THE GEORGETOWN DISTRICT.—Sunday School Convention met in St. David's Presbyterian Church Georgetown, at 2.30 p. m. Thursday. The meeting was opened by Rev. Mr. Thorpe, who requested Rev. Mr. Ross to preside over the meeting. The minutes of the last meeting were read by the Secretary Treasurer, Mrs. G. A. Poole, Lower Montague and were approved. Reports of officers then followed. The Secretary Treasurer, Mrs. Poole, reported that there were thirteen Schools in the District, of these six were Presbyterian, three Methodist, two Baptist, one Union and one Christian. That the attendance of scholars was about the same as last year, despite the influenza epidemic. The financial standing was good a small balance being on hand. The report was adopted. Mrs. Poole receiving the thanks of the Convention for her able report. The reports of the Schools then took place. These showed that the Schools were all holding their own, many in fact having a much better standing than last year. The committees were then appointed by Mr. Ross who then gave an address on the different ranches of the Sabbath School work and dealt with the instruction of classes in a very lucid manner, advocating the organizing of "Trail Rangers" and "Tuxid Boy" classes. Rev. C. E. Armstrong of Montague spoke briefly along these lines. The session then adjourned. The evening session was marked by a larger attendance.—G.

The high class entertainments by the different companies were greatly enjoyed by the very large numbers that attended each session and the people of Summerside and vicinity will be looking forward to Chautauqua next year which is assured will again visit the town. Dr. Miller the Summerside superintendent and his assistants have won for themselves a warm spot in the hearts of the people and it is the hopes of all that Dr. Miller will again visit Summerside next year as superintendent of Chautauqua for Summerside.—L.

FOR P. C. HOSPITAL.—The sum of \$45.00 was made by the sale of home made candy on Wednesday evening at Chautauqua tent. This amount was donated by the ladies in charge to the Prince County Hospital.—L.

NORTH CAPE NOTES.—The hay crop at the west end of the Island's away ahead of other parts of the province this year, not that the soil here is any better, for grain in an average crop though apparently earlier.—The spring opened up here earlier. Fields of wheat are headed out, and Father Gauthier, Palmer Road, sowed a field of oats in April, the first sowing of oats on the Island and which has done remarkably well and is now in the "filling" stage.—The lobster fishing at Tignish was very poor. The fishermen attribute his failure at last year's failure to the closing of the hatcheries, no spawn being distributed in the contiguous waters for two years or more. It looks as if these hatcheries were a good thing after all, and that it was a mistake to close them. Along the North Shore from North Cape to Mimemegash the lobster fishing was fairly good—a medium catch for the ground, but fishermen made out for all by reason of the high prices paid the fishermen by the packers. As much as \$11.00 per cwt. was paid along here at the latter part of the season. Then again, a number of the more enterprising fishermen pack their own fish and thus have all that's in it. Mr. G. L. Gaudet, packed his own catch at Black Pond, and realized something like \$20 per cwt. for his lobsters. At Horse Head, Mr. Nelson and others packed his own catch. In fact quite a number of the fishermen are now doing so that there are quite a number of small factories from Mimemegash east to Horse Head, Black Pond, Skinner's Pond, Nail Pond, etc. Some fishermen cart the live lobsters home and pack them with the help of the family. In this way they realize all in it and that, this year, was about \$200 to \$225 per thousand pounds, so that it did not take many thousands to make a profitable fishing season. One man and his boy, with only 125 traps, caught and packed three thousand pounds, making fifteen cases, realizing \$600.—A good many mackerel have been caught by nets at "The Barn" during the early part of the month. The fishermen at Mimemegash as well provided with nets for mackerel catching. Mackerel do not take the hook now-a-days. They only can be caught by nets, and being amply provided with the means of catching these fish the fishermen from North Cape, West to West Cape have bright prospects for August is the best month for netting mackerel, provided north west wind doesn't prevail on this coast.
