torrets and hooks.

MOUNTING--solid nickel.

Freight paid in P. E. I. Island.

With stable brush and instead of breaststrap \$17

Another Carload of HOLMAN'S Rubber Roofing Received

Resists Fire \$1.80 108 sq. ft.

Holman's Rubber Roofing is the most satisfactory, the most durable and the most economical rubber roofing on the market. Made to our special order in carload lots.

The foundation of Holman's Rubber Roofing is the best quality of WOOL FELT, saturated and coated with a compound, the base of which is GILSONITE ASPHALT; the most durable and efficient weather and water proof material known. It is unaffected by HEAT, COLD, SNOW OR RAIN, contains no tar, and will remain always PLIABLE AND FULL OF LIFE.

It is suitable for either flat or steep roofs and is as nearly fire-proof as such roofing can be made. Good roofing cannot be tested by its pliability or by its appearance. The TEST is how long it will stand when exposed to all kinds of weather. To this test alone--the weather test, this roofing owes its success.

HOLMAN'S RUBBER ROOFING is made by the largest concern of its kind in the world. This is why we can install the highest grade Roofing at the price we do. Per roll containing 108 square feet, complete with large head nails and lap cement allowing 2 inches for laps.

1 ply \$1.80 2 ply \$2.25 3 ply \$2.75

Ice Cream Freezer Bargain

This is a high quality double acting Ice Cream Freezer at a decidedly low price, well made with strong pail and the most up-to-date gearing. Ice Cream can be made in half the time taken by ordinary as the double acting principle cuts the time and labor in two. Made with strongly bound pail and the most up-to-date gearing.

Quarts 2 3 4 6
Price \$1.85 2.15 2.55 4.20

Snatch Pulley WITH SWINGLE TREE

H1--Hoisting Swingle Tree, does not drag against horses legs and being bent fits to horse like a breeching (see cut) traces do not have to be shortened as they fasten on to hooks at centre, the eye to which rope is fastened is swivelled, great for hoisting hay, twitching, etc. \$1.00

H12--Snatch Pulley Block, saves time, after load locked in carrier the double purchase is used and the horse travels only half the usual distance, when fork is tripped the rope is thrown off snatch pulley and fork is returned to load without waiting for the return of horse, which saves time. Price 90c

COG COVERS 25c extra

A New Feature--the stove leg does away with leg socket and shaky legs, washer is always firm and will last years longer.

The Gearing does not get out of order as is very simple, consisting of two new style cogs. It operates so easy to use and lower the dasher, this forces the air through the clothes and thus washes cleaner and better.

The Roller Bearings on the shaft carry all the weight making the WINNER the easiest running washer made.

The Tub is constructed of cypress with three heavy hoops, the cover is double thick with crosswise grain so it cannot warp, it is large and allows plenty of room for wringing and putting.

The Washboard--the inside of tub has corrugations which form the washing surface.

New Wringer Stand--This is specially constructed and is a good improvement as all water runs back into tub.

The Winner has been well tested and is the easiest, cleanest and best made washer on the market. No 2 \$5.85

Cog Covers 25c (Prices subject to change)

Challenge Wringer

"It's All In The Rubber"

The new style is constructed with side spiral springs, which keeps an even side pressure and leaves room in the centre for putting through large articles. This is a great improvement and needs to be used to be appreciated. "Guarantee--We will replace the rolls or any part of the wringer that proves defective within 3 years." It is the safest wringer to buy \$4.00

Sunlight Wringer. Same style as above. All parts as well as rolls guaranteed for 1 year. \$3.25

(Prices subject to change)

Make No Mistake BUY A RELIABLE DAISY CHURN

Daisy Churns. The best, easiest running churns on the market. They can be operated with your hands or feet while sitting down, in the same manner as a sewing machine. Made of best quality oak with 6 hoops electrically applied so that they cannot loosen, with heavy steel bound top, well balanced with weighted bottom, steel frame and ball bearings, adjustable cream brake, churns easy and are handy to clean.
