Consult Your Doctor

If you have serious kidney trouble, such as Bright's Disease or Diabetes—consult your physician at once. We do not recommend any remedy for those diseases.

But if you have a mere functional derangement of the kidneys or bladder, indicated by pain in the back inflammation, etc., you will find Penslar Buchu and Palmetto Compound a very satisfactory remedy.

The formula is on the label—exact quantities and ingredients. It is a fine prescription for kidney and bladder troubles and the makers are proud of it. That is why they publish it, for anyone who knows about such things can tell that this is a splendid remedy.

Two sizes, 50c. and $1, sold only at our store. It gives great satisfaction.

THROUGH THE GUARDIAN'S SIEVE

(Continued from page two)

and grass plots add to the appearance and value of property, and any one damaging them should be prosecuted.

With a fine harbour like we have in Charlottetown why do we not have one or two regattas each summer? We have one or more boating clubs, but they do not seem to have the spirit of those in the same line of endeavour ten or twenty years ago. Then we had some fine tests of strength and skill with the blades. But not it is all motor boats and high-speed engines.

Talk about the tango "dip", but it isn't a circumstance to the "dip" in the sidewalks when a crossing is reached. The jolt one gets when he drops unexpectedly from the concrete walk to the gutter bottom isn't pleasant at all. Besides there's danger of stubbing one's toe when trying to climb up to the sidewalk at the other end of the crossing. It's a wonder the city has not had more lawsuits on its hands as a consequence of this wonderful bit of mechanism.

My friend, Mr. Louson, is offering prizes for the best essays, either prose or verse, written by pupils of the city schools. The idea is an excellent one and highly creditable to Mr. Louson; but it is sincerely to be hoped that the newspapers will not be publishing the essays for more than six months after the awards have been made.

I see the City Council is contemplating the passage of several by-laws. But what's the use of making by-laws and not enforcing them? There's a by-law against the keeping of pigs in the city, but everyone knows that it is more honored in the breach than in the observance.

The fear is expressed that the automatic sprinkler ordered by the City Council some time ago has been commandeered by the Germans. The attention of the Home Guards is respectfully called to the matter.

The first fishing party to come to the Island this season arrived in Charlottetown on Monday night and went east the following day. They were mostly from St. John, and were a very likable bunch.

Now that the fine weather seems to have arrived what about open air band concerts? Even if it is a mite too early for them it's none too soon to give them thought.

Travel to the Island is backward as yet, due to weather conditions here and elsewhere. But a change may be expected any day.

FATHERS AND MOTHERS

The National Crusade against Vice is caused primarily by lack of amusement in the home. Keep your boys and girls away from the environment of the dance hall and the city streets. Give them the proper amusement at home and they will not look for it on the outside (where they often find it under conditions that are not always ideal). Buy a Piano for them at this sale. It will only call for the investment of a few dollars. Terms will be arranged to suit your convenience. DO THIS NOW. IT MAY SAVE YOU ENDLESS HOURS OF GRIEF IN YEARS TO COME.
