## NEW MINIATURE RIFLE COMPETITION ESTABLISHED

Appreciating the growing interest in small-bore rifle shooting throughout the country, Canadian Industries, Ltd., of Montreal, has decided to foster this popular sport by instituting a Dominion wide competition. Offering attractive prizes as an incentive to the young marksmen.

Open to members of the numerous cadet corps, these prizes may be shot for on the school ranges at any time during the year. The conditions for participation are that the competitors must be twelve years of age and under nineteen, cadet age, and that a rifle of .22-inch calibre and Canadian made ammunition is used.

There are no entrance fees required and all the targets necessary are supplied free of charge.

The range is twenty yards and as the use of the sling is allowed, a novice at the game is early encouraged by the simple conditions. To bring along the young shot in progressive stages the prizes are graded. A bronze pin is awarded on receipt at Montreal, of ten targets showing an average score of 73 or better. A silver pin goes to the holder of a bronze pin who attains an average of 90 points, and the expert who can average 95 is rewarded with a gold one.

These pins are won by shooting in the prone position, and as a further incentive to the shooter who has already won his bronze, silver and gold pins, a solid gold ring is offered for scoring, on ten targets, 93 in the prone position and 91 kneeling.

After routine business had been dealt with the date for the annual gathering was discussed. It was decided to hold the games on July 22. The place was not decided although several sites were mentioned.

**LACK OF PROPER DRAINAGE**—Large pools of water flooded both pavement and sidewalks yesterday, and through this water, pedestrians were compelled to wade. Only in a few places were the storm sewers freed of snow early in the day to permit the water from the melting snow to run off the streets. In many places the pools were dammed on the sidewalks by the high ridge of snow thrown up by the snowplough in clearing the pavement. Pedestrians walking after nightfall, were particularly unfortunate, as the snowbanks in many places shut off the light from the sidewalk.

**Y'S MEN'S CLUB**—The regular meeting of the Y's Men's Club was held at the Y. M. C. A. Thursday evening with Y's Man Roy Cudmore presiding. After the song led by Dr. C. O. Pilot Irving, who has been on the Moncton-Summerside-Charlottetown air mail route this season, has gone to St. John to begin the St. John-Halifax service. The many friends of Pilot Dean in the City will be glad to hear of his return to the old route.

## Pension Boards Swamped With Pension Appeals

**OTTAWA, Feb. 27.**—The newly created pension boards or tribunals are said to be swamped with applications and appeals for pensions. At the last regular session of parliament, the pensions act was so amended as to create more elasticity in favor of pension applicants. One of the chief changes in respect to certain applications was to place the onus of disproving the claims on the department. The machinery was also changed so as to provide for travelling boards before whom claimants could appear, together with a federal pensions appeal board. It is possible that some steps may be taken to deal with the deluge of applications and assist the boards in dealing with the large number of cases.

## Do Not Approve Of Entry Of New Party

(By Gillis Purcell, Canadian Press Staff Writer)  
**SASKATOON, Sask., Feb. 27.**—No stamp of approval was placed on secession by Saskatchewan's organized farmers, newest entrant into Canada's political field, yet the closing day of the annual convention of United Farmers of Canada Saskatchewan section evinced a decision to probe the matter of the western fiscal autonomy for future reference. Though the convention had approved all five articles of the much debated Charter of Liberty, signed by hundreds of north west Saskatchewan farmers, it refused to okay the threat of western secession, termed the "teeth" of the charter's demands. The demands are for extensive Agrarian aid by both Dominion and Provincial Governments.

## Ken Maynard In New Thrill Film

**OPENING CHAPTER OF NEW SERIAL A HIT**  
Ken Maynard flashed onto the screen of the Capitol Theatre in one of the strongest and most gripping of his famous action pictures. "Song of the Caballero," produced for Universal, is a stirring romance of early California, remarkable both for the beauty of its background and the thrilling quality of its action. Maynard portrays a Robin Hood of old California, who preys only on one great family of the region. His reason for this comes to light in a thrilling climax. A pleasing romance runs through the picture, Doris Hill enacting the part of a beautiful daughter of an old Spanish family. "Tenseness of the action is relieved by comedy of excellent quality. The charm of the production is considerably enhanced by its musical sequences, three songs having been written especially for the picture. Maynard is at his adventurous best his hair raising riding stunts and dare-devil sword fighting being high lights. Doris Hill makes a charming heroine both as to beauty and acting ability. All members of the supporting cast turn in capable performances. Francis Ford, Gino Corrado, Evelyn Sherman, Josef Swickward and Joyzelle give excellent characterizations. Frank Rice and William Irving handle their comedy roles with exceptional ability. "Tarzan," Maynard's famous trained horse, again has an important part, greatly to the interest of the children in the audience.

## Snappy Western And Comedy Bill At Prince Edward

Few pictures of recent production embrace more entertaining value than "Fair Warning" Fox movie tone melodrama, which began what promises to be an auspicious engagement at the Prince Edward Theatre yesterday. George O'Brien, who portrays the leading male role, has never been seen and heard to better advantage and he has a new leading woman in Louise Huntington, who is as charming as she is talented. O'Brien enacts the role of an untamed youth who fights his way to romance, and when it comes he is afraid of it. The story is unusual, in fact, unalike, but nevertheless absorbing, and as for thrills, suspense and excitement, "Fair Warning," has scarcely been equaled since the well remembered "In Old Arizona." A brilliant cast supports the principals and the work of Mitchell Harris and George Brent is outstanding. The picture was directed by Alfred L. Werker, who produced "Last of the Duanes." The story, in original form, was "The Untamed" of which Max Brand was the author. Ernest L. Pascal is credited with the adaptation and dialog. "Fair Warning" is picture that appeals to all ages and all classes and no one should miss it. Two comedies and a snappy cartoon, round out a fine week end bill.

## GALLIPOLI

Continued from page 1  
BYING. Very few casualties resulted from this withdrawal and eventually the troops on the toe of the peninsula were evacuated. This ended the Gallipoli expedition. In conclusion Col. Spurling summed up the situation and pointed out the main causes for the lack of success. The allies felt that the Western Front was the decisive theatre of operations and they were devoting all their attention to their efforts there, so that this Gallipoli expedition was treated as a side-show. Other difficulties such as climate, the unaccustomed nature of the show, distance from home base, etc., were also mentioned as contributing factors in the final result. Highly appreciative remarks were made by Comrades N. W. Lowther, J. R. Paton, and Comrade President J. J. Leightner. Following the address Mr. Elmer Farnell of Amherst rendered two solos in splendid style. The hearty applause of the Legionaires clearly showed that Mr. Farnell's singing was being much appreciated. Certain changes in the bye-laws were then brought before the meeting by Comrade Goodwin. These were adopted by the Branch. The President then gave some information regarding the work of the Soldier's Advocate and the Medical Officer about to be appointed and promised to have them speak at the next meeting. Three new members, Messrs. B. F. Conrad, Reg. W. Cox, and Chester A. Robertson were admitted to the Legion. Meeting closed with The King.

## Abegweits Win Exhibition Tilt From Sussex 6-4

(BY "TEC")  
Nursing a five goal lead going into the third period Abegweits defeated Sussex at the Forum last evening 6 to 4. "The Old Grey Mare ain't what she used to be", but for a few minutes in the last period, when Abegweits eased up for a breathing spell, the same old "Mare" just naturally switched her tail over her back and proceeded to kick over the traces for three smart goals which made the score read 6 to 4 and force the locals to play hockey to hold her in check. Only a few familiar faces of the once famous Dairytown team were on the visiting lineup last night. John LeClair, bordering on the two score and five mark, and at one time one of the best centres playing hockey in the Maritimes, was laying the passes down last night as of old. The weight of years, however, has slowed John up considerably, but the hockey brain that has brought him through triumphantly in many a hard fought game, seemed just as active, as he snaked his way over the ice. Percy Radcliffe, LeClair's junior by some years was also on the lineup. Percy has taken on about thirty odd pounds, but nevertheless played a great game on the defence last night. His lightning speed is gone, but like his old team-mate, he still retains that hockey sense that seems to be a gift with all good puckmen. Its great to see these boys again and give them the glad hand as many at the Forum did last night. Judging by the brand of hockey the remainder of the team displayed it won't be long before the "men of Hay" will be back knocking at the Maritime Championship door for admittance. Good 'ol Sussex—come again. Last night's game was one of the cleanest ever witnessed on Charlottetown ice, not a single penalty being handed out by Referee Fred Moore. Taken as a whole the set-to was productive of good hockey in every session with the Abegweits having a big edge throughout. In fact the red and black team was at its best last night. The front lines played baffling combination and the defence was equally as good.

## WEST KENT BEAT S. SIDE SCORE 3 TO 1

(Special to The Guardian)  
**SUMMERSIDE, Feb. 27.**—The Summerside High School sports were in every way a success, and the Crystal rink was well filled with parents and friends of the children, who thoroughly enjoyed the various contests and novelty sports taken part in by the pupils. The hockey between the West Kent boys and the local school team was an exhibition of real good hockey and was won by West Kent, 3-1. The lineup follows:—  
West Kent Goal: Brown  
Defence: Nicholson, Higgins, Beer  
Forwards: Stewart, Currie, Fitzgerald, Rattenbury, MacMillan, Barbour  
Referee—Rev. James Wilson.  
The relay between W. K. S. and S. H. S. was particularly interesting and was won by the Summerside boys. Charlottetown Summerside Clarke 1  
Fitzgerald 2 Prichard 2  
Higgins 3 Steele 3  
Rattenbury 4 Gay 4

## THE SCORES

**First Period**  
Opened fast with Abegweits taking the offensive, Saunders netting the opening score in four minutes. Three minutes later, Saunders repeated his performance on a pass from Squarebriggs. There was no further scoring in this period.  
**Second Period**  
After five minutes of play Hamer, Sussex right winger caged the disc on a lone canter. It was a pretty goal. Two minutes later Abegweits added another, when Williams stuck-handled the length of the ice, to give Saunders a perfect pass, the latter counting. With but two minutes to go the locals notched up two more, Squarebriggs going through unassisted, while Power banged the sixth in the mesh via the Nicholson-Williams route.  
**Third Period**  
Six minutes from the face-off Nicholson caged the Abbie sixth goal on a great combination play with Williams and Saunders. This ended the Abbie scoring. Thinking it was nearly time to get somewhere, John LeClair getting the jump on an Abegweits lull, beat Stull in eleven minutes. Five minutes later, Hunter got another on a pass from Oliver and a half minute from this goal Hunter repeated. Encouraged by these sudden scores, Sussex bored in but a stiff Abegweits defence held all further threats at bay. At the conclusion of the game, Captain Oliver of the Sussex team expressed himself in glowing terms with regard to the refereeing of Fred Moore. He stated that Moore's exhibition of handling the whistle was the most impartial that he had seen in any game in which he played this season. Capt. Oliver himself it may be said, is a referee of no mean repute, having handled the whistle in various mainland championship games. The above, coming from such an experienced hockeyist as Oliver is surely a high tribute to the ability of Moore as a fair and square arbiter. After the game last night, Abegweits banqueted the Sussex team at the Palace Cafe where many acquaintanceships were renewed and talks of bygone days enjoyed.
