EXCURSION.—The Band of the Abegweit Light Infantry have volunteered their services for the excursion to New Glasgow on Monday, May 24. Good music can thus be assured. Steamer leaves Steam Navigation wharf at 7 a.m., returning leaves Pictou landing at 5 p.m. Return fare \$1.40, including war tax. 1023.

NEW POEM.—Rev. D. McLean, Charlottetown, has added to his already fairly large collection of poems another of considerable length, entitled "Prince Edward Island." The "seagirt isle" receives a generous mead of praise in excellent rhyme which will be read with interest by all who take pride in the little Garden of the Gulf. In addition to the poem which is very neatly printed and bound, some pages are devoted to items of historical and general interest which will be found useful.

THE WINTER BOATS.—The Stanley docked at Pictou yesterday at 10.35 a.m. and the Minto at Charlottetown at 10.30. The Stanley makes her last trip on this route to Charlottetown to-day. She will next go on the "buoy voyage" and will lay out on the big Island buoys as well as at Pictou and the Magdalen Islands. The Minto will make her last trip on Tuesday. She will then land her winter gear here, after which she will leave for Pictou and go on the slip there on May 31st.

KILLED IN ACTION.—Their many friends heartily sympathize with Mr. and Mrs. John Birt and family, Fanning Brook, in the loss of their gallant son, Cyrus, who was killed in action but a few days ago. The sad telegram, beginning with the memorable words, "I sincerely regret to inform you," etc., was received on Friday morning, May 21st, 1915. Cyrus was only a boy in his twentieth year, but when his country called him he bravely enlisted in the now world-famous Princess Pats and soon after their arrival on the battle field had his name placed on the honor roll. No doubt the friends at home are mourning, but mingled with their grief will be a deep sense of pride in having a son who was willing to make a grand investment of his life.—L.

THE MARKETS.—The markets yesterday were fairly well attended, but there was very little change in the price of any commodities. Butter is still scarce but there is no change in price. Cheese is higher than it has ever been in the history of the business and is quoted at 18-12 to 19 cts per lb. whole sale. Potatoes are very low and hard to dispose. A firm quotation cannot be given. Car lots in Montreal are quoted at 42-12 cents per bag. Hay is quoted at 75 cents per 100 lbs. and the demand is limited. Dealers report business in all lines fairly good, and some state that it is wonderful how well trade has stood up in view of the unsettled state of the country. The flour market is still firm and no great change is expected in prices. Tea is scarce and an advance is looked for in the near future.

FOR MILITARY SERVICE.—Nine medical men have been selected from Nova Scotia for overseas service in connection with the British Royal Army Medical corps, and will shortly be leaving for London, where, after being registered in the British medical register, they will receive their commissions from the British War Department. Among the list is the name of Harry Munn Godfrey, Marshfield. Mr. Godfrey has just graduated from Dalhousie.

CENTRAL CHRISTIAN.—The services at the Central Christian Church to-morrow will be conducted by Mr. Sidney Bonnell. His subject for the morning service will be "The Altar of God," and at the evening service he will speak upon the topic, "The Call of the Foreign Field." Mr. Bonnell is a very clever young man, and is an eloquent speaker. A very cordial invitation is extended to all the members and friends of the Church to attend both services to-morrow. There will be special music at the evening service.

MOUNT STEWART.—Arbor Day was well observed in Mt. Stewart School on Monday, May 10th. The pupils assembled as usual and entered into the work of cleaning the school and yard with a zest that was very gratifying to both teachers, Mr. Green and Miss Walsh. While the girls were engaged in renovating the interior of the school, the boys, led by the principal, and armed with hoes, axes and shovels marched to the woods and uprooted a number of young birches and maples. These were planted on the school grounds and with those of last year's planting make a very creditable showing. The pupils, both boys and girls, deserve credit for the amount of work gratuitously done for the sake of their school.—L.

Minard's Liniment Co., Limited, Gentlemen.—Last Winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of LaGrippe, and I have frequently proved it to be very effective in cases of inflammation. W. A. MURCHINSON.

THE PRINCE EDWARD

A programme introducing four of the popular favourites and leading cinema stars of America was shown at the Prince Edward Theatre yesterday afternoon and evening to large crowds. Grace Cunard and Francis Ford are well known in connection with "Lucille Love" and in "The Call of the Waves". Grace is unusually charming and vivacious, while she was strongly supported by Francis Ford, who played the part of the rich young lover in his own peculiarly interesting style. The story was a strong one and the character of the man was admirable throughout. He followed his fiancée from New York to Europe to convince her of his true and steadfast devotion to her. The play was a two-reel feature and was a most interesting and successful one. The stars of "The Master Key", Bob Leonard and Ella Hall, in "His Uncle's Will," a two-reel comedy-drama, that for acting and plot could not be excelled. It was splendid and provided a good deal of humour throughout. There was another two-reeler, "The Fatal Opal," which was probably the best item of a unique and exceptionally well-balanced programme. The story contained a mystery which was explained by the aid of a pin! No one should miss this clever photo-play. "Laughs" were the order throughout the entire production of "The Plumber and the Girl," a Joker comedy. Mr. Edward scored a great success when he sang "I'm Going Back to the Farm." He was encored twice in the evening.

Stick This On Your Spindle If coffee Don't Agree Use POSTUM A Nurse says: "I have been a trained nurse for some fifteen years, and like many nurses, drank strong coffee. About two years ago I had to call a halt. I missed my coffee until some one recommended Postum, which I have used ever since, recommending it to many of my patients." A Teacher says: "I have been a coffee drinker ever since I can remember. I have been teaching school for sixteen years, and became more and more nervous. I could not sleep. After reading some of your literature I decided to try Postum. I have been using it about thirty days; my nerves have improved; I have no headache; sleep peacefully, and am able to do my school work better." A Doctor says: "I often find it necessary to prohibit the use of coffee for my patients, and have advised the use of Postum with good results to the nervous system and digestive apparatus." When the time comes that you want to get rid of tea and coffee troubles, change to POSTUM —the pure food-drink. Made of wheat, roasted with a bit of wholesome molasses, Postum is entirely free from the drug, caffeine, in tea and coffee, or any other harmful substance.
