

The Road to Health is Smooth and Clear If You Use Nujol

THE real Road to Health is an intestinal highway 30 feet long. When Constipation clogs this road, it's the same as when a landslide blocks a mountain pass. There is a difference, however. Constipation not only blocks the way, but breeds poisons which menace health.

PURITY - QUALITY - ECONOMY. With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of MAGIC BAKING POWDER we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration. Contains No Alum Made in Canada.
