# Peps

50c. Box Now 25c.

At this time of the year, special care must be taken to protect vital parts in the Throat and Chest against dangerous chills and the strain of changeable weather. The simplest and most effective precautionary measure is to take Peps.

As Peps tablets dissolve in the mouth they give off powerful volatile medicinal fumes. These have a purifying, invigorating and fortifying influence on the entire breathing system. They swiftly exterminate mischievous germs in the throat and air-passages, banish troublesome coughs, colds and chills, and strengthen and protect chest and lungs.

IMPORTANT.—The immediate 50% reduction in the price of Peps is only made possible by increased sales & lowered costs.

LOOKING FAR AHEAD NO CAUSE FOR WORRY

"I wish I knew how to move my big stock of axes," lamented the hardware merchant.

"Why don't you start a tree-planting campaign," suggested his wife.

Hardware Dealer: When are you going to pay for that electric washing machine I sold you?

Mrs. Bills: Pop for it? Why, you said that in a short time it would pay for itself!

For hard water washing—use Sunlight!

YOU will find that Sunlight quickly softens the water as no other product can do. The dirt in your clothes will be easily dissolved by the natural cleansing oils in Sunlight, and you will not be annoyed by the dirt floating on the surface and clinging to the clothes as you remove them from the wash. Sunlight Soap is equally successful in hard or soft water.

## Kidneys Must Have Plenty Of Water

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, sealding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.
