Does Your Skin Chap Easily?

The elements will war against dainty complexions for the next few months. Guard your complexion carefully. No harm will come to your skin if you use

Jamieson's Carnation Cream

Apply it before and after exposure to fall and winter winds and you'll escape discomfort and damage to your complexion. It's a dainty preparation — one that is promptly absorbed without leaving a trace, except its faint delightful perfume. Heals sore, cracked, chapped hands over night. Money back if not perfectly satisfied.

Price 25c.

THE CHARLOTTETOWN GUARDIAN

THURSDAY, OCTOBER 5, 1911.

THE TRANSPORTATION QUESTION AGAIN.

We are very shortly to have a new Government inaugurated at Ottawa, to be followed before long by the opening of a new Parliament in which three of the representatives from this Province will be other than those who sat in the last Parliament.

Premier Borden, as he is very shortly to be, visited our Province on the eve of the election and publicly gave certain pledges as to what he will do to place our transportation on a better footing than it has been, both as to our established means of communication with the mainland and the readjustment of traffic rates, both of which are matters of vital importance to the people of Prince Edward Island.

By these pledges the hopes of our people, which had been depressed and disappointed by the neglects and dilatory methods of the late Government, were revived and new interest awakened. We feel assured that Mr. Borden has spoken to the people here a message not only of hope, but of good faith also, and means to do all that he has promised.

In his desire to improve our transportation, to remove our trade shackles, which have been a long-standing grievance, Mr. Borden will have the hearty and earnest support of the members for Queen's County, who have spoken with no uncertain sound upon this question, and we trust may also have the support of the Liberal representatives from Prince and King's Counties.

Time must be given the new Government to thoroughly consider and formulate its plans in that regard, and all are aware that a multitude of other matters of great and urgent importance will be pressing upon the attention of the new Ministry from the moment of its formation. It will be satisfactory if as early as practicable a well matured and comprehensive plan is adopted and then steadily and energetically carried out to give the much needed relief and place it on a permanent basis.

It is already too late in the season to do more this year than to make the winter service as effectual as may be with the means at command, so that traffic may be impeded as little as possible, and reasonable through rates given. During the session of Parliament it is hoped a definite plan may be settled upon looking to a permanent and satisfactory solution of our transportation difficulties.

THE VALUE OF SEA POWER.

The value of sea power has been many times in evidence in recent wars. In the Spanish-American war, American preponderance enabled Dewey to destroy the Spanish fleet at Manila, and Schley to destroy the ships of Spain at Santiago. In both cases Spain was prevented from sending troops to her colonies and the Philippines, Cuba and Porto Rico fell into the hands of the victors.

In the Boer war it was British supremacy on the sea which enabled the Mother Country to transport nearly 200,000 men to South Africa and end the war without having to meet armed interference by hostile European powers.

In the war between Russia and Japan the control of the sea, which was early secured by Japan, enabled the latter to send her troops over sea, and so capture and occupy Korea and Manchuria.

And now we see Turkey, with a formidable army, quite powerless to defend Tripoli because Italy, her enemy, has a strong preponderance of power on sea. These recent lessons have both interest and value to the British and Canadian people, just in proportion to the extent to which they are laid to heart and acted upon. The time on universal peace has not yet come, and till it arrives, Canada will be in more danger of attack by sea than by land.

AFFAIRS AT OTTAWA.

There is a little delay in the resignation of the Laurier Government at Ottawa beyond the date first announced, but this is pardonable. Should the resignation take place at any time during the present week it will be one of the promptest on record. And it is to be observed that with the great growth and development of the Dominion in the past fifteen years the affairs of Government have become more complex and multifarious than ever before, and hence the closing out of one Government, preparatory to the inauguration of another cannot be done in a day.

In any case the old Government, even if its resignation were tendered must continue to hold its place until a new Administration is formed. Mr. Borden will have scant enough time before the end of this week to select his colleagues and apportion the different portfolios. From these considerations it is apparent that there is no loss of time or unnecessary delay in transferring the seals of office from one party to the other.

The census figures are still delayed. The enumeration was completed several months ago, and in a matter of so much public interest the people should have been informed ere this at least in regard to the totals by Provinces. The decennial census costs a great deal of money, employing a very numerous staff of clerks and officials, and as the employment of many of these is temporary, they are usually in no great hurry to complete the work.

Very probably the stress of an exciting election campaign in which all the members of the Cabinet were engaged has prevented such energetic supervision and direction as would have brought the tabulation to completion. In any case the delay has served to give the impression that the total population when announced may prove to some extent disappointing: Had it been otherwise the totals by Provinces, which must have been known weeks ago to the members of the Government, would have been announced during the election campaign as another evidence of Canadian growth and prosperity.

It is most regrettable that in some districts of this Province respectable citizens cannot drive abroad without being subjected to insult and attack. A case in point happened but a few days ago between the Queen's Arms and North River Bridge, at the entrance to the road leading to Victoria Hotel farm. As a gentleman in his carriage was passing, four boys, the eldest about 12 years of age, called out some insolent words and later one of them threw a stone which struck the horse, causing him intense pain. When pursued they ran off and made their escape, otherwise they would have received prompt chastisement on the spot. Such hooliganism is disgraceful to any district in which it may occur, and discredits the entire Province. Boys who are permitted to indulge in such acts of rowdyism are in training for the penitentiary.

There is a shocking bad piece of road to which The Guardian has before called attention, but without effecting any improvement. The section of road referred to extends from the top of the hill east of Hugh McKenna's near the Melville Road to the Appin Road, a distance of about one mile. This piece of road is in a dangerous and almost impassable condition. It is simply a crooked path through the woods, never yet formed into a road though a good deal used as such. The wheel tracks are cut down into the soft soil and the road is full of dangerous mudholes. The overseer should attend to its repair and improvement without delay as otherwise serious accidents to passing vehicles are inevitable.

:: The most popular cough medicine Rexall Cherry Juice for coughs. It is easily the pleasantest and has been astonishing successful so much so that although fully guaranteed few reunds are made among hundreds of ales. A Quick Cure For Catarrh

Make Wonderful Cure for Catarrh, Colds, Bronchitis Throat Weakness

To cure an ailment in the throat or chest, to rout out Catarrh or Asthma, it is essential that the medicine be conveyed direct to the affected parts. This is why no other remedy has achieved such world-wide success as Catarrhozone, which alone can be breathed in one second to every air cell in the breathing organs. The healing vapors of Catarrhozone mix with the breath and descend through the throat, down the bronchial tubes, to the deepest air cells in the lungs—all parts are saturated with the rich piney essences that ease, heal and cure.

Catarrhozone has entirely displaced the old-fashioned remedies, such as cough syrups, sprays, tablets, and sedative powders. It contains none of the opium, chloral and drowsy narcotics, so commonly found in liquid cough and catarrh remedies.

The extraordinary curative power of Catarrhozone is well explained in a letter from A. B. Cowan, the well known restauranter of Carleton, who writes: "Some time ago I suffered severely from a frightful cold in the head and chest. It was nothing but one continual cough, hawk, headache from morning till night. My nose and throat were so completely stuffed up that I could scarcely breathe. Catarrhozone eased the cough instantly, that would not yield even to the doctor's medicines. Hour by hour Catarrhozone relieved and by pursuing its treatment I have been permanently cured of all trace of Asthma, Catarrh and Bronchial Irritation."

Once you try Catarrhozone you'll realize how indispensable it is—the large dollar size contains an indestructible hard rubber inhaler and sufficient medicine to last two months. Smaller trial sizes 25c. and 50c. Beware of the substitutor and imitators of Catarrhozone—use the genuine and you'll get cured. By mail from the Catarrhozone Company, Kingston, Ont. smaller sizes 25c and 50c. All reliable dealers or the Catarrhozone Co., Kingston, Ont.

Cascarets for a Sick, Sour Stomach

Gently but thoroughly cleanse and regulate your Stomach, Liver and Bowels while you sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means indigestion; a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they cure indigestion because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out by morning—a 10 cent box from any drugstore will keep your entire family goad for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

OBITUARY.

Emily B. Paugh, eldest daughter of Mrs. Annie and the late Wm. Paugh of East Bideford, P. E. I., departed this life in sure and certain hope of a glorious immortality, on Sept. 23rd, 1911, at the age of 26 years. She is survived by her mother, four sisters and three brothers. The sisters are Priscilla, Nina and Florence at home and Mrs. John Brooks of East Bideford. The brothers are James, Ray and Urban also at home. Miss Paugh was a nurse in the Rutland (Mass.) Sanitarium until failing health forced her to retire and return home the last of June, since which time she gradually grew weaker till the end came, death being due to tuberculosis. Notwithstanding her weakness and suffering she was bright and cheerful, being sustained by an unfailing faith in the goodness and mercy of God upon whom she reposed as a tired child upon the bosom of its mother. For her death had no terrors for it meant "to depart and be with Christ which is far better."

The funeral services at the house, church and grave were conducted by the Rev. L. J. Leard, Methodist minister. Interment was at the Methodist Cemetery, Bideford.

The respect in which she was held was shown by the large number of people who, notwithstanding the weather, attended the services. "Blessed are the dead which die in the Lord."—Com.
