MUCH DEPENDS ON DECISION OF BRITAIN

Coming League of Nations Conference is Now Principal Talk of Europe.

(Special to the Guardian) LONDON, March 1.—Excitement is increasing instead of diminishing over the question of permanent seats on the council of the League of Nations...

There is no objection to Poland getting a non-permanent seat on the council nor is there any objection to the whole question of enlargement of the council being reconsidered at the September meeting of the assembly...

The Conservative party shows nearly the same unanimity as the Liberals and Labor.

OTTAWA, March 1.—A non-permanent seat in the council of the League of Nations for the six British dominions has not been discussed by the dominion governments...

Repudiate Protest Against Progressive Member

(Special to the Guardian) OTTAWA, Ont., Mar. 1.—The protest filed in the Supreme Court of Alberta against the election of Donald M. Kennedy, Progressive as M. P. for Peace River has been repudiated by the Liberal and Conservative leaders in Ottawa.

"I do not think that either Liberal or Conservative candidates in the Peace River nor their organizations are responsible for this protest," said Mr. Kennedy to the Star today.

"It is an attempt to get me to agree to a saw off with respect to the petition referring to the Athabasca election. So far as my own election is concerned I have every confidence in my official agent A. E. Gallaway of Roycroft, Alta. and am not afraid of any enquiry. Naturally with the small majority I got a protest could be expected. I had only 17 majority over the Conservative candidate and 41 over the Liberal. This petition against me, however, is filed by John Bernard Page from Cross Old provincial riding and the practically a unanimous feeling in England that Germany should be the only new permanent member elected next week.

The Conservative party shows nearly the same unanimity as the Liberals and Labor.

Delightful Recital At St. Joseph's Convent

The annual musical recital by the pupils in the music classes of St. Joseph's Convent, was rendered last evening before a large audience of parents and visitors, and was highly enjoyed by all who heard it.

The performance of the pupils was very pleasing and showed that a great deal of painstaking care had been put into their training. The program rendered was as follows:

- PROGRAMME Concerto (Kowalski)—E. Gaudet. E. Weaver, M. C. Hughes. Chorus—"Welcome" Trio "Marche Op. 75" (Straub-hoerge)—M. Pursar, M. McCallum, M. Crawford, M. Coyle, D. Hennessey, A. McCallum, M. Gordon, and Mr. William Moran of the School Board, all of whom commended both the pupils and their teachers on the splendid program that had been so efficiently and pleasantly carried out.

Dodge British Taxes

LONDON, Mar. 1.—Protests have been heard recently because American film producing companies pay no British income tax on films exhibited in the country. They were carried to Parliament today by Captain Fairfax Unionist, who asked the Chancellor of the Exchequer if his attention had been drawn to the system whereby American film production houses registered their distributors here as separate companies, showed no profits, and paid no tax, and whether he would order that copies of all contracts between exhibitor and presenter should be sent to the revenue department, so the earnings of foreign films could be calculated and taxed. Mr. Churchill promised to consider this suggestion.

TO PROMOTE CHAMBERLAIN UNION AND MAKES STRONG OUTLAW WAR PLEA

English Capitalist Gives Millions to Cause and Starts Lecture Tour.

(Canadian Press) NEW YORK, N. Y., Mar. 1.—Missionary zeal once thwarted by illhealth has led Sir Henry Lunn, English capitalist and lay religious leader to turn over his wealth estimated in millions to a trust foundation, to promote unity among churches and peace among nations.

Sir Henry left New York last night for Montreal beginning a world lecture tour in behalf of international peace. Before leaving he said that one reason for present announcement of his plans was because he wanted people to know that when he went abroad lecturing and preaching he had finished money making and that he no longer was adding to his personal fortune.

"They say that Englishmen come to this continent to lecture for the sake of dollars," he said, "but I've not come over for dollars. I take no fees and I pay my own hotel expenses. I've come here with a message and that message is to bring churches into line with a united front to outlaw war."

(Special to the Guardian) NEW YORK, Mar. 1.—Sir Henry Lunn, who at the age of 66, has amassed a fortune estimated at many millions from his English tourist agency and his hotels in Switzerland, announced today that he intended to turn over his entire property, and all his income except \$2,500 a year to promote unity among the churches and concord among the nations. He was established the Sir Henry Lunn Trust foundation to administer his property in the interest of these reforms.

Beginning on March 31st, the foundation will control one half his property. The remaining half will constitute a private trust for the benefit of members of Sir Henry Lunn's family. As they die, their share will accrue to the foundation which eventually will control his entire estate.

Sir Henry who began his work in life as a Methodist medical missionary in India but had to give up and return to England because of his health, is now making a world tour, preaching and lecturing for church unity and the League of Nations. He preached today in Trinity Episcopal church here, and left tonight for Montreal after making his announcement that he had divested himself of his property for the sake of humanity.

(Canadian Press) MONTREAL, Mar. 1.—Churches of the world if it is not possible for them to unite in worship and in the nature of their belief should achieve a united front and express agreement in one united voice on great economic and social problems confronting christendom such as war, barbarism, ignorance, social purity, pacifism, etc. That is the firm conviction of Sir Henry Lunn, business man, church man and philanthropist as expressed in an address told to the members of the United Church of Canada here today.

"The ancient church had authority I never want to see again," said Sir Henry "I never want to see temporal power, but I hope and pray that a united christendom shall declare its will in respect to such questions as war and desolation of the earth surface by the barbarism of the turk."

CROSS-CONTINENT HIKERS TO START FROM CH'TOWN

To walk from Charlottetown to California, a distance of approximately three thousand miles, is the object with which Jack Roberts and Robert Harris, both of Halifax, will start out from the Guard-Office corner on March 15, on the first cross continent hike ever attempted from this Province.

Both these young men, neither of them yet over thirty years of age, are electricians by trade, and one of them has been working for some months with a local firm, while the other has come direct from Halifax. Finding times here a little dull they made up their minds that they could do better in the Golden State, and made known their intentions of hiking the intervening distance to the Guardian yesterday morning. From now until their departure the hikers will devote themselves to preparing their kit, and see-

ring letters of introduction from the proper officials. They will also plan out their exact route, which will be by road, and not via the railroad ties, as preferred by some of the previous walkers who have been successful in reaching the Pacific.

Both men are in splendid condition, and in their daily life as electric wiremen, have become accustomed to long periods of walk. They do not intend to do a long tramp to break records, but will walk Charlottetown, snow covered Pacific High tide afternoon 12.58 and tomorrow morning at 1.06. Sun rises this afternoon at 5.49 and sets tomorrow morning at 7.36 p. m. Last quarter moon Sunday March 7th. Summerside tide eighteen minutes later than Charlottetown.

Says Soviet Government is Capitalistic One

(Canadian Press) NEW YORK, N. Y., Mar. 1.—Hopes of the Russian social revolutionary party of setting up a new government in Russia replacing Bolshevism, were set forth to socialists of New York by Dr. Mark Slonim. Dr. Slonim declared that the Soviet government was capitalistic.

Something New in Coiffures

(Canadian Press) GENEVA, Mar. 1.—Foreign women skilling in the Swiss Alps have brought out something new in coiffures. Coiffures started it and society women soon fell into line. It consists of golden or silver wigs, elegantly and artistically arranged above the face. The silver thread wig, less showy than the golden, appears to have the preference as being more advantageously for showing off the beauty of the face. It appears to be rapidly taking the place of the historic powdered perque.

State Lottery Won by Needy Families

BERLIN, Mar. 1.—Eight families in Berlin's workers' quarters are richer tonight by half a million marks as a result of holding the lucky number in the Prussian state lottery. The head of one family of four husky lads and lassies has been on the unemployment lists for three months and is destitute. When a telegram arrived announcing he was winner of the 50,000 marks the father shook like a shell-shocked man.

Another eighth part of the lucky number is held by a merchant who, only a few hours before, filed a bankruptcy plea, having liabilities of less than one-third of the sum he won.

Ideas of how to spend their 50,000 marks, to families to whom such a sum means only large numbers, vary from buying a frying pan to a villa. A stonemason, hearing of his good fortune, told his wife she could buy some desired kitchen utensils now, while a younger couple mentioned the possibility of living on their own property in Berlin's fashionable area. One of the families ordered a piano by telephone.

In less than an hour after the winners were announced, floods of agents began besieging the workers. However, the cash won't be distributed until tomorrow.

Lost Many Cattle

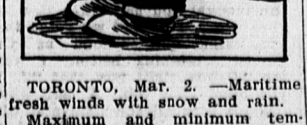

LONDON, Mar. 1.—The British steamer the Manchester Producer Dutch tug after having been buffeted in mid-Atlantic for a fortnight with a damaged rudder. Of the 418 head of Canadian cattle with which she left Halifax only 253 head are still alive. On February 11th a message from the captain of the Producer said that seventy head of cattle had been lost and that the remainder had been placed on limited food rations. Ninety five seem to have died since.

ADVANCES PLAN FOR UNION OF CHURCHES

(Canadian Press) TORONTO, Mar. 1.—A plan for the union of the Anglican church and the United Church of Canada is put forward by Rev. P. C. Ward, vicar of St. Albans cathedral. The one objection, according to Mr. Waite is the Anglican doctrine of apostolic succession and its consequent holding to episcopal ordination.

The Vicar of St. Albans suggests it should be possible for the United Church and the Anglicans to come together on common ground, the Anglicans to accept as valid the ordination of ministers of the United Church up to an agreed date after which the churches may come together in practical unity, all ministers then to receive episcopal ordination.

FLAT FEET NEVER WON A FAIR DANCER

TORONTO, Mar. 2.—Maritime fresh winds with snow and rain. Maximum and minimum temperatures: Toronto, cloudy 34-32; Montreal, snow 20-10; Quebec, cloudy 14-2b; Halifax, fair 26-10; St. John, cloudy 24-6; Boston, cloudy 32-30; New York, cloudy 34-34; Charlottetown, snow 24-8; High tide this afternoon 12.58 and tomorrow morning at 1.06. Sun rises this afternoon at 5.49 and sets tomorrow morning at 7.36 p. m. Last quarter moon Sunday March 7th. Summerside tide eighteen minutes later than Charlottetown.

HOLD-UP MEN WOULD EXTEND STAGE BOLD RURAL CREDITS TO FISHERMEN

Took \$50,000 Worth of Pelts While 35 Employees Looked On—Another Robbery Reported.

(Canadian Press) NEW YORK, Mar. 1.—Lining up 35 employees against a wall with pistols a squad of masked robbers today escaped with \$50,000 worth of pelts from the Applebaum and Cohen Fur Dressing Company's shop in Brooklyn. The thieves so escaped with \$30,000 worth of skins from the firm of Julius Klugman and Sons in Lower Manhattan by boring their way early yesterday through the wall of a vacant shop adjoining police learned to day.

OTTAWA, Mar. 1.—I. D. MacDougall (Conservative) Inverness said rural credits should be extended to fishermen. With reference to the proposal in the speech from the Throne to appoint a commission on Maritime rights Mr. MacDougall said that the Maritime Provinces had appointed their own commission on October 29th last. The members of that commission held seats in the House of Commons and they had no intention of remaining passive and submissive. He did not preach or advocate secession but said that it was time that something was done to give the Maritime Provinces the rights which had been guaranteed them at Confederation. If this was not done by the government then with reluctance the Maritimers must find it necessary to turn their back on the great work which was started in 1867.

Have Most Powerful Guns Afloat

(Canadian Press) LONDON, Mar. 1.—Something of a sensation is made in the Evening News of the statement contained in the official catalogue of the world's navies issued today, that five United States battleships are fitted with five inch anti-air craft guns which the News characterizes as the most powerful guns of their type afloat.

Briand's Project Receives Jolt

(Canadian Press) PARIS, Mar. 1.—The smooth progress of Premier Briand's financial projects from the Senate back to the Chamber met with interruption tonight when the Chamber Finance Committee reiterated its original dictum and rejected M. Doumer's stamp tax on industrial transactions. The vote was 15 to 3 with 11 absentees.

Sued for Using Bag Pipes

The province of Nova Scotia required better transportation facilities, cheaper freight and express rates, and proper government assistance in order to develop its fishing industry. The Minister of Marine and Fisheries should be selected from the Maritime Provinces and should be a man with experience in marine and fishery matters. Why not extend the system of rural credits "to the farmers of the sea, the fishermen of Canada," he asked in discussing the proposed rural credits legislation.
