

WHITE RIBBONS

of Motoring Comfort and Economy

Concrete Paving
Full Colborne, Ontario

CANADA CEMENT CONCRETE FOR PERMANENCE

To the motorist, there is a no more welcome sight than a stretch of concrete paving. Tires grip and hold its even tractive surface in all weathers. Uphill or down, on the level, on straight roads or curves, wheels track true. Its light grey color gives better visibility at night. All of which means comfort as well as safety.

In addition, tests have proved that concrete paving means measurably reduced fuel consumption and less wear and tear on tires and vehicle.

While, to the taxpayer and municipal authority, it offers permanence and freedom from costly upkeep.

Advocate concrete paving and wider highways.

POWNAI

Mr. and Mrs. Wibur Wood, Alexandra, announce the arrival of a bouncing baby girl weighing twelve pounds. Congratulations.

Mr. and Mrs. Guy Stewart, Bellevue, were visitors at the home of Mr. and Mrs. Layton Jones, Jonesville, on Sunday.

The W. C. T. U. has purchased the charts used in connection with the temperance lessons and are having same placed in the school.

Mr. J. B. Jones spent a few days with his daughter, Mrs. Guy Stewart.

The men of this locality are busy these days paying their road tax shovelling snow. Some of the banks which gathered by the hedges are six and seven feet deep and when the snow is shoveled up on the side to open up the track it is quite a striking scene this time of year.

The Trail Rangers who have been carrying on during the winter months under the capable leadership of their mentor, Rev. H. E. Campbell met for their first ball game on Monday evening at the home of Mr. J. R. Brown. After this open air activity which proved quite exciting the boys and their leader retired to the house where a very successful meeting was held with the Chief Willie Lawton leading the religious ceremonies. The treasurer Cache Finlay Drake and Secretary Sal Cedrik Ballem were regrettably absent. Thirteen members were present. At the close of the meeting Mrs. Brown served a very enjoyable lunch. She was assisted in serving by Mr. Robert Brown who poured tea and Mr. Jackie Herman and George Lawton who presided over the cake plates. The singing of For They are Jolly Good Fellows closed the meeting at this point. Mr. Brown suddenly went up in the air. But he came down again. Owing to poor travelling some of the lads came on horse back, there being seven animals in all. The return trip was more exciting as each horse carried two passengers, all

riding bareback with the exception of one gentleman who was fortunate to have an up-to-date saddle, cantered homeward to the tune of The Campbells are Coming." Altogether a jolly time was had.

Spring is with us and so is the Robin, that red-breasted harbinger of spring. A large number having been seen today by this scribe. Hundreds of wild geese are seen and heard in our waters, and there are many other signs.

The sympathy of this community goes out to Mr. Illet Richards of Mt. Mellick who has recently been bereft of his loving wife, Mary Wood Richards, also to Mr. and Mrs. S. Wood and family of Waterside, the late Mrs. Richards being their only daughter. All that could be done was done, but it was not my will but Thine. Today in that little cemetery adjoining the United Church at Cherry Valley Mary sleeps that peaceful, calm sleep from which none ever wake to weep, and her loved ones are comforted with that beautiful Easter message of the cross, Because He lives we shall live also.

Miss Florence Brown spent the Easter season with her parents, Mr. and Mrs. John Brown, Sea View Cottage.

Mr. J. K. Jones who spent the winter months in Boston with his son Harry has returned to Pownal Village.

Delegates from 35 Nations Convene in New York

By HARRY W. FRANTZ
United Press Staff Correspondent
NEW YORK, April 17.—Louis Braille, a young Frenchman, more than a century ago, learned that the blind can read more readily from raised dots than from the raised letters of the ordinary alphabet.

The name of Braille and the "Braille System", which he invented will be uppermost in the minds of representatives from 35 countries that convene here today in the first world conference on work for the blind.

The Nations

In this great enterprise, President Hoover's official invitation was accepted by Argentina, Australia, Austria, Belgium, Brazil, Bulgaria, Canada, Chile, China, Colombia, Czechoslovakia, Denmark, Egypt, France, Germany, Great Britain, Greece, Guatemala, Holland, Hungary, India, Italy, Japan, Mexico, New Zealand, Norway, Poland, Rumania, South Africa, Spain, Sweden, Switzerland, Uruguay and Yugo-Slavia.

The United States alone has about 150,000 persons who are totally blind. The world total cannot be estimated but the conference will attempt some approximate determination. The number certainly will reach into the millions.

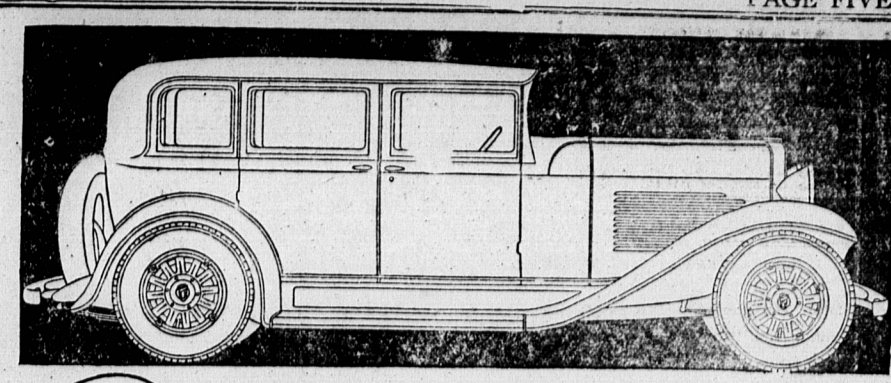

This world wide population of the blind constitutes a tremendous "reading public", consequently the uniformity and standardization of instrumentalities becomes of vital importance. The conference, therefore, is likely to discuss the practicability of a universal "Braille System".

Methods Studied

Methods of education for the blind will be studied and particular attention will be given to methods for the rehabilitation of the blind. The experience of various countries in the employment of the blind in factories, shops and schools will be reviewed.

Other sections of the conference will study new scientific developments of aid to the blind as reading machines and school and library equipment. The use of dogs as guides to the blind will be discussed.

After sessions in New York from April 13 to 17 the conference delegates will tour Eastern United States visiting institutions concerned with the welfare of the blind. On April 22nd they will go to Washington, where receptions by President Hoover has been planned.

Brilliant performance

AT IMPRESSIVE SAVINGS

THE new Willys cars, Willys Six, Willys Eight, Willys-Knight, represent the paramount value offerings in Willys-Overland's twenty-four years of building fine motor cars. Price savings range from \$170 to \$800 over last year's similar models.

It is no exaggeration to say that cars of such high quality, of such artistic design, modern engineering and brilliant performance have never before been offered to the public at such low prices. Just note a few of the outstanding features:

Safety Glass—in windshields and all windows at small extra cost in the Willys Six. In the Willys Eight De Luxe and the Willys-Knight it is standard equipment.

The New 58 1/4-inch tread—the widest of all low priced cars—gives much greater roominess and wider seats. The front seat adjusts to your length and its back takes the angle that fits you; richer upholstery; deeper radiator; Duo-Servo, cable and conduit control, internal expanding brakes; four hydraulic shock absorbers; longer springs; speed ranges from 70 to 80 miles an hour; counter-balanced crankshaft. See these remarkable cars and get a demonstration.

NEW LOW PRICES
\$650
AND UPWARDS

Willys Six—\$650 to \$1,070. Willys Eight—\$1,170 to \$1,530. Willys C-113—(1 1/2 ton Chassis)—\$600. Willys C-131—(1 1/2 ton Chassis) Single Wheels—\$530. Dual Wheels—\$670. Willys-Knight—\$1,625. All prices F.O.B. Factory, Toronto, Ont. Taxes Extra.

Willys Cars are Manufactured in Canada

SAFETY GLASS AVAILABLE IN ALL WINDOWS OF ALL BODY DESIGN

Lame Back And Swollen Feet Were Her Trouble

New Brunswick Lady Was Hardly Able To Do Her Work

Mrs. H. Calpitts Used Dodd's Kidney Pills with Beneficial Results.

Salisbury, N. B. April 18. (Special)—"I had a lame back and was hardly able to do my work," writes Mrs. Henry Calpitts, who lives at this place. "My feet and hands would also swell until they felt stiff. I took three boxes of Dodd's Kidney Pills and have not felt the least sign of it since. I have also given them to one of my children who suffered with involuntary urination and they proved very good."

The road to good health lies through the kidneys. If they are kept well and strong, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result.

Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleaning and purifying the blood.

Dodd's Kidney Pills demonstrate their worth in the most serious forms of kidney disease, such as Backache, Rheumatism, Bladder and Urinary Troubles.

CAMERA MIRROR WILL BE AID TO PHOTOGRAPHY

BERLIN, April 17 (U. P.)—A "camera-mirror" which reflects a person's image as that image will appear when photographed, has been invented by a very useful adjunct to photography, and is expected to be developed by Dr. Peter Schlumbohm, a Berghaus, especially to film production.

The mirror is based on the principle that the camera's eye takes in only a certain part of the light spectrum, giving a different tone in a photograph from the image as it appears in natural light. Dr. Schlumbohm has produced a special glass which reflects the same tones as a camera; the tones which do not appear in a photograph are absorbed by the glass.

POLYGAMY CAMPAIGN WAGED IN CAUCASIA

MOSCOW, April 15. (U. P.)—A determined campaign against polygamy is being waged in the Caucasus and Central Asia where the fashion of plural wives is still widespread.

The government of one of the Caucasus republics has asked the government of the Soviet Union to disfranchise and penalize polygamists.

The same measures are proposed against men selling or buying brides. This custom has been declared illegal in the Soviet Union but is still widely practised in remote regions.

BUFFALO, N. Y., April 17 (U. P.)

—Midge Gaine, the Buffalo cat whose master claims he is the oldest cat in the United States at 20 years of age, has a California rival.

Mrs. V. Newman, of Route 2, Highland, Calif., read a United Press story telling of Midge Gaine, and immediately wrote the United Press Buffalo bureau protesting.

"I have a cat named Winke," Mrs. Newman's letter said, "who is 23, and is still able to hunt most of his own food."

Are there any cats older?

Travers Stakes Most Striving Horse Race

The most stirring of all 1931's horse races—and that goes for the Kentucky Derby, too—is likely to be run in Saratoga, N. Y., on August 22.

The race in question is the Travers Stakes. All the leading juveniles of last year have been nominated for this richest three-year-old event of the mid-summer season. It will be worth something like \$40,000 to the winner this year, the highest total it ever has attained.

Heading the list of nominations for the Travers are Jamestown and Epitheit, winners of the richest juvenile events of the 1930 New York racing season, the Futurity and the Hopeful, respectively. These two stalwarts are almost certain to face such great juveniles of the past such as Equipse, Mate, Twenty Grand, Novelist and Ormesby. Equipse, by the way, is a heavy favorite to take the Kentucky Derby.

Besides these, other sterling colts such as Bar Hunter, Phantom Star, Great Gun, Sun Meadow, Follow Through, Pilot, Barometer, and Clock Tower.

The Travers, because it usually results in a big upset, has often been termed the "wrecker" stakes of the turf. It was in the 1930 running of the Stakes that Gallant Fox met his ore and only defeat of the year losing to the little known Jim Dandy. Jim Dandy, by the way, was a 100 to 1 shot. It was in the 1928 Travers that Pete Wrack, another outsider, trounced another Derby winner and champion Reigh Count.

In 1927 Nimbo, the heavy favorite, was beaten by Brown Bud.

The Alabama Stakes is another event on the Saratoga program which is certain to gain a full share of attention. This race is over the mile and a quarter route and is for fillies only. The purse is expected to be better than \$15,000.

Asparagus on Toast . . . 25c

PLANTERS SALTED PEANUTS

DeSable and Vicinity

DeSable's crack hooking team broke their record of hooking one rug a day when at the home of Mrs. E. C. Holm, they hooked two lovely bedroom rugs in one afternoon.

This team consists of some six lads who have the spirit of co-operation developed to the nth degree. Thinking it a crime to hook alone they all help each other achieving some beautiful results. On Saturday afternoon these remarkable lads gathered at the home of Mrs. Gordon Willett and worked a lovely rug for her. Having an intricate floral pattern this rug certainly reflects credit on the hookers.

Mr. H. P. Ince was a recent visitor to the city.

The many friends of Mr. Neil Shaw are very glad to see him out again after being confined to the house with a severe cold.

Mr. Garfield MacLean spent the week-end in New Argyle the guest of his sister Mrs. John M. Inman.

Mr. John MacKinnon and children Ralph and Mildred, spent the past week in DeSable the guest of her mother, Mrs. Dan Ferguson.

A number of the friends of Mrs. Mary Patrick gathered at the home of Mrs. Ernest Holm on the evening of April 19th to celebrate Mrs. Patrick's 88th birthday. Mrs. Patrick although totally deaf is quite active and takes a keen interest in current and local affairs. Always kind and considerate of others Mrs. Patrick is a prime favourite with young and old alike and boasts a very large circle of friends. She received congratulatory cards from many old friends who could not come to see her. The evening was pleasantly passed with social conversation and reminiscences of old times. A delicious lunch was served by the hostess. After which all departed after wishing Mrs. Patrick many more happy birth days.

We are all hoping that the road which have being almost impassible will soon be in better condition. The men are busy shovelling out the roads for wagons.

Messrs Melville Bell and Milton Ferguson were recent visitors to Long Creek.

Miss E. M. M. Beer, South Melville, spent a few days with her sister Mrs. Hector McKay recently.

Messrs Victor Shaw and Clifton Ince Charlottetown spent the week-end in DeSable the guest of Mrs. Walter Ince.—D.

COYOTE CAPTURED BAREHANDED

BONHAM, Tex., April 17 (U. P.)—Earl Curtis, farmer near here, captured a coyote barehanded recently when his dogs trapped the animal and Curtis was without ammunition. He took the coyote home and chained it in his yard.
